**Campus Gleanings**

Remember the annual May morning breakfast at St. Paul's church, May 6.

Mrs. T. M. Hodgman, who has been ill for a short time, is reported as improving.

Dr. Heald was very busy during the Easter recess making plans for his new botanical laboratories at the farm.

Miss Winfred Hyde, who recently received a traveling fellowship, expects to spend the coming year at Jena, Germany.

Professor Miller, of the department of forestry, is now in Washington, in the central office of the United States Bureau of Forestry.

Professors Bruner and Wolcott and Dr. Ward spent a few days during vacation at the United States Forest Reserve at Halsey, Neb.

Harry S. Smith, of the department of entomology, did some entomological work at Broken Bow, Neb., for the state entomologist during vacation.

During the Easter recess Dr. Clements spent his time reading proof on his new botanical book which he hopes to have completed in a little more than a month.

Art hall is a pleasant place to spend an hour. It will be unusually pleasant next Sunday from three to four, when Dr. D. L. Thomas will give his interesting address to university men.

Misses Nelle Griggs, Alleyne Archibald, Cora Herrick and Rose Clark four post graduate students of the university school of music, gave a concert last evening under the direction of Prof. Eames.

Dean E. W. Davis attended the meeting of the middle western mathematical teachers held at Chicago, April 22. He reports that a large attendance was present and that several interesting papers were read.

Professor Bessey recently received news from the boys in the University department of forestry, who are now out for a little practical experience at the forest reserve at Halsey, Neb. They report plenty of work and fun and some chilly nights.

There are still a few copies of the student and faculty directory as well as a few handbooks which the Y. M. C. A. will be glad to distribute to those who will call at the association rooms. Office hours, general secretary, twelve to one p. m. except Tuesday and Thursday, 12:20 to 1:20 p. m.

The address which was to have been given by Dr. D. L. Thomas on the 16th of April, but which was postponed because of certain conflicts, will be given in Art hall next Sunday at 3 p. m. Dr. Thomas has an unusually strong address and ought to draw a large crowd of University men.

Albert F. Woods, '90, a graduate of the department of botany, and for many years one of the government botanists in Washington, D. C., has been appointed a government delegate to the International Congress of Agriculture to be held in Rouen in May. He has also been chosen a delegate to the Second International Botanical Congress to be held in Vienna in June.

Inspector Hodgman leaves today for a tour of inspection up the B. & M. line to the Black Hills. He will visit the high schools at Revana, Broken Bow, Alliance, Crawford, St. Paul and Ord. Poor train service and the long distance between the towns requires a week and one half for the inspection of these six schools and Professor Hodgman will not return until Friday, May 5th.

By defeating Chicago in the last contest Michigan closes the debating season with a clean sweep of victories, having triumphed over Wisconsin and Minnesota previous to the contest with the Maroons.
