DOWN COLORADO

Varsity Allows Mountaineers Only One Run.

Team Left at 2 a. m. For Game With Highland Park.

The men from Colorado came out of their wild country yesterday to give us a chance to see what they could do to Nebraska on her home ground, and narrowly averted a shut-out through the single error chalked up against Nebraska occurring at an unopportune time. Nebraska played a star and almost errorless game despite a muddy field and a heavy wind. The Colorado men seemed somewhat rusty and made more errors than even a new field, or bad as ours even, can excuse. Their pitcher was able to strike out men with comparative ease but allowed hits to follow each other too closely for the clean appearance of the score sheet. Morse pitched his usual faultless game and kept the hits well scattered, with the sole exception of the ninth inning when he allowed two singles. He showed perfect control and not a man got a pass to first off him. The support accorded him was superb.

The scoring began in the second when Rhoades tried to catch Barta napping at second, and almost threw the ball over the shops, allowing the big first baseman to canter in to home. The real fun began in the fourth, however. Barta led off with a clean hit, and Bender brought him in with a nice three bagger. Reddick singled, scoring Bender. Rine picked out a nice easy one to let hit him and limped to first. Schmidt overcomes his modesty and lifts one into right field where Gharst and Ashton performed the Alphonse and Gaston act over the sphere, and finally let Mother Earth catch it. Morse takes out his spite on Rhoades by making him jump, and scores Rine and Reddick. Gaddis thought the score was big enough and gave Harper a little play.

In the seventh the boys took another hitch in their trousers. Cook at last got his eye on the ball and singled to left. Fenlon did his best to sacrifice, but Becker fumbles the ball and two men are on bases. Cook played around second and gave Gharst four chances to spot him, but the latter insisted on dropping the ball each time. Cook was then forced out at third by Barta, who reached first. Bender singled and brought Fenlon in. Rine pulled another two-bagger, scoring Bender and Barta. Schmidt ended the inning by striking out.

In the eighth inning Becker got a nice hit by placing the ball against the machine shop, and Rhoades tried to duplicate his performance, giving Schmidt a chance to make the most

Chancellor Returns.

Chancellor Andrews returned Thursday evening from the east after an absence of two weeks granted him by the board of regents. The Chancellor spent the greater part of his time in New York. While there he delivered two lectures, one at Vassar college and the other at Wellesley.

spectacular play of the game by catching the ball on the dead run.

In the ninth Gaddis fumbled a hit by Walsh and with this error and two singles Colorado succeeded in getting a man across the plate.

GREAT INTEREST SHOWN

Track Men Attend Mass Meeting In Large Numbers.

Dr. Clapp's office was filled to overflowing with men interested in track work yesterday morning at chapel time, when he gave them a talk on training in general, on track meets in particular and the necessity for hard consistent training by each individual in order to turn out a winning team.

As to the schedule he thought it advisable to concentrate all efforts on the dual meets in the near future and not attempt to make the relay carnival to be held next week. The first preliminaries will be held next Saturday, May 6, and the inter-class preliminaries the following week. May 20 is the date set for the meet at Lincoln with Colorado and in order to be in shape for it the men must get out every day, rain or shine. In bad weather the hurdles will work outside of the fence on R street, the sprinters on the lawn and the distance men will be taken to the B. & M. or Northwestern tracks.

On the 30th of May a meet will be held with South Dakota at Vermillion and after that arrangements will depend upon the condition of the team. If it is in first class shape the board may send, some at least, to Chicago on June 3rd and others may go to Kansas City on the 10th to compete for western athletic union championships.

The time for men to get out is so arranged that Dr. Clapp will be able to give individual attention to each squad. Sprints and hurdles at 4:00; long distance men at 4:30; jumps, pole vault and weights from 5 to 6.

The men also received some good pointers on sleep and diet. From 9 to 10 hours sleep was recommended. Without a training table it is hard to regulate diet but the men were cautioned to avoid pastries and cake and confine themselves as much as possible to beef.

SUCCESSFUL TRIP

Glee Club Returns From Extended Spring Tour.

Manager and Officers For Coming Year Are Chosen.

The glee club returned yesterday from the spring vacation trip which included seven concerts, at Crete, Beatrice, Fairbury, Grand Island, Aurora, York and Seward.

With the exception of the one at Crete the concerts were all most successful, from every point of view. At Crete, the first appearance, without a leader and unaccustomed to their new pianist, the men lacked confidence and spirit, but after the first night's stand a faithful practice or two gave the needed confidence and thereafter the concerts were more than satisfactory.

At Beatrice a good crowd attended in spite of the rainy weather, and press comment at that place was lavish in its praise for the club and their work, assuring for them an opportunity to reappear at Beatrice whenever the club wished.

Rainy weather greeted the men at Fairbury also, but here again a good crowd was on hand, and the efforts of the club heartily received.

Saturday and Sunday were spent in Lincoln, the club going out to Grand Island Monday and working back to Lincoln. At Grand Island there was more rain than at any other place, but there, too, a goodly number braved the elements and heard the men. The bad weather story was repeated at both Aurora and York, but fair sized audiences greeted the club at each place. At Seward, the last stop on the trip, fine weather returned and a "standing room only" house heard the club. The final concert proved a good windup to a most successful trip, the men being in the best of form and an excellent concert closed the tour.

Before the glee club left on its trip Martin H. Dirks, whose admirable handling of the home concert proved his ability, was unanimously elected manager of the club for the ensuing year. At a business meeting held on the trip the present manager, Everett L. Williams, was elected to the position of president, Eddie Johnson vice president and Mr. Cobb treasurer of the club for the coming year. The club decided that the selection of new men should devolve upon the president, manager and director, the latter office not yet having been filled. A committee of three was appointed by the president to draw up a glee club constitution. A banquet, to leave things running smoothly, was discussed, and while no definite arrangements were made it is probable that a spread will be given in the near future.

The trip financially also was a success, accounts, when checked up, will show a balance on the right side. Plans are already under way looking toward a more extensive scale of operation next season, both at home and on the trips which will be taken.

Football practice will be held Monday at 3:30 p. m. Men get suits in gym.
CAPTAIN.

MEN'S MEETING

ADDRESS BY

DR. A. L. THOMAS

ART HALL. SUNDAY, 3:00 P. M.
