Engineering Notes.
John Hershey spent Sunday and Monday at his home in Beatrice.

The engineering library is now open from half past seven until ten each evening.

James Green, who has been visiting in the city for the past few days, left for Culbertson last evening.

Remember the society meets this evening at seven-thirty. All engineering students are requested to attend.

Among the Ames visitors were Dean Marston of the College of Engineering, Professor Byer of the mining engineering department, and Instructors Potter and Cure.

W. H. Williams of the University of Illinois assistant professor of engineering, was on the campus looking over the equipment and buildings last week. He seemed well pleased with our showing.

Two wood lathes that were in the machine shop have been removed to the wood shop to make room for a new Gap lathe. This lathe is a very valuable addition to the machine shop equipment.

The electrical engineering department is in receipt of a handsome diploma showing that a gold medal was awarded to the federal government on an exhibit made at the St. Louis fair on methods of instruction in electrical engineering. This exhibit was contributed to by the Universities of Nebraska Iowa Wisconsin and Purdue.

Dr. Bessey has received a specimen of a thistle from the southeastern part of the state, to which he is devoting his spare moments at the present time.
