Campus Gleanings

Sam Rees, '04, of Omaha, was a campus visitor yesterday.

The regular Sunday meetings for next Sunday will be in the form of a farewell meeting. The University Christian Associations has decided to make this a joint meeting and a fitting close to the work of the year. An excellent program has been arranged and no University student should fail to attend this meeting.

Dartmouth, Brown and Williams Colleges have formed a triangular league modelled after that of Columbia, Cornell and Pennsylvania.

Each of the three colleges will have two teams of three men, one of which will defend the negative and the other the affirmative of the same question, three debates being held on the same evening and each college meeting each of the others. The affirmative team will in every case debate at home, and the negative team away.

Light and Airy.

Tourist cars on the Union Pacific are clean and light and airy. Overcrowding in them is a condition that is absolutely avoided. The seats are upholstered in rattan, and at night the berths hung with heavy curtains. Bevel plate glass windows ornament the sides of the cars; the wide vestibules are enclosed and traveling is made altogether comfortable.

If you cross the continent in one of the tourist sleepers of the Union Pacific you will enjoy your trip and save considerable money. Inquire of

E. B. Slosson, Gen'l Agent.

Armstrong sells the Hats for camp.

F. D. CORNELL, Passenger and Ticket Agent

Protected by Block Signals

The first railway in America to adopt the absolute Block System in the operation of all trains was the

Chicago, Milwaukee & St. Paul Railway

It to-day has more miles of road operated under block signal rule than any other railway company. The St. Paul Road was the first railway to light its trains by electricity, and it now has more than 400 electric-lighted passenger cars in daily service. Three trains from Union Station, Omaha, to Union Station, Chicago, every day.

For time table, special rate write
