In Other Colleges

The program of the Students' Debating Club was of unusual interest last Saturday night. After the parliamentary scrap Secretary Waldron of the Debating Association of the University spoke briefly of the coming interstate debates with Iowa and Washington Universities which will be held on the 14th and 18th of April respectively. Both debates will be held in Memorial Hall. The price of admission if fifty cents for both debates. Thirty-five cents for single debate. It's an astonishing fact that although intellectual combats and victories have upheld the work and fair name of our University as much as has football, yet the latter is self-supporting while the former is not.

R. C. James, Law '04, at present county attorney of Richardson county, was called upon and made a short talk in which he expressed his great appreciation of the benefit that practical debating was to him in the business world.

The orders of the day were then proceeded to and the debate on the Pass Question was heard.

After the debate, the champion of anti-pass bill, Geo. W. Berge was introduced and in an extended speech pointed out the abuses and corrupting influences of the Free Pass. He spoke of the Free Pass organizations all over the country and of the attack upon them by such other men as Cummings, Larrabee, LaFollette and Folk.

A vote of thanks and an invitation to come again was given Mr. Berge. At the next meeting of the Club will

be held the regular debate between Students' Club and the Alpha Omega Society of Doane.

Y. W. C. A. Notes.

Saturday evening from 7 to 8 the general secretaries, officers, cabinet and mission study committees of the Y. M. C. A. and Y. W. C. A. and the Volunteer Band met with Miss Paddock in the Y. W. C. A. room. Miss Paddock spoke on the reasons for having mission study committees in the Y. M. C. A. and Y. W. C. A. work and gave many helpful suggestions as to ways of making the work of these committees more effective. After Miss Paddock's talk there was a general social time and punch and wafers were served by the Mission study Committee.

Protected by Block Signals

The first railway in America to adopt the absolute Block System in the operation of all trains was the

Chicago, Milwaukee & St. Paul Railway

It to-day has more miles of road operated under block signal rule than any other railway company. The St. Paul Road was the first railway to light its trains by electricity, and it now has more than 400 electric-lighted passenger cars in daily service. Three trains from Union Station, Omaha, to Union Station, Chicago, every day.
