Sold Out.

The candy stock at the Y. W. C. A. rooms was sold out before noon yesterday. Another consignment was received from the Association's factories during the afternoon, however, thus preventing any cancellation of orders. Hereafter the heads of the confection department will see to it that the supply "keeps touch" with the demand, even if the factories have to work overtime.

MY MAGAZINE, "INVESTING FOR PROFIT" (which I'll send free) is worth \$10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably, or who can save \$5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the **REAL** earning power of money—the knowledge financiers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains **HOW** stupendous fortunes are made and **WHY** they are made—how \$1,000 grows to \$22,000.

To introduce my magazine write me **NOW,** mentioning this paper and I'll send it **SIX MONTHS FREE.**

Science and Religion.

A course of lectures will be given next semester on the "Relation of Science and Religion." It will be a study of the grounds of religious belief from a scientific and philosophical point of view. Some of the principal topics considered will be: Scientific explanations of the origin of religion, principles of the evolution of religion, the psychology of religion, the idea of God and arguments for His existence as affected by science, philosophy and biblical criticism.

This course will be given by Professor French, Saturday mornings at 11 o'clock in room 103, Library Building. Students who merely attend the lectures and pass the examination on the same will receive one-half hour credit. Those who do in addition a certain amount of prescribed reading and writing may receive one hour credit. While this course is complete in itself, it will also form a part of the regular course in the Philosophy of Religion (Philosophy 16). Those who wish to take this course of Saturday morning lectures by itself should register for Philosophy 16, with either one-half hour or one hour credit, as they prefer. Regular students in 16 will register for three hours.

Arthur Mayne, E. E. '02, is general manager of the General Electrical company's interests in the southwest, with headquarters at Little Rock, Arkansas.
