

New Spring Overcoats and Rain Coats

The Correct Top Coats

These garments will be cut two inches longer than last spring, made single breasted with wide lapels and slit in the back. Cheviots, whipcord and coverts will be the woolens most in favor. The first named coming in black and Oxford, as well as in tan. We also carry a large variety of conservative spring overcoats; cut 40 inches long, serge or silk lined in Oxford or black. The prices on our spring overcoats are as follows:

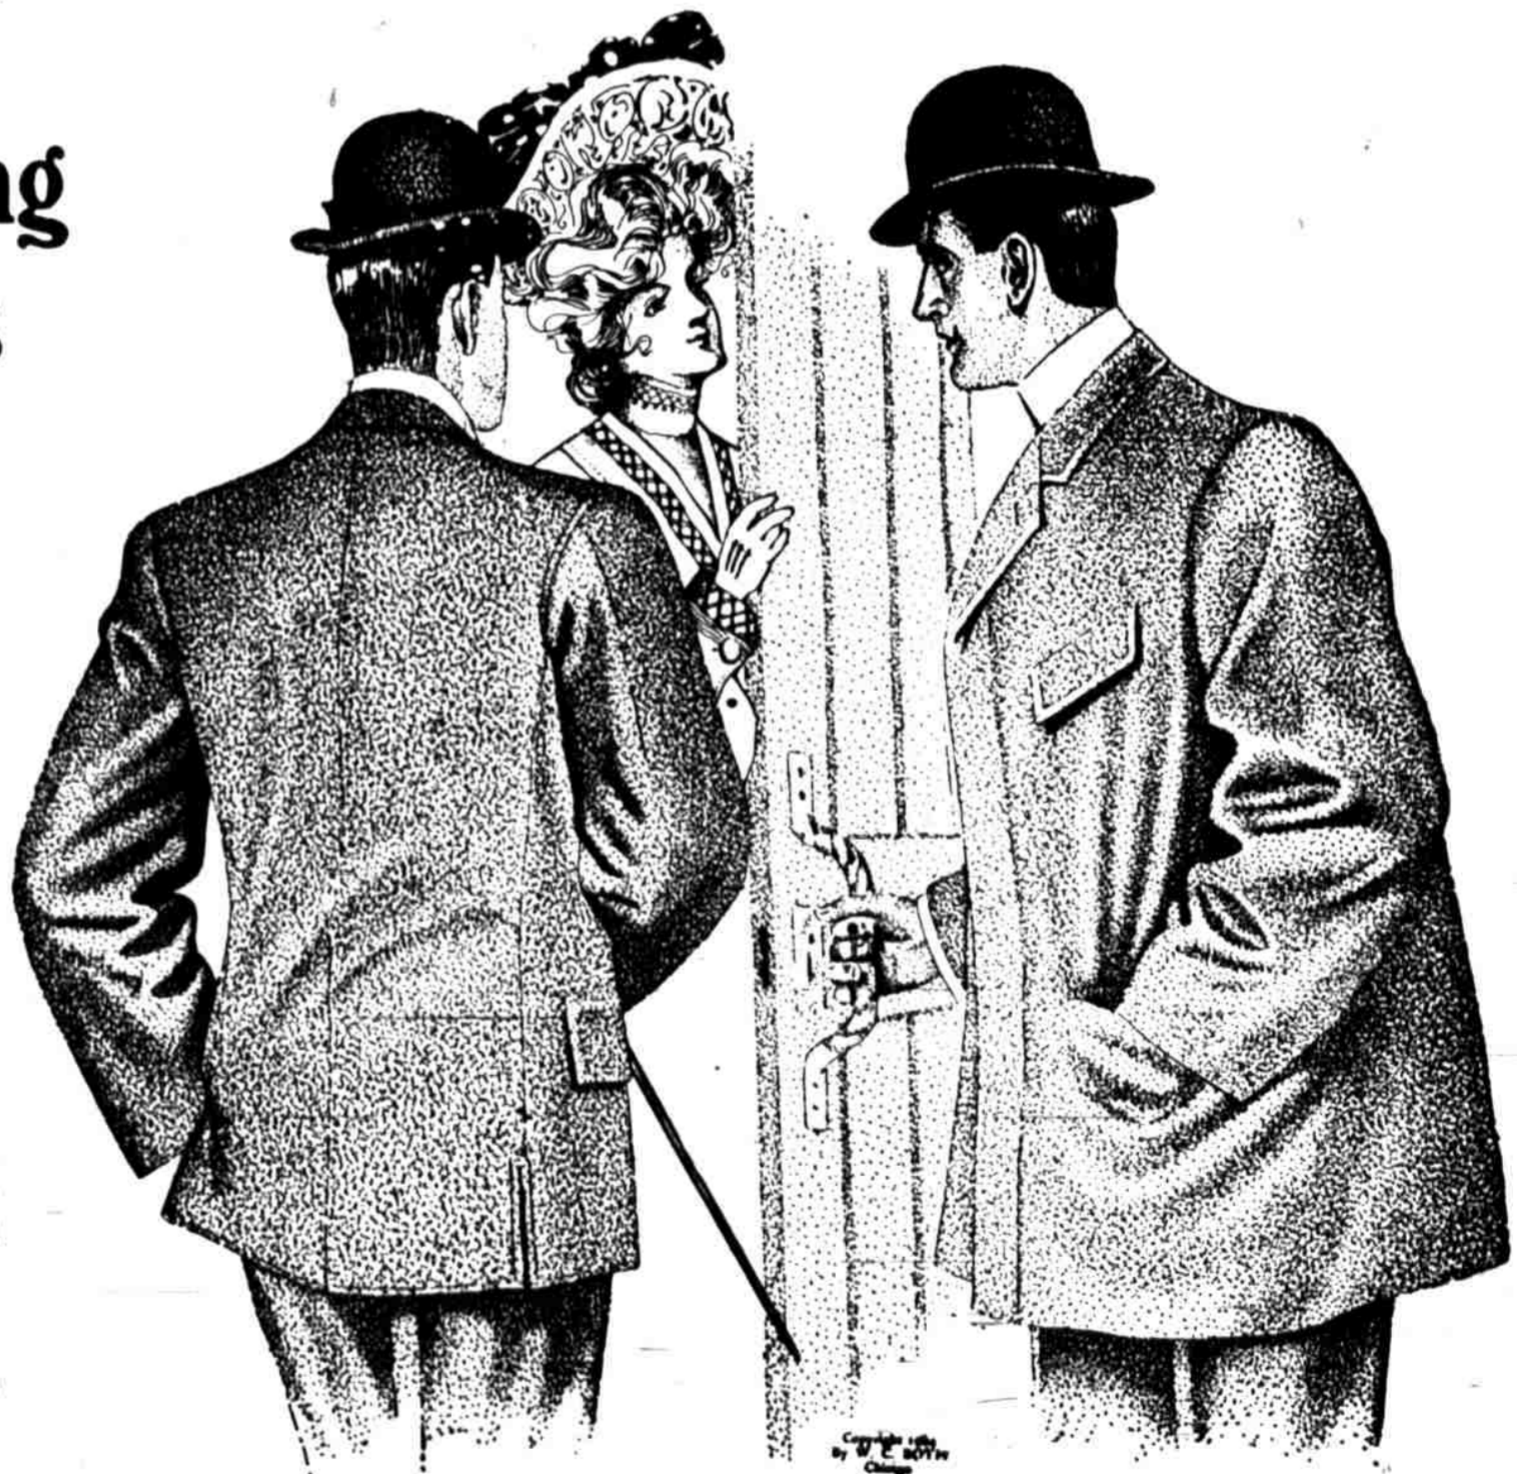

\$10, \$12.50, \$15, \$18, \$20 and \$25.

New Spring Rain Coats

A rain coat is not a "mackintosh" as most men understand the term, it is a light weight, long, swell-looking tourist garment made strictly waterproof by the cravetting process of treating cloths, which popular over-garments come in worsted and cheviots, with plain or belted backs or in the dressy paletot styles so becoming to men of stalwart frame. Some are plain, some are striped and some appear in handsome overplaids.

If your rain coat comes from here you will have the right appearing garment and you will pay the right price. Prices,

\$10, \$12.50, \$15.50, \$18 and up to \$35.
