Lincoln Academy News.

Many changes have taken place in the personnel of the Academy since last spring. We had hoped to have Miss Mitchell with us again, but her health is such that she has asked to be relieved. She will be greatly missed by all, but especially by the girls in the basket-ball teams. Her loss we hope will be felt less because we have been able to secure Miss Erma Spafford to take her place. Miss Spafford comes to the Academy well prepared to teach physics, having specialized in that and mathematics for four years.

Mr. Lee has also left and has gone to Beatrice to teach in the high school and also carry on his law practice. Mr. Frank A. Peterson will prove an able successor to Mr. Lee, we trust. He comes to us from the University after graduating from there and from the Omaha High School. He has specialized in the ancient languages, English, and argumentation, and is a graduate student in the classics and philosophy. He was elected to Phi Beta Kappa and tied with Mr. Marsh for the Rhodes scholarship.

Mr. Fossler and Mr. Banghart have both completed their medical course in Lincoln and are now in Omaha for their last two years in the medical college. Miss Laura Woodford succeeds Mr. Fossler with the German and is a graduate student in botany and German in the University this year. Miss Woodford graduated with the class of 1903 with Phi Beta Kappa honors and has since traveled in the south and east. Mr. R. M. Pinckney takes charge of the chemistry with the best of recommendations from Dr. Dales and Dr. Alway, after three years as assistant in Wesleyan University.

A large number of our former students have completed their preparatory work and a few have dropped out for this year for one cause or another. Miss Grace and William Bryan have gone abroad for the winter.

Mr. C. B. Grainger has charge of the physical training department at York and is also attending school there.

Miss Mamie Hanson is teaching in the public schools at her home in Wyoming.

Mr. O. O. Wood has recently written that he has decided to go to Chicago for school this year. These are a few whom we have heard from already.

Among the new students are two brothers from the Philippine Islands, Mr. Bonifacio Villanweva and Mr. Vicente Villanweva, who are carrying part of their work in the University also.

Pleasant Dale sends us two young ladies who are carrying full work with us. Miss Grace Dunten and Miss Marguerite Stevenson.

Messrs. John Lewis, Allan Bedwell and Chas. Andrews come from Anselmo and plan to do their preparatory work at the Academy.

Lincoln has quite a representation of its town people with us this year. A few of those who are carrying full work are the Misses Laura Dierks, Mary Spalding, Viola Taylor, Ethel Bigelow, Floy Hamilton, Agnes McGooden and Messrs. J. H. Willis, Merle Minor, Harold Baker and Wm. Metcalfe.

Captain John G. Workizer, Second Infantry, is detailed as professor of military science and tactics at the University of Nebraska, Lincoln, to take effect October 1, vice Captain Wilson Chase, Twenty-first Infantry, who will join his regiment.

It costs a great deal to dress a daughter, but her father rarely ever has to pay any breach of promise suits for her.
