DR. WOLFE TO COME

EMINENT EDUCATOR TO BE A MEMBER OF FACULTY.

Will Occupy the Chair of Psychology of Education, and Assist Dr. Luckey in Other Work of Department.

Beginning with next semester, a very important change will take place in the department of Education. Professor Luckey, who has been carrying all the instructional work in the department the present semester, will share the work with Dr. Wolfe, who comes as professor of Educational Psychology. Dr. Wolfe is considered an unusually strong teacher and returns to the University with many warm friends, both within and without the institution. He will share with Professor Luckey the work in school supervision and conduct independently the courses in educational psychology, high school curricula, philosophy of education and a special course in school discipline for beginning teachers. His extended practical school experience will be of great value to the students and he will no doubt be unusually strong in his course in educational psychology.

Dr. Wolfe is a graduate of the University of Nebraska, and after teaching a few years in the schools of the state, he went to Germany. He attended Leipzig from 1884 to 1886, and his work while there was of the very best. When he returned from the Continent he took up school work in California, but was soon elected to the superintendency of the South Omaha High School. In 1889 he was made professor of Philosophy in Nebraska, which position he held until 1897, when he went to the Lincoln High School. This position was his until February of the present year. At the present time he is professor of Philosophy and Education at the University of Montana. From the above we can see that Nebraska is securing a man of great strength in educational circles.

Meeting of Regents.

The first regular meeting of the board of regents for the present college year, which was to have occurred last Tuesday, will take place today, beginning at eleven o'clock. Besides the ordinary routine business which will come up, there will be a number of very important questions finally decided. This meeting will be the last at which the two regents elected in 1899, Mr. Rich and Mr. Teeters, will be present. The two regents elected at the last election will take their seats in January.

Freshmen Will Take Trip.

The manager of the freshman basketball team has announced that all arrangements have been completed for the proposed trip to be taken during the Christmas vacation. Three games have already been secured, and perhaps another will be played before the team returns. The freshman class contains a large number of good players, and should have the best team of any of the classes.

PERSHING RIFLE INFORMAL

Walt's Full Orchestra

Tickets \$1.50

JUNIOR LAWS MEET.

Decide Not to Take Part in Publication of Annual.

The junior law class met in U. 207 during the convocation period yesterday morning and transacted considerable important business. The committee which had the collection of the assessment to re-pay Dean Pound for the advance he made at the time of the sophomore-freshman law game last year reported that the entire amount had been raised and handed over to the Dean.

Mr. Parriott, the class manager of the Law Book, who had been instructed to look up all the figures as regards the cost of the annual, reported that it would cost at least \$600 to publish the sort of a book which the committee felt the law college wanted, and that to raise this amount it would be necessary for each member of the junior and senior classes to buy two books at one dollar each and to pay \$2.50 for his picture being placed in the book. After considerable discussion, the class unanimously decided to refuse to combine with the senior laws on the proposed book.

Mr. Rice of the freshman law class was then given the floor and said that the freshman law class had decided that it would be better for the law college to have a separate athletic organization, entirely distinct from the academic, athletic board, and asked the juniors to join with the seniors and freshmen in such a move. This provoked some little wrangling, but the class finally turned the proposition down. It also refused to join with the freshmen in giving a law hop, to be substituted for the freshman law hop.

Senior Class Meeting.

The senior class met in the Chemistry lecture room yesterday morning at eleven o'clock in order to hear reports from a number of committees. The editor of the senior annual passed around slips upon which each member of the class could signify the number of books he wanted. The hat committee reported that they expected the sample any day, but it had not arrived yet, and nothing could be done until it did. The committee which is to have the senior party in charge announced that it would meet next Monday and settle upon plans for the celebration.

The Department of Botany received a small collection of fungi and seaweeds from Cuba a few days ago. Some of them are very interesting.

Off for Chicago.

