NEBRASKA WINS

TAKE AMPLE REVENGE FOR DEFEAT OF LAST YEAR.

Perfect Day and a Hard Track Cause Four University Records to Be Broken.

A large and enthusiastic crowd witnessed the Colorado-Nebraska meet on the Fair Grounds last Saturday. Nebraska proved the stronger of the two teams and carried off victory, 69-48. The expectations of the crowd, that records would be broken, was fulfilled. The fine condition of the track and the good weather were responsible in a good degree for the excellent showing made by the teams.

Colorado won the first events and led Nebraska by two points, but things were soon evened up by Nebraska taking both first and second in the pole vault. Colorado succeeded in working her side of the score up to 13 points, and here the score stayed for some time, while Nebraska was cinching the meet. The Varsity was successful to the extent of shutting Colorado out of four events, 120 and 220 hurdles, pole vault, and high jump, while Colorado only shut us out of one, the discus throw.

Several surprises were sprung on both Colorado and Nebraska. Probably the greatest was in the distance runs, when Colorado took both. It was plain to be seen that States and Havens were out of condition. States has made better time in the mile than was made in the Saturday meet, but the two mile race was ten seconds faster than Havens' time. Nebraska sprung a surprise on Colorado by taking both places in the hurdles; for she had depended on at least one first from Miller.

Four Varsity records were broken by Nebraska men in Saturday's meet. Hauser smashed both his 120 and 220 hurdle records, reducing the 220 from 26 4-5 to 26 3-5 and the 120 from 16 4-5 to 16 3-5. Penrod, in the fastest half mile ever run in Lincoln cut five seconds off the former record, 2:06 1/2 to 2:01 4-5. Manning sliced off 3-5 of a second from the 220 yard dash record, running it in 22 2-5. These men would give any college athlete in the West a close race in their respective events. Never has better team work in the distance runs, or head work been exhibited on the local fields.

The star point winner of the day was Jordan of Colorado, who took 13 points in the weights. Manning, Hauser and Hagensick all made ten points each for Nebraska. The best of feeling prevailed throughout the meet, and in no race was there any fouling by either team.

The scores were as follows:

100-yard dash—Colorado, Johnson, Welsh; Nebraska, Burrus, Wallace; won by Johnson; second, Burrus. Time, :10.

Pole vault—Colorado, Welsh; Nebraska, Hagensick, Morse; Hagensick and Morse tied for first. Height, 10 feet 7 inches.

Shot put—Colorado, Jordan; Nebraska, Martin, Weller. Won by Jordan; second, Martin. Distance, 35 7-10 feet.

Two Comedies.

Two comedies will be presented in the chapel tomorrow evening under the auspices of the University Dramatic Club. The first, a curtain raiser, will be presented by two artists. The first is known as "The Silent System." This will be followed by "The Shakespeare Water Cure," wherein all of the lines of Shakespeare creation are interpreted in a new light. The following is the key to the play:

"Staying at a water cure establishment are: Hamlet, for his health, with his wife Ophelia; Macbeth and Lady Macbeth, for economical reasons, in need of the needful; Mrs. Bassanio, enjoying a legal vacation. The Montagues having been disowned by both their houses, Mr. R. M. has taken to the stage, and is here with his traveling company and his wife. Shylock, wishing to possess Portia's gold, bribes Lady Macbeth to incite her husband to the murder of Bassanio, so that Shylock may marry the fair heiress. All of which is accomplished, and a wedding dinner, under the superintendence of Othello, is given by the patients to the happy bride and bridegroom."

"Admit me chorus to this History." Special attentions has been given to the stage decorations.

Nebraska vs. Highland Park.

This week promises much excitement in baseball circles as the Varsity plays four games on the local diamond beside the big benefit game of the Faculty and Commercial Club. The Varsity plays Highland Park, Still College, Town Team, and Wahoo. Today they line up against Highland Park, and if the team from Iowa play them anything near as hard a game as they played them on the Eastern trip there will be something doing. Morse will likely pitch for the Varsity this afternoon and Bender will be behind the bat.

FACULTY PERFORM

FACULTY WISEHEADS TO CROSS BATS WITH BUSINESS MEN.

Captain Caldwell's Men Are in Good Form and Promise to Play an Errorless Game.

The Varsity will be in the pink of condition for the game with the Lincoln Town Team Thursday. They will have had a good rest since returning from the trip and should be able to play as well as at any time during the season. The Lincoln aggregation has been playing good ball and is expected to put up a good game.

The game between the faculty nine and the men representing the Commercial Club will also be an interesting one. Those composing the faculty nine have been practicing daily and promise to put up an interesting game.

Governor Mickey has consented to toss the initial ball for the Varsity-City team game. Mayor F. W. Brown will perform the same feat for the Faculty-Commercial Club game. Both games will be played Thursday afternoon and the proceeds will go to the College Settlement. A single admission is good for both games and will entitle the holder to the claim of having added 25 cents to the College Settlement treasury.

At Convocation.

Miss Olive Blunt, who, for seven years, has been doing missionary work in Japan, spoke at Chapel yesterday morning. Miss Blunt explained the mythology of Japan and the opening of that country to civilization. She said that the history of Japan dates back to 60 years B. C. and up to the year 1810 the little country was barred to the civilization of the world. It was in that year that the Christian powers entered Japan and replaced idolatry by Christianity.

In 1848 Commodore Perry entered Japan and for the first time succeeded in introducing Western civilization into the Oriental country and in establishing political and commercial relations between Japan and the civilized world.

Miss Blunt concluded her address by giving a few examples of the Japanese language and translating the same.

Successful Band Informal.

Another very successful band informal was held Saturday night at the Armory. The attendance at the last two informals given by the Cadet Band has been very gratifying to the management. The one on last Saturday night was attended by about forty couples and the floor was in excellent condition for good dancing. The program of fourteen numbers was thoroughly enjoyed by all present and many departed with a regret that the one Saturday night was the last informal of the year.

Engineering Society.

The Engineering Society will meet Wednesday evening at 7:30 in M 211. This is the last meeting of the year and a full attendance is desired. Professor Stout will speak.
