## GIRLS ARE SHOWN

Defeat Missouri in a Close Game on Friday Evening.

Best of Treatment is Given Nebraska's Representatives in Columbia.

The girls' basketball team returned early Sunday morning from the trip to Columbia, Missouri, having been away since Wednesday night. During the last eight or nine years the team has made a good many trips and been entertained at many places, but it maintains that the stay at Columbia was the pleasantest of all and the most enjoyable. If there are any where more hospitable people than at Columbia, the girls say that they would like to see them.

The team reached Columbia Thursday at a quarter of four, and the members were taken to their various places of entertainment. From five to six, they were given a reception at Read Hall, by Miss Lewis, the Women's Adviser, and by the girls of the Hall. Mrs. Clapp and Miss Pound were entertained at dinner after the reception by Miss Lewis. Thursday night a reception was given in honor of the visitors, to the faculty and students, in the main building. This was followed by a dance. Many hundreds of people were in attendance. Friday morning the institution was inspected, convocation attended, and the parlor or rest room visited, where chocolate was served to the team. At noon Mrs. A. Ross Hill gave a luncheon to the teams. Here, as at the dance the night before, decorations were in the Nebraska colors. The time from three till four the Nebraska players spent in the gymnasium, getting used to the goals, and trying to accustom themselves to the strange floor. From four till six Mrs. Hill gave a reception, in honor of Mrs. Clapp and Miss Pound, to the university faculty and the wives. After the game, a dance was given for the Nebraska team by Phi Delta Theta, at its new chapter house. Saturday morning the visitors were taken driving about Columbia and the vicinity, and they were entertained variously at luncheon. The team left for home in the afternoon.

The game itself was close and well contested. Nebraska found skillful and well trained opponents, and the game was consistent, quick, and free from fouls. In the three-court game height courts, and the inches of the Nebraska captain and the Nebraska guards stood them in good stead. The following was the lineup:

- |  |                   |
|--|-------------------|
| Nebraska.  | Missouri          |
| FORWARDS.  |                   |
| Minnie Jansa (Capt.)   | Isabel Johnson    |
| Marguerite Pillsbury   | Dottie Hewitt     |
| CENTER.  |                   |

game there was a ten minute game between the Longs and the Shorts.

Music by the University Orchestra. The girls' gymnasium at Missouri is in charge of Miss Mary Ida Mann, who seems unusually capable and efficient as a physical director, as well as charming personally, and whom Missouri is fortunate to have secured.

The Missouri players will be brought to Lincoln for a return game sometime next year. They have not played in Lincoln since 1901.

### William L. Anderson.

William L. Anderson died Saturday morning at the sanitarium. He was ill only a week with appendicitis and his sudden death was a shock to his many friends. Mr. Anderson was a member of the Freshman Law Class. His home was in Lincoln. He prepared for college at the Lincoln High School, graduating with the class of 1903 and entering the University in 1904. He was a very promising student having graduated from the high school before he was seventeen years of age.

He leaves a host of friends and classmates to mourn his untimely death.

Funeral services were held at the home of his parents Sunday afternoon. Many of his friends were present, and about thirty Freshman Law students attended in a body. At a meeting of the Freshman Law Class Saturday afternoon a committee was appointed who drew up the following resolution:

"Whereas, The Creator in His infinite wisdom has removed our friend and classmate William L. Anderson, therefore be it

"Resolved, That we, the members of the Law Class of 1907, deplore the loss of his association and friendship, and extend to the bereaved parents, brothers and sisters our sincere sympathy.

"G. E. COWAN,  
"B. C. ENYART,  
"R. C. OZMAN,  
"Committee."

### Miss Corwin at Convocation.

Miss Gold Corwin, state secretary of the Y. W. C. A., spoke at convocation Monday. College life, she said, is a great struggle for the real student. Some people can go through college merely existing, but students who want to make men and women of themselves cannot go through college existing; they must live.

College life is merely a preface, an introduction to our world life. The characters we form in college will be our permanent characters. We cannot change them afterwards.

The ideal of a university should not be how many graduates it can turn out; how many lawyers, doctors, teachers or engineers it can make, but how many men and women it can produce. Manhood and womanhood should be the first consideration. All others should be means to this end.