About one hundred students in the School of Agriculture, in charge of Principal Davisson, leave over the Burlington today for Chicago to attend the International Stock Show. It was at first planned to secure a special train, but a sufficient number of tickets could not be sold and the party will leave on No. 2 at 1:30 p. m. Special hotel rates have been secured at the Grand Pacific. Professor Smith left yesterday and Professor Burnett will go Saturday. The excursionists will leave Chicago Thursday morning and arrive in Lincoln shortly after midnight.

Nebraska will enter no contestants in the stock judging contest, but a class of five or six has been entered in the corn contest.

Eight grade and pure bred steers have been entered in the show by the Nebraska management, two two-year-olds, four yearlings and two calves. Two of these are Shorthorns, one is an Angus and the rest are grades.

Cadet Band Plays at Convocation.

Today the Cadet Band will play at convocation. The band, under the direction of Mr. A. Hagenow, has been practicing for this program for some time, and an excellent rendition is expected. The program is:
March—Yankee Grit.....Holzman
Selection—Shoo-Gun.....Tuders
Melody of Love.....Engelmann
Waltz—Adlyn.....Hall
Serenade—Anita.....Allen

Pershing Hop Tonight.

The annual hop of the Pershing Rifles will be given tonight at Fraternity Hall. In former years this hop has always been formal, but this year it was decided to make it informal in the effort to get a larger attendance. The hall has been decorated for the occasion, and during the evening punch will be served, so that the hop should prove to be unqualifiedly successful from every standpoint.

Elliott of Princeton Team.

The many University friends of Newell Elliott, formerly captain of the basketball team, will be pleased to learn that he has secured a place on the Princeton team. Last year he showed himself the superior of any man on the team, but could not play on account of the one-year rule. He was one of the strongest forwards Nebraska ever had, and is an exceptionally strong player. At present he is in the vicinity school of Princeton.

All those who borrowed costumes from Ludwig, the tailor, are requested to return them at once.

ALL CLASS TEAM

THE STARS OF THE FOUR CLASS TEAMS SELECTED.

Men Who Would Make the Best Team the Different Squads Could Furnish.

The request in Thursday's Nebraskan that an all-class team be selected by some person or persons that have seen the games, and know the players has been responded to. The team was selected by two men after carefully considering the ability of every man on the four teams, and they have put together a bunch of men that would play a very fast game. Borg and Cotton, in selecting this team, have made a team of whose ability they know.

Most of the men on the class teams are ones who have played on the second team or scrubs some time during the season, at least the best of the class team men have. Borg and Cotton have played on the 'varsity' and most of the men have some time during the year had a chance to play on the scrubs against the 'varsity'. Consequently these two men know of the power of the all-class men at their respective positions. Some shifts were made from the positions the men played in the interclass games, but this is quite necessary, for a man does not always play the position he could best play in class games, owing to the lack of good material.

It is quite likely some one will find fault with the team as picked. This is true to human nature, but when you do so, consider whether you are prejudiced or not, whether you have seen all the games, and whether you are enough of a football critic to be justified in finding fault. The team as picked is as follows:

Left end—Cook, sophomore.
Right end—Butler, junior.
Left tackle—Perrin, sophomore.
Right tackle—Matters, sophomore.
Left guard—Peterson, senior.
Right guard—McLaughlin, sophomore.
Center—Wilke, junior.
Quarterback—Standeven, junior.
Right half—Gibbs, senior.
Left half—Fenlon, senior.
Fullback—Kimmei, senior.

Membership Campaign.

The Y. W. C. A. has followed the lead the Y. M. C. A. and has instituted a membership campaign in the endeavor to greatly increase the membership of the association. All the young ladies of the different classes have elected captains for the respective captains, and the chase for first prize promises to be exciting. At present the senior class is slightly in the lead. It is not announced what the prize is to be, but there is a rumor that the three losing classes will have to give a chafing dish party to the winners.

There will be a reception this afternoon to all the new members in the association rooms.

A young woman's shoe, Sorosis, Rogers & Perkins Co., 1129 O Street.
