Black Masque Initiates.

The Black Masque, the Senior girls' society, initiated the members to compose the society for next year last night at the Pi Beta Phi chapter house. A banquet at the Lindell followed the initiation ceremonies.

No Meeting.

The call for a Senior class meeting yesterday morning brought out so few Seniors that the meeting was not called to order. Another meeting is set for this morning for rehearsal of the class song.

The Freshmen cap made its first public appearance Saturday. The line-up was of such character that it excited admiration from the upper class men rather than the desire to subdue.

Townsend's windows contain portraits of all the groups of the year.

Seniors get your duplicate orders for photographs at once. Rate the same until July 1. Townsend's Studio.

The first volume is now on the press, and the second volume is in type, while the editors are engaged in preparing copy for a third volume. Agents are wanted for this History in every county in Nebraska to gather data, make deliveries and collect. This will afford pleasant and profitable employment for the summer months. Ready for Business.

The cafe and lunch counter recently opened by the New Windsor Hotel is one of the finest in the city. The entire hotel has been refitted and remodelled and the cafe has not been forgotten. Entire new furnishings have been installed and no pains have been spared to have everything the very best. The decorations are in red and black and are very pretty. The service is prompt and the quality and price of food served leaves nothing to be desired. The location of the New Windsor Cafe makes it especially attractive to University students and many may be found there nearly any time of day. The new pool rooms which were fitted with new Brunswick-Collendar tables and opera chairs is also attracting not a little attention.

TOURIST CARS POPULAR.

The idea that an inferior class of people patronize the tourist sleepers is an error. On many trips only the best class of travelers are found. They are merely men and women of good sense who would rather travel to California in this manner and save a snug sum of money to be used elsewhere. It is beginning to be understood that it is by no means necessary for the traveler to spend a large sum of money in order to enjoy a trip to the Pacific Coast.

If you cross the continent in one of the tourist sleepers of the Union Pacific you will enjoy your trip and save considerable money. Inquire of E. B. Slosson, Gen'l Agent.
