

'07 AND '08 MEET

JUNIORS AND SOPHS WILL ARRANGE DIFFERENCES.

Chancellor Andrews Will Speak on Interclass Meet—Discussion of Plan Will Follow.

A joint meeting of the Junior and Sophomore classes will be held in U. 106 today at 1 p. m. A meeting of the Sophomores had been arranged for that time to arouse interest in the interclass meet which will be held in the Armory next Friday to raise the money to pay for repairing the organ. Chancellor Andrews has promised to address the meeting relative to the meet. The two classes failed to get together on the plan for the publication of the proposed "Cornhusker" in their meetings yesterday. Since this is the last day of recitations this semester, it was thought best to have the two classes meet jointly at that time and come to a final agreement on the plan after the Chancellor's address.

The plan as passed by the Juniors provides that the editor-in-chief shall have the sole power of removing any member of the Board of Editors and Managers. The Sophomores objected to allowing the editor to remove the business manager and amended the article so as to make the manager supreme in his own department. The Juniors amended Article I so as to give those who have served on the staff the previous year simply the preference in the election of the editor-in-chief instead of limiting it to them. They also amended Article VIII to make the approval of the Faculty Auditing Committee compulsory instead of optional in the division of the net profits.

It is thought that the last two mentioned amendments will be readily accepted by the Sophomores. The main contention seems to be over whether the editor-in-chief shall have the power to remove the manager. The Juniors claim that the editor should have the power of removal if he is to be responsible for the book and that this power is necessary for proper discipline in the business staff as well as in the editorial. The decision of the joint meeting today will be final.

"RUSSIAN HONEYMOON."

To Be Presented by Dramatic Club Tomorrow Night.

The caste for the "Russian Honeymoon" have been very busy at work this past three weeks rehearsing. Last night the first big rehearsal was held in the chapel. The parts are well sustained and the experience of the members of the caste is going to make this play one of the best ever given by the Dramatic Club. Mr. Edgerton and Miss Carns, who have the leading parts, are in themselves capable of presenting the most difficult dramas.

The play to be given in Memorial Hall Saturday evening will be particularly interesting on account of its setting. The plot is laid in Russia and is a portrayal of the life of the nobility of that country. The cast is especially strong. Mr. Mower, who made such a hit in the Senior play of last year, will appear as Koulikoff, while Mr. Gibson, who won great favor as the tradesman in "A Pair of Spectacles," will have the part of Ivan. The leading role, that of Alexis Petrovitch, will be sustained by Mr. Edgar Edgerton. Miss Rachael Carn will take the part of Poleska, the leading lady, and Mrs. Rudge, who is to be the Countess Vladimir, is especially fitted for her part, while Miss Flossie Erford will make an ideal Michelene.

Between the acts of the "Russian Honeymoon" tomorrow night the Y. M. C. A. Quartet, Andrew Hutton, Leslie Higgins, Hugh Wallace and Edgar Edgerton, will give several songs; besides this some novel "stunts" will be introduced. The play will be well worth the students' time and money spent, so it is up to everyone to attend.

The caste is as follows:
Alexis Petrovitch (afterward Gustave, Count Moroffski).....
.....J. E. Edgerton
Poleska de Termstein.....Rachael Carns
Baroness Vladimir (his sister).....
.....Mrs. C. H. Rudge
Ivan (a master shoemaker).....
.....Mr. Dell Gibson
Michelini (his daughter).....
.....Miss Flossie Erford
Koulikoff Dernitrovitch (attendant of Chateau Woroffski).....
.....W. W. Mower
Osip (o young peasant). Chas. Roberts
Guards, ladies, retainers, etc.

"METEORS" AND BAKER UNI.

Varsity Faces Two Hard Games Next Week—First Game Monday.

The varsity basket-ball team will have a hard week of it next week so far as games are concerned. Monday night they go up against the fastest proposition in the west, Chicago Y. M. C. A. "Meteors." On next Saturday the sturdy basket-ball players at Baker University will meet the varsity. Basket-ball is the only sport at Baker which has a strong following, consequently they have one of the strongest teams in Kansas. They remember the defeat of last year, and will come to Lincoln prepared to win from the varsity or die in the trial. The "Meteors" are on their western trip and are merely stopping at Lincoln to add another victory to their already long string. The question is will they be able to accomplish this or not?

The tickets are now on sale at the Co-op and Harry Porter's book stores, the price being 35 and 50 cents. All seats are reserved. Remember the "Meteor" game is Monday night, January 29, at 8:15 o'clock.

BASE BALL TEAM

PROSPECTS BRIGHT FOR AN EXCELLENT TEAM.

Candidates to Begin Practice Week After Next—Many Old Men Back—Number of Games Arranged.

The first move in the baseball season of 1906 will be made on the first day of next semester. Captain Morse of the team has announced that he will soon issue a call for all candidates to report for cage practice at that time, and there is even a little hope that the men may be able to do a little work out-of-doors. Cage work will continue, however, until about the middle of March, when it is generally possible to use the regular field.

Prospects for a winning team were never brighter, since a majority of the men who composed the team last year will be in the game again. Bender and Reddick are the only men who are not in school or who will not return next semester. Barta and Fenlon, however, while both are in college, are not eligible for the team, and the latter may go to Omaha early in the season for the purpose of trying-out for Pa Rourke's bunch. Williams, who occupied the short-stop position two years ago, may return for another semester; Cook, the star fielder of last year's team, has also announced his intention of coming back, and Ollie Mickel, who played fullback on the football team of 1902, and has quite a reputation as a first-baseman, may be in the game. Gaddis intends to get back, too. On the whole, prospects are that the team will equal that of 1905, and with the additional experience, the lack of which last year caused the loss of so many games on the trip, the men should put up an article of ball good enough to win any of the games scheduled with college teams.

So far a number of games have been scheduled for the home grounds, but the trip has not been quite arranged. The home games will be as follows: April 4, 5, 18, 19, 23, Lincoln Western League team; May 18, 19, Kansas; May 20, 21, Indians; May 26, Knox. No games have been scheduled with the Omaha League team, as has been the case in former years, for under the League agreement that team cannot come within six miles of the Lincoln grounds without the consent of Holmes, the Lincoln manager. A game in Omaha seems to be out of the question.

The inability to close the negotiations with Wisconsin has prevented the completion of the schedule for the trip which is to be taken early in May. If that university is played, a game will be arranged with Minnesota also; if the Badgers do not make satisfactory terms, the team will go the other way and play Purdue and Indiana universities. Missouri will not be played, it seems, since they want to come to Nebraska, while our team is on its eastern trip, and there is little likelihood that we can get a game on their grounds.
