John D. Clark, '04, Law '07, and editor
of The Nebraskan last semester,
left Saturday for Columbia University,
where he will continue his law course.
For the present the above staff will
grind out the "journalistic dope" and
endeavor with the co-operation of stu-
dents and faculty to keep up to the
standard of our predecessors.

It is a source of much regret to us
that we should be forced, through our
columns, to condemn the students for
their very unloyal support of the mid-
winter sports. The University has
had during the past one of the strong-
est basket-ball teams in the West, but
this has not and is not sufficient to
bring the students out to the games.

No student can give as an excuse that
the games have not been advertised
enough, for every game has been
given much space in this paper, be-
sides notices on the bulletin boards
and in the show windows down town.

In a game recently less than ten dol-
lars was taken in, and most of this
came from down-town people. There
have been several good games
scheduled to be played in Lincoln dur-
ing the next few weeks. But, if a
larger crowd does not attend the next
game, and the financial returns are
not better, these games will have to be
cancelled. Kansas is our next op-
ponent, and it is surely up to the stu-
dents to give the Jayhawkers a royal
reception on the first game after the
resumption of athletic relations. Stu-
dents, take a brace!

Girls' Basket-ball.

The annual girls' interclass basket-
ball tournament will be held in the
Gymnasium next Friday at 2 p. m.
The winner of the tournament will se-
cure possession of the girls' pennant
for one year. The pennant was won
last year by the class of 1905. This
is about the only line of athletics in
which the girls compete on an inter-
class basis and the girls of the classes
manifest considerable interest in the
event. The class teams have been
practicing regularly for some time
and the contest promises to be a lively
one. Only ladies will be admitted.

Notice.

Mid-winter graduates order your
caps and gowns at the Co-Op at once.

Proof Readers Wanted.

All members of the faculty who wish
to read proof on the summer session
catalogue can find the proofs at the
Registrar's office the middle of the
week.

Notice: Chemistry 10 and 26.

Students registered in either of
these courses will please leave at de-
partment office or store room, Chemis-
try Laboratory, as soon as possible, a
list of all free hours.

Here is the cheapest good gun yet made. By the omission of the take down feature we have
been able to greatly reduce the cost of production and at the same time have kept the gun up to the
famous high Marlin standard of strength, safety and durability. Notice the clean simplicity of
this gun. The workmanship and finish are perfect. The weight is only 7 pounds. The full choke
barrels are especially bored for smokeless as well as black powder and so chambered that 2¼ inch or
2½ inch shells may be used. Several improvements in the operating parts make it the easiest, most
reliable and best working gun in existence. We are glad to make it possible for every lover of guns
and bird shooting to get the high grade repeating shot gun at so low a price.
Have your dealer order it for you.

Send for the Marlin Catalogue and Experience Book to-day. Free for 3 stamps.
