

# The Daily Nebraskan

Vol. IV, No. 148

UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, MAY 25, 1905.

Price 5 Cents

## BIG BENEFIT TODAY

FACULTY VS. COMMERCIALS AND  
TOWN TEAM VS. VARSITY.The Punting Contest For the Tucker  
Cup to Take Place Between  
Games.

The pictures of the six chancellors who have been at the head of the University of Nebraska since its foundation were presented to the University yesterday at the Ivy Day exercises by the Class of '05, as their class memorial. The pictures are handsomely framed in oak and bear inscriptions A. B. Bentol, 1871-76, E. D. Fairfield, 1876-82, I. J. Monnatt, 1884-88, J. H. Canfield, 1891-96, G. E. McLean, 1896-99 and E. Benj. Andrews. Frank Peterson, '05, presented the pictures as the gift of the Seniors to the University, and Dean Bessey accepted the gift for the University, with a few well chosen and fitting remarks the substance of which was the need of maintaining a lively, active interest in the University.

Fred Hunter, in place of the usual oration, gave the Seniors some sound advice, urging the happy commendation of culture and the practical.

The class poem. A production of no little merit, was read by Miss Petrashek.

The usual May-pole dance by sixteen Senior girls clad all in white was given in the armory and an informal dance followed.

Previous to the exercises in the Chapel and just following the planting of a crimson rambler, instead of the time honored Ivy, President White presented the trowel which has been used in similar ceremonies for five years to the Junior class and President Costelloe received the trust for the Juniors.

The music for the afternoon was furnished by Misses Vera Upston and Jessie Merick.

### Barbs Today.

The Associated Barbs will meet today at 11 a. m. in the Chemistry lecture room for the annual election of officers. The last election of student members of the Athletic Board demonstrated the fact that the Barbs by no means have a "clinch" in University politics, and it is felt that the work of the organization for next year depends largely upon the officers elected at the meeting today. This fact has caused greater interest to be manifested over the outcome of the election.

### Sigma Xi Election.

The annual election of Sigma Xi will take place Friday evening. Only those whose work has been up to a certain standard and who have, in addition, done original research along some scientific line are eligible to membership in this society.

Now open—New Windsor hotel cafe. Restaurant and luch counter for ladies' and gentlemen. Popular prices.

Tote your old books to the Co-op. They will buy them or sell them for you.

## DOUBLE HEADER!

Faculty vs. Commercial  
Varsity vs. Town Team

THURSDAY. One Admission.

No Classes After 3 p. m.

### REPRESENTATIVES SELECTED.

Will Send a Strong Team to Sioux City.

Nebraska will send a strong track team to Sioux City to meet the University of South Dakota on Saturday. The men are all in the best of condition. Manning will likely enter the three sprints with Burruss on Saturday, and it is quite probable Wallace will enter the two jumps. The team will leave over the Burlington Friday afternoon.

The Nebraska entries in the meet are as follows:

100 yard dash—Wallace, Manning, Burruss, Fenlon.

220 yard dash—Wallace, Manning, Burruss, Fenlon, Meyer.

440 yard dash—Manning, Fenlon, Meyer, Dana.

880 yard run—Penrod, States, Morgan, Davis.

1 mile run—Penrod, States, Morgan, Davis, Havens.

2 mile run—Penrod, Havens, States, Alden, Morgan.

120, 220 hurdles—Hauser, Hagensick, Peck, Knight, Wallace.

Pole vault—Morse, Hagensick, McDonald, Gibson.

High jump—Meyer, Wallace, Knode Knight.

Broad jump—Wallace, Hagensick, McDonald, Gibson.

Shot put—Weller, Martin, Peterson.

Discus—Weller, Martin, Knode, Peterson.

Hammer throw—Weller, Martin, Peterson.

Half mile relay—Burruss, Manning, Meyer, Hauser, Wallace, Knight, Fenlon.

### Shadow Measurements.

The Department of Geology recently received a report on the shadow measurements made by five state universities on April 17, 1905, for determining the curvature of the earth. The measurements were made by the state universities at the following places: Lawrence, Kansas, Lincoln, Nebraska, Vermillion, S. D., Minneapolis, Minn., and Grand Forks, N. D.

