## INSPECT COLLEGE

### IMPERIAL CHINESE COMMISSION IN LINCOLN.

Will Look Over the State Institutions  
and Address Students at Special  
Convocation This Afternoon.

The University of Nebraska is to be highly honored today in the visit of the Imperial Chinese Commission, which has been sent to this country by the Chinese Imperial government for the purpose of investigating the state institutions of a number of the states and studying the American methods of conducting these institutions. The particular honor to this University lies in the fact that Lincoln is the only stopping place of the Commission between San Francisco and Chicago, and consequently upon Nebraska University lies the duty of making a showing for all the western states.

The Commission will arrive in Lincoln over the Union Pacific from Valley this morning, will be taken to the State Farm, then to the Penitentiary, and after luncheon at one of the hotels, will be brought to the University and shown through all the buildings. At three o'clock there will be a special convocation at which some of them will make short addresses, and in order that every student may be present the authorities have announced that there will be no three o'clock classes. The Commission will then return to their special car and leave for Chicago.

The Commission is composed of over sixty persons, all high officials in the Chinese government, belonging to the highest class, socially, of the country. Of the sixty, about twenty gentlemen are the official delegates of the Chinese government for the purpose of looking over the various state institutions.

Following is the itinerary of the Commission during the stay in Lincoln:

9:00 a. m.—Leave special car for University Farm, taking carriage to corner of Ninth and O streets, and then by special street car to Farm.  
9:30 a. m.—Arrive at Farm.  
10:30 a. m.—Leave Farm.  
11:10 a. m.—Arrive at penitentiary.  
12:00 noon—Leave penitentiary.  
12:30 p. m.—Arrive Lincoln Hotel.  
1:30 p. m.—Luncheon, Lincoln Hotel.  
2:00 p. m.—Arrive State University.  
3:00—Special Convocation.  
4:30 p. m.—Return to special train.  
5:00 p. m.—Train leaves for Chicago.

#### Law Schedule Issued.

The schedule of the law college for the second semester has been issued. The classes will recite in the same rooms and at the same hours as during the regular semester, with the exception that the junior class will meet in the old Palladian Hall, at the east end of the third floor. This room is much larger and brighter than the one now occupied by the class.

## Special Convocation

Today, 3 p. m.

Imperial Chinese Commission in attendance

No three o'clock classes

#### Finance Committee.

The Glee and Mandolin Clubs held a business meeting Tuesday evening for the purpose of electing a finance committee. This move was taken at the suggestion of Chancellor Andrews, who seemed to feel that it was wise to have some men in the club who would be competent to assume the managerial duties in case of inability of the present manager to perform them on any account whatever. This committee will also be under the control of a committee from the faculty, which will audit all accounts, in accordance with the rules laid down by the Board of Regents last spring. Agee, Caley and Beghtol were elected as the committee.

#### Pan-Hellenic Meeting.

The Girls Pan-Hellenic congress met at the Kappa Alpha Theta house at five o'clock yesterday afternoon and listened to an informal talk by Miss Louise, past grand president of Delta Delta Delta, and editor of the Trident, the official publication of that sorority. Miss Fitch has just been at the meeting of the national intersorority council, and told the delegates about the work of that council and discussed the different recommendations made by it.

#### Senior Meeting.

The senior class will meet in the Chemistry Lecture room this morning. The only important matter to be taken up is the attempt to adopt a resolution indorsing the proposal to consolidate all the class publications into one junior annual. The majority of the class seem to be in favor of the move, and the first step of the crusade will undoubtedly be taken.

#### Surgeons Report on Football.

In a recent article by Dr. F. H. Nichols and Dr. Homer B. Smith, surgeons who had charge of the Harvard squad during this last season, the following conclusions are stated after a discussion extending over several pages relative to injuries received by the players during the season:

1. The number, severity and permanence of the injuries received in playing football are very much greater than generally is credited or believed.

2. The greater number of the injuries come in the "pile," and not in the open plays, although serious injuries are received in the open.

3. The proportion of injuries received in games and in practice is about the same.

4. A large percentage of the injuries is unavoidable.

5. The percentage of injuries is incomparably greater in football than in any other of the major sports.

6. The game does not develop the best type of men physically, because too great prominence is given to weight without corresponding nervous energy.

7. Constant medical supervision of the game is a necessity and not a luxury, although it is a question if a game, requiring the constant attendance of two trained surgeons, is played under desirable conditions.

8. The percentage of injury is much too great for any mere sport.

9. Leaving out all other objections to the game, ethical and practical, the conditions under which the game is played should be so modified as to diminish to a very great degree the number of physical injuries.—The Tech.

## GLEE CLUB TRIP

### GLEE AND MANDOLIN CLUBS TO GIVE TWO CONCERTS.

Twenty-one Men Will Go on First  
Trip of Season to Wahoo and  
Ashland—Leave Tomorrow.

The University Glee Club takes its first trip over the state on Friday night, going to Wahoo, where they will give a concert. This is to be the first of a series of programs given by the club in the state before the home concert, and the western trip. This will be a great means of bringing the club up to a very high standard, and the work will acquaint the new men with concert work. In other years the home concert has always been the beginning of the season of concerts, while this year it will be near the end. Director Gillespie will, in these concerts, be able to determine which men do the best work, and in this way the final selection of the men who make the trip will be made.

The practice has been going on very regularly and those who do not make the trip to Wahoo will appreciate a rest from practice on Thursday evening. Some twelve or fifteen men out of the regular number will not make the trip, as only twenty-one men in both clubs are to be taken. Professor Niles will take but a small part of the Mandolin Club, but in selecting them he has selected the men of the greatest experience and the best players. All those whose names are given below are to be at the Northwestern depot Friday, January 19, at 1:45 p. m. The men to make the trip are as follows: Dirks, Gillespie (director), Mould, Caley, Duer, Agee, Parks, Kovan, Plumb, Burky, Johnson, Johnson, Kimmel, Fairman, Ireland, Mason, Cobb, Caughy, Sprague, Wood, Higgins, Westgate, Brown, Meyer, Beghtol, Niles (mandolin director).

#### Junior Law Elect Representatives.

The junior law class met during the convocation period Tuesday morning for the purpose of selecting the class manager and editor for the Law Book, which now seems to be an assured thing. Mr. Parriott, who was elected manager last fall, announced that he was compelled to resign on account of press of work. R. C. Ozman and A. C. Meier were then nominated for the position and the former elected by a close vote. C. A. Sawyer was then unanimously chosen as the class editor, with the power to select two assistants. It is understood that he has selected John Bowby and Harry Keyser for these positions.

W. F. Day, familiarly known as "Pat," is visiting at the Delta U house. Since last June he has been engaged in work around the coal mine at Hanna, Wyo., and will enter the University next semester in order to complete his course.
