The Sombrero management reports an unprecedented sale of books, over 400 being disposed of yesterday, thus leaving about 300 to be sold today. In University Hall especially were the sales heavy. At one time the hall was completely blocked with eager purchasers. C. L. Waldron reports having sold over 100 books within twelve minutes. Many persons bought two or three copies and one zealous Junior was seen leaving the building with ten books stacked upon his arms.

Today the annuals will be on sale in the library from 10 a. m. to 12 and from 2 p. m. to 5 p. m. if the supply holds out until that time. No books will be reserved and those desiring a souvenir of their college days must get in early.

High School Fete Day visitors will have a splendid opportunity of obtaining a representative book of the University which they expect to attend next year.

Band Informal.

There will be a band informal tomorrow night, Saturday, the 20th. After announcing the informal at first the management decided to call the dance off, but subsequent developments make another possible. The informal tomorrow night promises to combine all the enjoyable features of former dances.

The Phi Gams and Alpha Taus met on the diamond yesterday evening and victory rested with the former to the tune of 9 to 2. The Alpha Taus are thinking of contesting the game because the winners took undue advantage of the fact that both fraternities live in the same block and had gotten on to the curves served up by the Alpha Tau pitcher.

Protected by Block Signals

The first railway in America to adopt the absolute Block System in the operation of all trains was the

Chicago, Milwaukee & St. Paul Railway

It to-day has more miles of road operated under block signal rule than any other railway company. The St. Paul Road was the first railway to light its trains by electricity, and it now has more than 400 electric-lighted passenger cars in daily service. Three trains from Union Station, Omaha, to Union Station, Chicago, every day.