### Annual Inter-Lit Party.

A goodly representation from the Union Palladian and Delian Literary Societies attended the annual inter-literary society party given in Art Hall Friday evening. This most important social function with the literary societies proved no less successful than the previous annual parties. The hall was prettily decorated with ferns. On the walls were artistically hung the pictures of the Chancellor, draped in scarlet and cream, and the pictures of the three society presidents, each decorated with the colors of their society.

The program opened with a grand march led by Mr. Campbell and Miss Baker. Following three minute conversations on up-to-date topics amused the couples. A guessing contest, "Who's Who," embracing riddles on the names of pronounced members of the faculty was the source of much amusement. The following individual selections concluded the program:

- Vocal solo—Miss Louchs.
- Reading—Miss Grace Sargent.
- Quartet—Messrs. Hutton, Anderson, Warren, Turner.
- Light refreshments consisting of lees were served by "Tommy." The following are responsible for the success of the party:
- Master of Ceremonies—J. E. Bednar.
- Union Committee—Miss Daughters, Mr. Thomas, Mr. Bednar.
- Palladian Committee—Mr. Strickland, Mr. Hadlock, Miss Moore.
- Delian Committee—Miss Eckles, Mr. Bates, Mr. Davis.

### Addition to Electrical Department.

A second letter has been received at the University from Mr. Blon J. Arnold saying that the Electric Motor which he is giving the University was shipped on the 17th. He writes as follows:

"I trust that the boys will be able to get some instruction out of the machine as it is an interesting device to experiment with. I have presented a duplicate of the motor which you are to receive, to the University of Michigan at Ann Arbor as Michigan was my native state and the state in which I grew up and the University of Nebraska the school which I first attended. I have thought by dividing the machine thus it would best serve to remember my friends. You will understand that each machine is complete in itself as there were two motors for the electro-pneumatic locomotive, and each institution gets one. This locomotive practically half of which you receive, represents an expense to me of about \$40,000, but it has been the means of causing a step forward in Electric Railway work, and I am therefore satisfied. The wheels, axle and journal boxes upon which the machine is mounted are loaned to the University by me as I may some day desire to use them, but all other parts I take pleasure in presenting to the institution."

Summer hunting with a good salary attached. Read "Hunting Eagles" page three.

## PLAY NATIONALS

Big Game of Baseball on Friday Afternoon.

Varsity Defeats Lincoln in a Close Game Yesterday Afternoon.

Manager Allen has arranged a game with the Chicago National League team to be played on the University campus on next Friday afternoon, March 31. This is the first time the Varsity has ever attempted to mix with such fast company, but the supporters are confident that they will make a good showing.

The Chicago team has been in the south doing their spring practice and played several games there with southern league teams. They are now at Springfield, Ill., where they played a game. The manager when he heard that they were coming west immediately arranged a date.

The baseball enthusiasts of the University and Lincoln will have an excellent opportunity to see one of the fastest teams in the country play on Friday and every one should avail themselves of this excellent chance.

The price of admission has been set at 50 cents, no extra charges for reserved seats.

In the first game of the season yesterday the Varsity defeated the Lincoln team by a score of 8 to 6. The game was loosely played and many errors made by both teams. Of course the strong wind had something to do with the number of errors, but still there were too many. Captain Bender made a great many changes in the lineup from time to time, five men being on the slab for the Varsity. Dort was first man up to twirl for Nebraska and he was very effective, as he only allowed nine men to face him in the three innings he pitched. He struck out two of these nine and showed excellent control at all times. Morse pitched his usual game and fielded his position well. Nilsson, Blake and Bowman were the other slab artists but they showed a lack of control.

The way some of the new men showed up yesterday was a source of gratification to their friends. Reddick, Rine and Smith all played in good form. Cook showed up well in the field as did Fenlon, but he missed two that he should have smothered. The city men played a good game and made the fellows work for every score. Mickel, for the city, played a good game, covering first, and also proved to be a hard hitter.

The eighth and ninth innings were the fateful innings for the Varsity as the Lincolnites ran in four runs, two in each inning. The first and eighth inning proved to be the score making innings of the Varsity. Three tallies were made each inning. The Varsity did not seem to be able to rise to the occasion at opportune times and as a
