## DOANE SATURDAY

CRETE SCHOOL PRESENTS HEAVY TEAM FOR NEBRASKA GAME.

The 'Varsity Goes Through Good Practice—Men in Good Physical Condition.

Next Saturday Doane comes to Lincoln with an idea that she will carry away the "Cornhuskers" scalp. There was a time during the ante-deluvian period when Doane could hold Nebraska down to a small score, but that time was pre-Boothian. Doane has always played a good game against the smaller colleges of the state, and has at times succeeded in landing the state inter-collegiate championship. This year is one of the times, as the Crete men have defeated every college in the state. The championship was settled one week ago in the Bellevue-Doane game, when Doane defeated the Presbyterians by a score of 28-0.

The Doane team is made up of a bunch of husky players this year, and so far as weight goes have the varsity scooped. But they lack in experience and in knowing the finer points of the game a whole lot more than they make up in weight. The weight of the Doane team is as follows: Dowse, left end, 179; Day, left tackle, 180; Farrow, left guard, 220; Spees, center, 193; Bronson, right guard, 182; Wildhaber, right tackle, 187; Perry, right end, 174; Hurd, quarterback, 153; Johnson, left half, 154; Maresh, right half, 178, and Fuhrer, fullback, 180. Maresh is their star player, and in the Bellevue game was responsible for many of Doane's large gains. But the Doane team, while expecting defeat, will come here with the firm determination to give Nebraska a run for her money.

It is quite likely that an excursion will come from Crete over the Burlington to see Saturday's game. If the Doane rooters support their team as well in this game as they did in the Bellevue game some six hundred rooters should come to Lincoln. The shortness of the distance makes it all the more probable that a large excursion will come to Lincoln to the Nebraska game than went to Bellevue.

Booth sent the men through some good practice last night. The men tried at some new line bucks and formations. Rice and Taylor were out for work and given some stiff training. It is quite likely that these men will be given a chance in Saturday's game against the Doane team. But, owing to the freshman rule, this will be their last game of the season. The work of these two men has been of the best this year, and for the simple reason that they have worked hard all year without regard to the rule barring them from the Conference games, is worthy of much praise.

The team is in the best physical condition that could be expected after the fierce way in which they were handled in last Saturday's game. Johnson was the only 'varsity player that did not report for practice last night. His leg is in pretty bad condition and will probably hinder his practice work to a great extent for this week at least.

## Y. W. C. A. COUNTY FAIR.

ARMORY, NOVEMBER 25.

Benedict was out for work, and showed but little effects of the Minnesota game. Borg, Weller, Cotton and Wilson all seem to be in the best of physical condition. Thus we find that the hard game of last Saturday has effected the physical strength of our team but little.

The men will continue to practice on the field this week, while Booth may take them to the State Farm for practice next week before the Illinois game.

### To Abolish Football at Harvard.

In the wake of the Jordan articles on the corruption of athletics in American universities, comes the statement by John Mahan, coach at the Massachusetts Institute of Technology, that football will be abolished at Harvard after this season.

At a banquet given recently at the Tech Union, Coach Mahan, during a talk on athletics, said: "I possess 'inside information' which enables me to say that football in its present form will not be played at Harvard next year. The trouble there is that athletics plays too prominent a part—is a business and not a sport. Men in the senior and junior years who have had enough athletics and wish to study are made to believe that their duty to their college is to spend their time playing football."

It is not at all improbable that Mahan is correct when he makes this statement, since it is known that President Elliot of Harvard is openly opposed to the game of football as it is now played.

The gigantic caterpillar which is to be exhibited at the County Fair has gained ten pounds in weight and a foot in length since its arrival in this city last week. It is being taught new "stunts" daily.

The latest addition to the "Baby Show" department of the County Fair is the pantomime of "Casey at the Bat." The reproduction is said to be exceedingly interesting.

### Academy Notes.

The Debating Club has just been organized with Mr. Heskett as president; Miss Stevenson, vice president, and Mr. Morgan, secretary. Tomorrow evening at 8 p. m. the first debate will be held. The subject is: "Should Suffrage Be Restricted by an Educational Test?"

The Academy girls are invited to meet at the home of Mrs. Hodgman next Saturday afternoon. Plans will be discussed regarding the organization of the Social Hour Club. The work to be taken up will receive considerable attention. Last year the club studied the "World Pictures" under the direction of Mrs. Hodgman.

Basket-ball practice is well under way. The regular practices are held Monday and Wednesday, from 5 to 6, at the city Y. W. C. A. rooms. Two teams are planned for and already twelve or thirteen girls have signified their intentions of competing for membership.

Football is carried on by the boys without help of management or coach. Nevertheless, they are doing remarkably well. Next Saturday they go to Crete to play Doane's second team.

We regret to say that Mr. Robert Beckstrom has been compelled to return to his home at Axtell. He has been three weeks in the sanitarium, afflicted with rheumatism. He hopes, however, to return next semester.

### First Law Lecture.

The Hon. C. C. Flansburg of the Lincoln bar opened the course of lectures before the students of the law school Monday evening with an address on "Fees." The law lecture room was packed to the doors, and every chair and window was occupied with attentive students. Mr. Flansburg gave a number of valuable pointers to the students, and at the conclusion of his address answered a number of questions propounded by those present.

The next address will be given next Monday evening.

## ATHLETIC BOARD

SELECTS COMMITTEE TO CONFER WITH KANSAS.

Proposition to Resume Relations With Jayhawkers Looked Upon Favorably—Team to Go to Chicago.

The Athletic Board held its regular monthly meeting Monday evening, and considerable new business was transacted. Those designs which had been submitted for use as the official emblem were examined, but owing to the fewness of them, it was decided to delay selection for another month, and to receive any new proposals which might be made. After some discussion it was decided to send the cross-country team to Chicago to compete in the inter-collegiate cross-country contest which is to occur there Thanksgiving morning.

The most important business before the board was the question of what stand Nebraska should take with regard to the proposal of the Kansas athletic board that committees from each board should confer and fix up some articles of agreement which should be satisfactory to both colleges. The sentiments of the different members of the board were very different, but after considerable debate it was decided to meet the Jayhawkers half way and to appoint a committee to represent Nebraska. The committee was to be composed of one member of the faculty and one student member, and Dr. Pound and Benedict were selected.

The manager's report of the Minnesota game was received. The estimates of the number of spectators were shown to be away off, the total number being less than 5,000. Nebraska's share of the gate receipts was about \$3,300.

### Annual County Fair.

Don't forget it. It is to be the event of the season. Come and play you are young again. All kinds of toys can be obtained at a very reasonable price. There will be a wonderful display of pictures. You can't afford to miss this. Don't neglect this side of your education. The Fair is the place where you can get good things to eat, such as bullion, waffles, coffee and candy. These are only a few of the many attractions of the evening. Time and space will not permit mention of all, so come and see for yourselves. Get tickets while they last.

### Glee Club News.

The Glee and Mandolin Clubs were entertained at the Beta house at a smoker last Friday evening. Every member was present, and all enjoyed the evening very much.

The manager has received an invitation from all the associations of Leland Stanford for the clubs to be the guests of the combined societies on the occasion of the concert to be given in Palo Alto on April 25.

### Dramatic Club.

There will be a meeting of the Dramatic Club on Thursday, November 23, at 11 o'clock in U. 106. The cast of the first play to be produced will be announced. All members are urged to be present.

## Fourth Annual Cornhusker Banquet

LINDELL HOTEL

Monday, Dec. 4.
