### Roller Skating On in Earnest.

The popular sport of roller skating is again taking possession of the center of the stage of the amusement world, and nearly every afternoon and evening finds a number of enthusiasts enjoying a spin on the smooth floor of the Auditorium. This indoor sport became very popular among University students last year and from the present outlook will be even more popular this year. A skating club is being talked of and if a certain number will join the Auditorium will be reserved for them especially. This feature, together with the game of roller polo, which is soon to be introduced, should attract a number of students. Ladies are admitted free afternoons.

The principal "Big Nine" teams have been compelled by the new Freshman rule to organize Freshman teams, which play regular intercollegiate games with the Freshmen of other colleges. These teams are meant to be feeders to the regular teams, and will undoubtedly answer their purpose very satisfactorily. One advantage of this method is that more men will get out, as the chances for a place on the Freshman team seem much larger than the chances for places on the first team. At some of the colleges the main squad has fewer men than the Freshman.

A large number of new chairs, equipped with note-book rests, are stacked in the hallway of the third floor of the main building, apparently waiting for some place to be prepared for them. The members of the second-year class would welcome them if placed in U 107, in place of the seats which are now there, as the latter are very uncomfortable, and it is not easy to sleep quietly in them.

Professor Bessey has been appointed a delegate from Washington Academy of Sciences to attend the installation exercises of Dr. James, the new

ly elected president of the University of Illinois. He finds that he cannot attend in person, and has sent the greetings of the Academy for reading at the exercises. He has sent a paper also for the conference of the trustees of colleges, which takes place at Urbana this week in connection with the other meetings.