The observations taken by this University were taken by the Department of Geology. The observations were taken when the weather was partly cloudy and this partly accounts for the error of 13' 37". The most accurate observations were taken at Grand Forks, N. D., where an error of but 21" was made. The Lawrence Kansas, observations ranked second in point of accuracy with an error of 2' 58", and the Nebraska observations were next best.

Chapin Bros., Florists, 127 So. 13th.

### COMPETITION DRILL TOMORROW.

Greater Interest Has Been Displayed  
the By Men in the Battalion.

Tomorrow afternoon the annual competition drill of the Battalion of Cadets will be held. For the last two weeks all of the companies have been earnestly working to win the much coveted cup. Every morning has witnessed them drilling in the campus and each day at Chapel hour spell downs have been held to select the three men who will represent each company in the individual drill.

Much interest has been manifest both within the battalion and among the other students in the year's "compet." The customary speculation has been prevalent as to the prospects of each company. The men of each company and their supporters, who wear the company's colors insist that their company will win. At any rate it is certain that the companies will each put forth their most stringent efforts to win the prize, and that the drill of this year will not fall behind the pace set by previous competitive drills. Of the former contests since 1893 Company D has won the cup four times, Company B three times and Company A twice. C Company has unfortunately never succeeded in carrying off the honors.

The twelve men who will compete for the gold and silver medals have not been selected yet. The last spell-down will be held today and the names of the successful contestants will be announced tomorrow.

### Freshmen at Convocation.

The last class program of the year was given by the Freshmen class at Convocation yesterday morning. A large audience was present despite the Senior class meeting held at the same hour. The program was very interesting and was a success in every detail. The following was the order of events:

Piano Solo.....Miss Ethel Burkett  
Recitation.....Miss Verne Hall  
Recitation.....Frank W. Hrubesky  
Vocal Solo.....Thomas H. Matters

### 25 Students Wanted.

For summer vacation by old reliable firm to sell hardy northern grown nursery stock. Meet the general agent in Y. M. C. A. room Thursday from 11 to 11:30, or address for information and interview, J. T. McKinnon, 2820 R street.

### Seniors.

Order commencement invitations at the Co-op before Friday night.

Campaign Hats at Armstrongs.

## DONATE PICTURES

CLASS OF '05 GIVES PICTURES OF  
CHANCELLORS TO UNIVERSITY.These Six Presents Are to Be Hung  
in the Library in Honor of Our  
Leaders.

Today the big athletic events of the year occur when the Faculty lines up against the Commercial, the Town Team against the Varsity and the punting contest will also be pulled off. The Faculty has not let any grass grow under their feet in the past week in preparing for the big benefit game today. The Varsity meets the Town Team for the second game of the season, and judging from the first, this one should be very close.

Professor Davis informs the general public that no ratio either geometrical or arithmetical will stand good in the Faculty game this afternoon, for the quotient must show a large score in favor of the Faculty. The Merchants in laying aside their sale book and ledger are just as confident that the net sale of the day shall show a decided favor in their advantage. Which of these parties are right remains to be seen.

This afternoon the last football practice of the season will be held. A very fitting ending for this very successful ending is the punting contest, to see who wins the Tucker cup.

The men have shown much enthusiasm in the football practice owing to the warm weather in which they have been compelled to practice. They surely deserve praise for donning their hot suits these afternoons and going through an hour speedy practice. The entries for the contest this afternoon are as follows:

Weller,  
McDonald,  
Drain,  
Benedict,  
Little,  
Nelson,  
Buckley,  
Borg,  
Birkner.

### Unions Defeat Palladians.

The annual inter-society baseball game was held on the campus yesterday afternoon. Although the game was not free from errors, it was a comparatively good exhibition of ball for society teams. Long for the Unions did exceptionally good work in the box. Hill for the Palladians also did good work with the sphere, but lacked control at times. Long allowed but one man to take his base on balls. The final score was 6 to 4 in favor of the Unions.

Professor Bessey will deliver the graduating address at the commencement exercises held by the Weeping Water High School next Thursday. He intends to do some botanizing while in the valley of Weeping Water creek. R. J. Pool, of the Sophomore class in the Forestry course, will accompany him.

Chris' Bath House, corner 11th and P streets.

Campaign Hats — good grade—90c. Armstrongs.
