Two Games May 25.

A part holiday has been granted by the University authorities for Thursday afternoon, May 25, in order to allow all of those who may wish to do so to attend the baseball games which will be played on the campus that afternoon to raise money for the benefit of the college settlement. The faculty nine and the men representing the Commercial Club will be the first to demonstrate their skill in handling the wagon tongue and sphere. From the showing made by the "Profs" in practice the game promises to be one which will not be altogether one-sided, at least not so in favor of the Commercial Club aggregation. The men most thoroughly acquainted with the real abilities of the men who make up the faculty nine claim some of them have "in their youthful days" been excellent players and that they will prove a surprise to "the uninformed" when they get into their batting clothes.

The game played that afternoon between the Varsity and the Lincoln City team will be a good one and should be very entertaining. The men will all have entirely recovered from their long trip and hard playing, and the team will show their old time form. The spectators will be given an opportunity to judge as to cause of the poor success of the Varsity in winning some of the games on the Eastern trip. The trip was a severe test of their ability and endurance and some of the results of this test will be in evidence at the game.

The efforts of the faculty to aid the college settlement is deserving of the enthusiastic support of the students and when vacation has been given on account of the occasion the "Profs" promise to "flunk" every student in their respective classes who is not out on the bleachers that afternoon to applaud when they each make "their home run."

Preparations are being made for publishing the briefs on bibliographies of the debate on the Fourteenth Amendment in "Bothsides," the new intercollegiate debating journal.

Ready for Business.

The cafe and lunch counter recently opened by the New Windsor Hotel is one of the finest in the city. The entire hotel has been refitted and remodelled and the cafe has not been forgotten. Entire new furnishings have been installed and no pains have been spared to have everything the very best. The decorations are in red and black and are very pretty. The service is prompt and the quality and price of food served leaves nothing to be desired. The location of the New Windsor Cafe makes it especially attractive to University students and many may be found there nearly any time of day. The new pool rooms which were fitted with new Brunswick-Collendar tables and opera chairs is also attracting not a little attention.
