**Editorial Remarks**

The Seniors drew first blood yester-  
day but couldn't stop the draw.

While the Varsity suffered defeat at  
the hands of the Chicago leaguers yester-  
terday there is no fault to find with  
the men. This is their first game of  
the season, and considering the odds  
by which they were handicapped, the  
result of the game leaves only credit  
to Nebraska. Contrary to the belief  
which has somehow gained credence

the same method of promoting that  
harmony which should prevail between  
the two upper classes instead of that  
deplorable feeling of rivalry which led  
to such a regrettable incident as oc-  
curred yesterday morning in connec-  
tion with the fence in course of erect-  
ion.

**FREE COOKING LESSONS.**

**Interesting Cake-baking Demon-  
stration at Gas Office.**

The only opportunity the citizens of  
Lincoln will have to see George F.  
Blanchard's "New Method Baking"  
demonstrated will be tonight at 8 p.  
m. in Demonstration Hall above the  
Lincoln Gas Company's office. The  
recipes of Mr. Blanchard have never  
been given away before and everyone  
should avail himself of the opportunity  
to see the "New Method Baking" re-  
cipes demonstrated. The lectures are  
all free, and students in Domestic Sci-  
ence especially, should not miss a  
treat such as is offered tonight by the  
Gas Company. Tonight is the last  
night of the demonstration. Mr. Blan-  
chard's method is an entirely new one,  
and no one should miss this opportu-  
nity of learning about it.

The legislature has passed a bill ap-  
propriating three thousand dollars per  
year for two years to be used by the  
State Entomologist for entomological  
work in Nebraska. The committee in  
the legislature at first recommended  
the bill for indefinite postponement and  
later entered a motion for reconsider-  
ation after becoming better acquainted  
with the purpose for which the money  
was wanted and the work that was to  
be done with it. The money will be  
expended under the direction of the  
State Entomologist, Professor Bruner,  
for field work investigation of about  
ten insects that have been damaging  
Nebraska crops. Professor Bruner will  
secure the services of experts in Ento-  
mology and conduct a thorough investi-  
gation of the extent of the damage  
done by these insects and of the best  
means of fighting them. The investi-  
gators will be sent out in small groups

on the campus we have a good aggre-  
gation on the diamond this year, one  
which will measure fully up to the  
standard of former Nebraska nines,  
and one which should receive the sup-  
port accorded former Nebraska nines.

The forthcoming Senior Annual  
marks the inauguration of a new play  
as regards the rival class publication  
which, it is to be hoped, will perma-  
nently supersede the old-time rivalry.  
Instead of heaping abuse and ridicule  
upon the Sombrero, the editors of the  
book have looked for some method of  
showing their friendship and good will  
towards the other annual, and have  
accordingly decided that they will go  
so far as to even advertise the suc-  
ceeding publication in their own, and  
they trust that future boards will adopt

and stay in each place long enough  
to complete their work. Several of  
the men will come from those who  
are specializing in the Department of  
Entomology this year.

**ANNUAL FOREST CLUB FEED.**

The Forest Club will hold its annual  
baked apple feed at 8:00 o'clock this  
evening at the Phi Kappa Psi, 226 N.  
Twenty-sixth street.

Prof. Caldwell's American History  
IV classes enjoyed a treat yesterday  
in his illustrated lecture. The views  
were principally on the work and in-  
fluence of Andrew Jackson and the  
characteristic cartoons brought out the  
history in a way which any amount of  
reading or lectures fail to do.

None of the many candidates from  
New York state succeeded in passing  
the qualifying examinations for the  
1905 Rhodes Scholarship.

**White Shirt Waist Suits  
White Gowns**

Every woman and every girl wants them. The only question  
is one of material.

Many think that if laundering is a difficulty the white or cream  
Danish cloth is best. This is part wool, washes excellently, but  
keeps clean and unmussed much longer than a cotton. A stylish,  
pretty material at 15c a yard. Poplar cloth, which is similar to  
Danish cloth, 25c a yrd.

The "Indian Head" muslin is a plain cotton that many choose  
because it has just the right body and launders well. It looks like a  
plain linen. 15c a yard.

The white linens, of course, are prime and can't be beaten for  
style. They are in heavy or light weights.

Sheer linens, 1 yard wide, at 35c, 40c, 50c, 60c, 75c, \$1.00, \$1.25,  
to \$2.50 a yard.

Round thread Scotch linen, 1 yard wide, 35c, 40c, 50c, 60c, 75c to  
\$1.00 a yard.

Linen sheeting is much used for suits, 2 yards wide, \$1.00, \$1.10,  
\$1.20 a yard; 2½ yards wide, \$1.20, \$1.40, \$1.60 a yard.

Large lines of mercerized materials of rich finish, odd checks,  
bars, stripes, figures, etc., are among the choicest materials for shirt  
waist suits. 25c, 30c, 35c, 40c, 50c a yard.
