Campus Gleanings

The Palladian baseball team defeated the Academy nine Saturday by a score of 11 to 4.

Prof. Walter McLaughlin, irrigation engineer of the Utah agricultural experiment station, spent Monday on the campus and at the farm.

Mrs. T. M. Hodgman was unable last week to meet the Social Hour club of the Academy at the usual time of the meeting on account of sickness.

Professor and Mrs. A. E. Davisson will be at home, 220 South 26th street, to the faculty and class of 1905 of the school of agriculture, Thursday evening, April 27, at 8 o'clock.

Miss Florence McGahey and Miss Ellen Frankish accompanied Miss Tremain, of the Academy, to her home Friday evening and returned Monday morning. They report a delightful trip.

Professor T. M. Hodgman was elected president of the Men's Guild of the First Presbyterian church of this city at a recent meeting of that organization. The organization has a membership of about one hundred.

The university scrubs defeated the farmers' nine last Saturday by a score of 7 to 0. This is the first game that the farm boys have lost this season and consequently it was to them a somewhat of a sore surprise.

Alpha Zeta fraternity met Saturday evening at the rooms of A. F. Magdanz and E. G. Montgomery, 2501 Q street, for their semi-monthly discussion of matters related to agriculture. Besides all the active members, several alumni members and honorary faculty members, Professors Burnett, Lyon, H. R. Smith, Emerson, Avery and Davisson were present. The customary light refreshments and general good time followed the more serious deliberations.

Prof. J. B. Davidson is giving the boys in the school of agriculture some lessons in farm mechanics. Several of the threshing machine companies have furnished traction engines of different types and every student in the class is permitted to operate them until he is quite familiar with the essential features of the various makes. During the past week engines have been puffing up and down the athletic field almost every day, and incidentally the irregularities are being pressed out of sight by the heavy drivers.

Inspector Hodgman reports a very pleasant trip of inspection. Genoa, Fullerton, Cedar Rapids, Spalding, Albion, and Ulysses high schools were inspected and a stop of two hours was made by the inspector at Columbus to examine the work in drawing in Columbus high school done by Miss Marion Smith, who will be remembered as a former university student and niece of ex-Chancellor Canfield. Professor Hodgman was very much impressed with the work done by Miss Smith and invited her to write an article on the subject of drawing in the public schools for the University Journal.

Erle B. Woodward, M. D., diseases of eye, ear and throat. 207-8 Richards block. Phone 666.

Elliott's Sutorium, cleaning, dyeing and repairing. Prices reasonable. 1186 O street. Both phones.
