**WELL PATRONIZED.**

Below is published a partial list of the banquets held in the Lindell hotel banquet room since the first of the present year. A glance at it will show that University organizations make up a large percentage of the list, and the managers of the hotel are among the few merchants of Lincoln, who will admit that they derive a good patronage from the State University. Up to the present year the Lindell has not had a special banquet room and university organizations have been compelled to hold their banquets in the large dining room or seek a less popular place, and it was largely due to the influence of these organizations that they fitted up the present banquet room, which now outranks anything of its kind in the West. The Lindell being the most popular hotel in the city with the students, on account of its liberal support of university enterprises, the bulk of University patronage has drifted to it from other places, less popular on account of their "tightness."  
Following is the list mentioned:
