Men's Meeting Sunday, 3:00 p. m., Art Hall. Musical program.

The Lincoln Academy baseball team plays the Cotner University nine today at 3 p. m.

The Medical Society of the University of Nebraska meets today in M 301. Dr. Orr will speak on "Why I Am a Physician." Every one is invited to attend the meetings of the Club.

The Freshman class meeting held in Memorial Hall yesterday morning was as quiet as a September morn. Although threats had been made that the meeting would be broken up, only one Soph appeared and he only came to the bottom of the steps. The class party committee reported that it was impossible to obtain Fraternity Hall and that the party would be given in Walsh Hall at \$1.25 per. The date was set for May 5, and a good time is assured by the committee.

Miss Paddock Sunday.

The meeting at 9 o'clock, Sunday morning in Memorial Hall offers an unusual opportunity to University students to become acquainted with conditions in other institutions and other countries. Miss Paddock who addresses this meeting is a traveling secretary of the Student Volunteer Movement and is especially qualified to give a true idea of the conditions and needs of other places.

No Christian student can afford to be ignorant of his possibilities as a representative of Christ in countries where Christianity is just being introduced. The needs in such a field are so great that often a Christian life will count for more there than it could possibly count for here. The meeting Sunday morning will be a real help to any one interested in making his life count for the most possible. Acquaintance with the possibilities of different fields is what a Christian man needs and that is what Miss Paddock will try to give.

Protected by Block Signals

The first railway in America to adopt the absolute Block System in the operation of all trains was the

Chicago, Milwaukee & St. Paul Railway

It to-day has more miles of road operated under block signal rule than any other railway company. The St. Paul Road was the first railway to light its trains by electricity, and it now has more than 400 electric-lighted passenger cars in daily service. Three trains from Union Station, Omaha, to Union Station, Chicago, every day.
