

The Daily Nebraskan

Vol. IV, No. 99

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, MARCH 10, 1905.

Price 5 Cents

A DOUBLE HEADER

First and Second Girls' Basketball Teams to Do Battle.

Track Meet Being Arranged—Work is Well Under Way.

The lineup of the Peru Normal team which plays the second girls' team tonight will be as follows:

Ilma Kennedy (Captain), forward.
Madine Cawel, forward.
Vashti Cornell, center.
Ella Marshall, guard.
Hope Abbott, guard.
Galle Cochran and Bertha McCune, substitutes.

The Peru girls have been playing all season with six players on their team, and at their request it was agreed that six should constitute each team tonight. The game with the Normalites will be played tonight, the first half during the intermission of the Varsity-Haskell game, the second half last.

The track men are doing hard work these days. While only the long distance men can do the work outside yet the other men are doing faithful training in the gym. Many men are trying for the different events and the prospects are very bright for a championship team.

Manager Morrison and Dr. Clapp have not yet closed any dates for dual meets. Colorado will come to Lincoln for a meet the middle of May. The exact date has not yet been set but it is thought the time will be near the 11th. Colorado defeated Nebraska in the meet held at Boulder last year and it will be the earnest endeavor of the Nebraska team to reciprocate this year.

Dr. Clapp will have the sprinters out in a few days doing work on the track but nothing can be done at present.

The men are requested to meet this afternoon in the Armory for practice between 4 and 5 p. m. So each class of men may have the advantage of a coach, Dr. Clapp has divided the hour into three divisions.

Sprinters from 4 to 4:20 p. m.
Hurdlers, 4:20 to 4:40 p. m.
Pole vaulters and shot putters, 4:40 to 5:00 p. m.
All men are especially urged to be out.

Manager Allen has not filled the vacancies in the varsity baseball schedule yet. He has plenty of small colleges in Iowa and Illinois with which he could fill out but he is waiting to fill in probably with larger schools.

Two teams which will likely be included in the schedule for the eastern trip are: Normal College, Normal, Ill., and Illinois College, Jacksonville, Ill. These teams are both fast and in the past have been winning teams so there is no doubt but they are a good addition to the schedule.

Many other prominent schools are on the manager's list but he is not ready to give out any definite dates yet as settled. But the varsity can rest assured that a strong list of games will be the program of the eastern trip. The statement that Illinois Normal has been scheduled, which appeared in one of the local papers, Manager Allen says is without any truth.

"THE ENGINEER AND HIS WORK"

Popular Lecture by Professor W. F. M. Goss, of Purdue University.

MONDAY EVENING

CHAPEL. EVERYBODY INVITED.

Transact Business.

The University Debating association held the first meeting of the year yesterday at 11 o'clock. The purpose of the meeting was to amend the constitution and to elect a vice president of the association to succeed Frank Brookings who left school this semester to take up his abode on his Rosebud homestead. Joseph Swenson was elected to this office. A committee was appointed to draw up plans for a new constitution, the old constitution being repugnant in several sections to the recent ruling of the Board of Regents in regard to the respective powers of the Debating Board and Debating association. This committee will also consider the advisability of extending the membership of the association. The present constitution admits members only upon the payment of \$1.00 membership fee. This amount has limited the membership for the most part to those entering the preliminary debates. Fifteen or twenty members are considered too small a number to represent the debating interests of the university and a smaller fee of 25c was suggested in order to secure a larger membership list. Another meeting of the Association will be called when the committee is ready to report.

Entomologists Organize.

The students specializing in the Department of Entomology met Wednesday evening and formed an organization to be known as the Nebraska Entomological Society. The Society will be a permanent organization, the object of which will be to bring all those in the state specializing in entomological work into closer contact. The society has at present nine members in the Department of Entomology and it is expected that this number will be reinforced by others from over the state. E. K. Bowman was chosen chairman and Harry Smith was elected secretary-treasurer. Meetings will be held on Wednesday evening of each week and papers will be read by members of the society. The society is to be a permanent organization and officers will be elected at the beginning of each semester.

Seven Chinese government students have recently arrived from Shanghai to carry on their studies at the University of California. They are all graduates of the Nan Yang Government College of Shanghai, where they have undergone a full course of training under English and American teachers. They will study commerce, natural science and mining.

Senior Prom.

The Senior Prom, the last formal dance of the college year, will be held one week from tonight at the Lincoln. The committee in charge is leaving nothing undone to make the prom of '05 the equal of those in the past. The best of music has been secured in the shape of Walt's full orchestra, and other details will be of the same high standard. The Senior Prom, although given by the Seniors, is not limited to members of the class of '05, but is a dance given for the University public by the Seniors. It is the last social function given by the Senior class of each successive year. In the past this dance has been less generally attended than the real merit of the affair deserves.

Musical Treats.

Professor Kimball is arranging several big musical events for the near future. The first of these is a concert by the famous Spanish pianist DaMatta, and his appearance will be March 17.

The next is to be what is known as a spring musical festival lasting from April 10 to 15. One evening will be given over to Innes and his band, one to parts of Parsifal another to the production of Carmen in concert form, and the last one will be devoted to War and Peace, a spectacular musical concert.

On May 1 the celebrated violin virtuoso Ysaye will give a concert at the Oliver.

H. R. 9 Disfigured.

House Roll No. 9, the bill for an appropriation of one hundred thousand dollars for general University purposes, has been amended by the house to transfer eighty thousand dollars to the University fund. According to the amendment the cost of buildings and improvements which the bill called for will now have to be paid for out of the University fund, which means a reduction on the whole of eighty thousand dollars in the University bills. The eighty thousand dollars as originally incorporated in House Roll No. 9 was to have been expended as follows:
Sub-station at North Platte, \$20,000.
Farmers' Institute, \$12,000.
Land, \$18,000.
Library books, \$7,500.
Library equipment, \$7,500.
Physics apparatus, \$7,500.
Poultry husbandry, \$7,500.

The Senior class at the University of Minnesota will be obliged to raise a \$950 debt incurred by the Gopher management last year.

Manifolding and typewriting. See Ed. Affolter, check room, basement University hall. University rates.

CLASS MEETINGS

The Seniors and Freshmen Grind Through Much Business.

Ivy Day, Class Orator, Classbook Form Senior Discussion.

The Seniors met yesterday morning and considerable important business was disposed of. Mr. Brown spoke urging a greater subscription for copies of the Senior Annual soon to appear. The remainder of the meeting was devoted to class orator, Ivy day, etc., discussion. President White appointed a number of committees to look after the various events to occur in the near future. The names of other committees will be announced soon.

Considerable business was transacted at the Freshman classmeeting held in the chapel yesterday morning at 11:00 a. m.

A committee appointed to suggest a date and the place at which the class party should be held reported either April 28th or May 5th and recommended Walsh hall.

A committee is to be appointed with the power to choose between the two dates and to arrange for the party.

The finance committee reported favorably on their investigation of the expense report for the first meeting, but all the bills have not been audited by them as yet so the report was carried over.

The Freshman class also decided to give a play sometime after Easter and the committee is to have full power to act since the time is so short in which to make arrangements.

A great deal of enthusiasm was aroused by the mention of the Freshman disturbance and after a few spirited talks, practically the entire class rose to their feet, thereby showing their willingness to help pay the expenses incurred by breaking a "window and a door."

Music This Morning.

The following musical program will be given at convocation this morning:
If Laws Severe, "The Jewess" (Halvy).

Blow, Blow Then Winter Wind (Sargent)—Mr. Clement Morine.
Vorspiel to Lohengren (Wagner).
