CAPS ARE HERE

Freshmen Have Pictures Taken While Wearing '08 Caps.

A Large Body of the Class Assembled at Townsend's Studio.

A large part of the Freshman Class assembled at Townsend's studio early yesterday morning and after the '08 caps, which have been looked for for so long by the upperclassmen, had been distributed for the first time to those who had ordered them the body had their pictures taken, while the much talked of headdress adorned their brows.

Arrangements had previously been made with Mr. Townsend and the more enthusiastic ones in the class awakened from their slumbers in time to gather at the studio at 6:30 a. m., when the first setting was taken. The pictures had to be taken in three groups in order to accommodate the large number present. In order to assure the success of the venture three plates were "cracked" by each group. About half of the body consisted of first year "co-eds."

After the pictures were taken each party was allowed to retain the cap and was instructed to keep the same concealed and all meet at Hay Market square at 7 p. m., when the headgear would again be doned and the streets paraded.

Unfortunately, however, some of the more thoughtless in the class allowed the plans to leak out and the Sophomores were informed of the situation late in the forenoon. They immediately began to make plans for preventing the wearing of the obnoxious caps.

The Freshmen learned of the plans of the upperclassmen and concluded to postpone the appearance of the caps until some more favorable time.

A crowd of considerable size, composed mostly of Sophomores and Juniors gathered on the campus last evening to await the Freshmen's appearance. When the body of the class failed to put in its appearance they amused themselves by searching the more helpless "stragglers" whom they suspected of having one of the caps about their clothing. The Sophomores succeeded in securing one cap in this manner. The crowd dispersed about 9:30 p. m.

The caps are said to be among the neatest ever seen on the campus. The body of the cap is a lavender color, the numerals being of a bright red. The "8" is set inside the "0."

Juniors at Convocation.

The Junior Class program will be given at Convocation Monday. The program will consist in the presentation of a play entitled "The Irish Linen Peddler." A good cast has been secured for the play and it promises to make a very interesting program.

SOMBRERO

Many New Features in the Junior Annual.

Those who have seen the advance sheets of the new Sombrero are particularly enthusiastic about the "lasting" features of the book. Although ample space has been given to jokes and local hits the board has collected a number of articles that will interest the student years after he has graduated. Articles by such persons as Professor Caldwell, Mrs. A. W. Field, Professor Fogg, Miss Louise Pound, Mr. J. J. Ledwith and Dean Pound on topics of interest, including "the Uni Thirty Years Ago," the "Nebraska System," "Literary Societies and the School," "College Fraternities" and the "Rise of the Law School," cannot help but give a certain dignity to the book. These features coupled with the number of drawings, designs and cartoons which has been the work of real talent. The leather cover and excellent engravings all go to make the forthcoming Sombrero a book that will be an ornament to any parlor table. Next Thursday the Board contemplates putting on sale a handsome souvenir of all the best things of university life. This year's Sombrero is not the Class Book of the Juniors, its field is the whole University and it is designed to be of interest to every student.

Rev. S. Z. Batten Sunday.

Next Sunday afternoon at 3 o'clock in the Art Hall, the Rev. S. Z. Batten, pastor of the First Baptist Church, will deliver an address to men on the subject "The New Chivalry." Mr. Batten has made a thorough study of practical politics, and will have something to say which will interest every man in the University. As a rule, students do not have the time to make a careful study of politics in their practical conditions, and the address by Dr. Batten will be primed with facts as they are here in this City. Dr. Batten's training in the field of political science has fitted him admir-

ably for just this sort of an address. The special music for the afternoon will be furnished by Mr. T. A. Hutton, well known in University musical circles.

Many Contests.

The tennis tournament progressed very fast yesterday afternoon and the tennis courts were occupied continuously from 1 until 5 p. m. Some very close and exciting contests were played off, and from indications the University will be represented by Nebraska's old team.

The result of yesterday's contests were as follows:

Mathewson and Dumont, won by Mathewson. Marsh, A. H., and Randle, won by Marsh in two straight sets 6-0, 6-0. Mathewson and Marsh then met and Mathewson was the victor by 6-3, 6-4. Post defaulted to J. E. Marsh. Scribner defeated Howard in two hotly contested sets, 8-6, 6-4. Lott and Cassidy, won by Cassidy, 6-4, 6-1. Allen and Mathew, first and second sets won by Mathew, 4-6, 6-2, 6-3. Cassidy then defeated Mathew by 7-5 and 6-1. Higgins won from Lee, 6-2, 6-2, and Cramer was defeated by Gable, 6-4, 8-10, 6-2. The final contest of the afternoon was won by Rathburn over White, 7-5, 6-8, 6-2.

J. Dean Ringer served as a judge at the joint debate between York college and Grand Island college last night. The contest was held at York on the question of Canadian Reciprocity. Mr. Ringer will go to Fremont this afternoon, where he is scheduled to speak at a Y. M. C. A. benefit to raise funds for the erection of a new building. He has been asked to speak on University life at Nebraska and especially in relation to college Y. M. C. A. work.

Chicago University has called for drawings of seals from which to select one. A large number of designs were presented but all bearing the student lamp were rejected as it was thought it would suggest Standard oil.

The Varsity baseball team lost to Iowa University yesterday by a single run. The game was a close one and was comparatively free from errors on both sides. Neither team was able to hit effectively, while Morse struck out bu one man and Yessler, the Iowa twirler, was able to keep seven Nebraskans from kissing the sphere.
