A meeting of the Y. M. C. A. will be held at 7:30 p. m. on March 15 for the election of officers for the coming year.

Several students who entered the Preliminary last month have neglected to pay their membership fee which should have been paid before the preliminaries. Secretary Waldron announces that the delinquent debaters should settle with him without delay.

Y. W. C. A. Notes.

Be sure and remember the Dramatic Club plays next Saturday evening in Memorial hall. Don't make any other dates. If you never want to hear another word about the Y. W.'s "old temple fund pledge" just turn out and make this a success and you will not be troubled again. If you don't care anything about the temple fund the plays themselves are well worth seeing. Miss Howell has full charge of production of "Mr. Bob" and is helping with "Miss Civilization," which ensures their being given in the best possible manner.

The Y. W. C. A. is very grateful to Rev. S. Z. Batten and other members of his organization for a gift of fifteen dollars for the purchase of new singing books. In prayer meeting Wednesday evening Mr. E. E. Bennet spoke of the work of the Y. W. C. A. and complimented it and then proceeded to prove his appreciation by starting the donation, to which all present contributed liberally. The Y. W. C. A. girls will think gratefully of their Baptist friends every time they use their new books.

Be loyal to the association on Sundays as well as during the week. We have outgrown U 106 and will meet hereafter in the chapel from three to four each Sunday afternoon, rain or shine. Next Sunday come and hear Mrs. Bullock, the wife of the pastor of the Vine Street Congregational church on "The Significance of Jesus." Mr. Cornell, who was forced to cancel his part of the program last Sunday, will be on hand with his trombone and thus add to the good services at that time. Be sure and come out.

Erle B. Woodward, M. D., diseases of eye, ear and throat. 207-8 Richards block. Phone 666.

Oyster stew 25 cents at Cameron's new Restaurant, 119 South 12th.

Union Shining Parlors. Shine, 5c. Chairs for ladies. 1018 O street.

Twenty-one meals for \$3. Dormitory Cafe.

Campus Gleanings

R. B. Kellogg has discontinued his work in the University to accept the position of principal of the Tobias High School. He will, however, secure his degree in June.

Professor Heald, who was called to Iowa a few days ago by the death of Mrs. Heald's mother, has telegraphed Professor Bessey that he will be unable to return until Saturday. In the mean time his classes are being looked after by Professor Bessey and Dr. Clements.

Two packages of plants from the Caucasus Mountains were received by the University Herbarium Wednesday. They contain about two hundred specimens and are proving to be very interesting to the botanists of the University. They were sent in exchange for a set of Dr. Clements Rocky Mountain plants.

An appropriation of three thousand dollars to be used by Professor Bruner in field work in the investigation of injurious insects has been recommended by the standing committee in the legislature. The Department of Entomology had asked for an appropriation of five thousand dollars to be used in this work and the committee recommended the above amount.

In the original plan for the history of the state of Nebraska, the territorial history was to have occupied one of the two volumes but since the work began so much has been found on the history of the territory that it is to be treated in two volumes itself.

The first volume will soon be ready for publication and will consist of the political history of Nebraska as a territory.

Supt. B. E. Dill, of Johnson county, has been doing considerable work, in the Department of Geology, under the direction of Dr. Condra. Mr. Dill has organized his teachers into a class for the study of the Geology of that county, and will investigate the structure, topography and water resources. The results of the investigations of well water of that county are the most complete yet sent in to the State Geological Survey. About two hundred and fifty well records were received in the department this week. These reports include data on the kinds, amount, accessibility and use of water in Johnson county. This information will be incorporated in a report of that part of the state to be issued some time in the future.

A circular announcement from the committee on congresses at the Lewis & Clark exposition has been received at the Registrar's office. A number of national associations are planning to take advantage of this opportunity of combining annual business with pleasure, among which are the American Library Association, the American Medical Society, the Conference on Civics, Conference on Relations of Employer and Employee, the Conference on Indian Affairs, etc.
