Special Convocation.

There will be a special convocation at 11 o'clock this morning in order to give the students an opportunity to listen to Mrs. Sarah Platt Decker of Denver. Mrs. Decker is at present the president of the National Federation of Women's Clubs, and one of the most prominent club women of the country. For a number of years she was at the head of the Colorado Federation, and has always been the leader of the western clubs. Her subject has not been announced, but she will speak about the various phases of club work. While of especial interest to the co-eds, this topic holds much that is of interest to the men of the University also.

Chicago University has called for drawings of seals from which to select one. A large number of designs were presented, but all bearing the student lamp were rejected, as it was thought that it would suggest Standard oil.

THURSDAY, ELEVEN O'CLOCK

GLEE AND MANDOLIN CLUB.

Men Who Made Good First Time Given Another Chance.

The second step in the weeding out process for the new Glee Club began last night when about a quarter of the fifty-six men who qualified at the first try-out were summoned to appear for practice in U. 106. Here Director Gillespie had quartets representing the four parts sing simple songs so that he could get a better line on their merits. He expressed himself as quite satisfied with the material on hand, and is confident of turning out a glee club which would be a credit to any institution in the country.

Those who had qualified for the Mandolin Club were also called out, and were given exercises in Union Hall by the director, Mr. Niles. These men also made as good a showing as their brothers whose musical ability runs along vocal lines.

Much interest in the proposed trip has been aroused throughout the West. The Omaha and Chicago papers have had representatives in Lincoln to write up the trip and the club, so that the advertising process has already begun. The authorities here are also back of the affair and have granted one hour credit per semester to each man on the club.

The club has been very fortunate in procuring one of the best first tenors in the West in the person of Ireland, the tenor of the famous Wesleyan quartet, which has traveled over the entire West for several years. Mr. Ireland has registered in the University this year, and is showing great interest in Glee Club work. His presence will insure a fine first tenor part, which is usually the weak place in all glee clubs.

A. A. Stagg, coach of the University of Chicago football team, and recognized as one of the best football coaches in the country, has been compelled, because of ill health, to leave the gridiron.

SOPHOMORES ELECT OFFICERS.

Swenson Elected by Plurality in Exciting Contest.

The class of 1908 met for the first time in the Chemistry Lecture Room last Tuesday at chapel time and succeeding in electing all their officers for the present semester with the exception of treasurer. Much interest was displayed in the election, about 200 members of the class being present. The meeting was called to order by the vice-president, Miss Tillotson, the president, Harry Swan, not being in school this semester. When nominations for president were called for, Hughes nominated Joseph Swenson in a very neat speech, Long named McLaughlin, and Wallace proposed Matters. The ballot resulted: Swenson 81, McLaughlin 44, Matters 47. As the class constitution provides that a plurality shall elect, Swenson was declared the choice of the class. The other officers were elected by unanimous votes, and are as follows:

Vice-president—Miss Esterwood.
Secretary—Miss Schwab.
Candidates for the position of treasurer were nominated but no vote could be taken on account of the close of the hour.

The new president, Mr. Swenson, is a graduate of the Omaha High School and has been interested in debating since entering the University, having been one of the team against Washington University last year.

Juniors Complete Election.

A handful of Juniors responded to the call of their president and met in U. 106 yesterday morning to complete the election of class officers. Miss Howard was appointed temporary secretary. The official list complete is:

President—D. P. DeYoung.
Vice-president—C. W. Campbell.
Secretary and treasurer—Elta June Boose.
Class attorney—Jas. E. Bednar.
Sergeant-at-arms—Ex-Pres. D. L. Cramer.

MEN WORK HARD

BOOTH GIVES MEN STIFF PRACTICE.

Weller Shifted to Tackle and Schmidt and Little Tried for Half-back.

Punting, tackling, end running and line bucking are some of the stunts Booth is putting his babies through every evening on the University campus. Some sixty men have seen the hardest work this week that they have as yet had to undergo. The coaches are determined to put out the best team possible, consequently every man is being worked to his full limit to see what he can do.

The line-up of last Saturday's team has been changed materially. Weller has been shifted to Burns' position at left tackle. Weller has been playing a great game at half this year, but he will fill a place in the line which according to all the loyal supporters has been weak. Burns is a nifty player, but he has not the weight and muscle to put behind his attempts. Schmidt and Little are fighting it out for left half. Both are good men, and while neither may get the position, they will be good men to sub. Booth is giving Rice a try at guard and he has proven himself to be a very willing worker. The only objection to Rice is that he lacks in weight, although he is very muscular.

The game next Saturday will be the first real test of our strength. South Dakota has a strong aggregation of players, and in last Saturday's game ran up a large score against their opponents. The South Dakota team is strong on heavy men, but they lack in speed. With a heavy field again the score would be kept down very close.

Glen Mason will likely be in his old position at full-back on Saturday. The football enthusiasts remember well how Mason hit the line for gains last year.

Manager Morrison returned on Tuesday from Minneapolis, where he practically concluded arrangements for the Minnesota-Nebraska game. The same financial agreement as last year exists this year between the two teams. The one point of difficulty is the failure to agree on the "freshman rule" which was passed by the conference last spring. Morrison watched the Minnesota squad practice on Monday evening and was confronted by the fact that the "Gophers" had a husky bunch of pigskin chasers. Hunter, the old-time Minnesota star, is in the hospital with pneumonia. This is due from a cold he received the early part of the season.

Morrison believes Nebraska's chance against the northerners is better than ever this year. There seems to be no doubt but that Nebraska will score.

About 250 Freshmen of Syracuse University turned out at the floor-rush one evening last week. The result was a victory for the Freshmen, but the Juniors and Seniors have since paid them back by passing some regulations compelling them to take off their hats whenever meeting any upper-classmen.
