GYM EXHIBITION

SECOND ANNUAL INTERCLASS GYMNASIUM CONTEST.

To Be Held in Gymnasium on Saturday Evening, March 31st—An Interesting Program.

The second annual interclass gymnasium contest will be held in the Armory on Saturday evening, March 31st, at 8 o'clock. The purpose of this meeting is to raise money to help defray the expenses of sending the gymnasium team to Chicago for the Western Intercollegiate Gymnastic Meet to be held there the first of April.

Dr. Clapp has arranged a very interesting and novel program for the event. One of the main attractions of the evening will be two or three numbers by the co-eds. One will be the advanced work in Swedish gymnastics and another the weaving dance. Those who saw the gymnastic exhibition last year will testify that the girls' part was one of the most interesting. A feature added to the program this year will be the part the boxing class will take, a special bout under the direction of I. P. Hewitt and Jack Best will be given.

The regular program will consist of a Hamburg drill by the second-year team—this is given by request from several who saw it last year. Besides this, the University gymnastic team will do work on the long horse, side horse, horizontal and parallel bars, and rings. Dr. Clapp will give an exhibition of fancy club-swinging, the end of the clubs holding torches. The attempt of those in charge of the program has been to put the very best entertainment possible before the public.

- The following is the program:
1. Grand March.
 2. Mass dumb-bell drill by first-year class.
 3. Exhibition of class boxing under I. P. Hewitt and Jack Best.
 4. Advanced Swedish gymnastics by women's class.
 5. Apparatus work by about seventy members of first-year class.
 6. Hamburg drill by second-year team (repeated by request).
 7. Advanced apparatus work by special men from second-year class.
 8. Some contest figures on horizontal bar, parallel bars and flying rings by members of the gym team.
 9. Weaving dance by young women.
 10. Interclass relay races.
 11. Exhibition of fancy torch swinging by Dr. Clapp.

Make-Up Examination.

For the benefit of the "needy and overworked" the Department of Rhetoric has established a make-up examination to be held just before the middle of each semester. The object of the examination is to enable those students who were either conditioned in or absent from the semester examination to make up the deficiency. The first one will be held from 9 to 11 this morning. Those examined will be principally Rhetoric I students.

"ADMINISTRATION."

Article on Education by Chancellor Andrews.

The March number of the "Educational Review" contains an article by E. Benjamin Andrews entitled "University Administration," in which the Chancellor takes up and discusses the various problems confronting university officials.

"To be in the highest degree efficient," says the Chancellor, "a college's trustees should number not less than seven or more than eleven. In a corporation of seven, nine, or eleven some sense of responsibility reaches every member. The executive meets the full board often. Members are under little temptation to separate into cliques. Everything tends to sincerity, directness and dispatch."

Going into detail, Dr. Andrews advises the strengthening of state university government by increasing the number of alumni faculty officers. He also lays great emphasis upon student government as it emphasizes "the demand for right conduct in students, not fussy rules, but social and public spirit, regard for the common weal. Since this change college pranks are less popular and bid fair to disappear."

However, the Chancellor does not think student rule sufficient to ward off "cribbing." "It does not appear that student rule is anywhere a sufficient antidote against 'cribbing,'" says he, although "the authorities of one university seem to think it so there, but, pressed for evidence, give only what is vague."

The article condemns severely the practice, existing in some departments, of board members giving private counsel to the dissatisfied. "Most insufferable, and at once cruel and pernicious, is the habit into which board members sometimes fall of taking private counsel with the disaffected, hearing complaints and contracting fear by listening to ex parte stories. The best executive on earth is doomed if this becomes common."

In conclusion, Chancellor Andrews says that it is not the size of the faculty which brings good results, but the freedom with which they are permitted to work. "A faculty of fifty men," says he, "unencumbered will exact a greater amount of real educational influence, publish more good researches, do more to lift civilization than one of sixty weighted with foreign cares and chores, as not a few American faculties are now."

BASKET-BALL TRIP.

Varsity Will Leave Tuesday, Playing Five Games on Northern Trip.

The varsity basket-ball team will leave on Tuesday afternoon for a trip of five days, playing at Omaha, and ending a game with the University of Minnesota at Minneapolis. This trip will be practically the same as the one taken by the varsity last year, with the exception that but one game will be played with Minnesota instead of two. In Omaha the game will be played with Bellevue College. Of course, the main object of the trip is to meet Minnesota.

The varsity should be in the best of form by the last of next week when they meet the Gophers in Minneapolis. It is quite likely Hagensick will be saved as much as possible during the first part of the week in order that he will be in the best of condition for the last game. This will be true in the case of all the varsity men, as it is planned to give every man a rest some time during the week. Captain Hoar should be in the best of condition by that time, as his "game" knee is fast rounding into condition again.

Last night the Western Intercollegiate Basket Ball League championship was settled at Minnesota. If the Gophers defeated Wisconsin they will be the champion conference team. Nebraska will have one of the hardest games in its basket-ball career at Minneapolis on the 24th, and the men realize what they are up against. Nebraska won both games against Minnesota last year, consequently the northerners are longing for revenge. Deering, the old Minnesota forward, will referee the game.

The teams played on the trip are as follows:

- March 20—Bellevue, at Omaha.
- March 21—Fort Dodge Y. M. C. A. at Fort Dodge, Iowa.
- March 22—Shattuck School at Fairbault, Minn.
- March 23—Red Men Team at Red Wing, Minn.
- March 24—Minnesota at Minneapolis.

Phi Kappa Psi will give a formal party at the Lincoln Hotel on Friday night, March 23rd. On the 24th they will have their anniversary banquet at the same hotel.

BLACK MASQUE

ELECT THIRTEEN GIRLS AS ACTIVE MEMBERS FOR 1906-7.

The Selections Represent the Most Influential Girls in the Class of '07.

The active members of the Society of Black Masque yesterday announced the name of the girls who will constitute the active members for the school year of 1906-7. In selecting the thirteen names the very best of choice has been manifest, as those elected are no doubt the most representative girls in the class of 1907. This is the second annual election of the society, but last year when it was founded members were elected as far back as '89.

The power of the Black Masque has been felt in school affairs very much during the past year, and their work, while done quietly and secretly, has meant much toward the increasing of spirit along all co-educational lines. If the members of the 1907 squad carry on the work as faithfully as it has been started, there will be no doubt about the future of this society, and its part in the traditions of the University.

The following are the members:

Agee, Alice,	Everett, Inez,
Andrews, Eleanor,	Frazier, Josie,
Boose, Elta,	Graves, Fannie,
Casey, Eva,	Osborne, Rena,
Davis, Alice,	Parkinson, Beth,
Dellecker, Zoia,	Parmalee, Florence,
Raymond, Ruth.	

The initiation and banquet will be held at the Lindell Hotel during the early part of April.

No Game With Minnesota.

It has been generally expected that the Minnesota girls' basket-ball team would come to Lincoln for a game this season, but such a game could not be arranged. The Nebraska management felt that if any game whatever was arranged between the two schools, Minnesota should take the initiative. But Minnesota played two games away from Minneapolis during the fore part of the season, consequently when the time came for a game with Nebraska it could not be arranged. This was not because Minnesota did not want to play Nebraska, but because only two games away from the city are allowed them each season. Nebraska, in turn, did not think she was justified in making the trip to Minnesota this year with two of her old players out of the team.

Convocation.

Miss Allyene Archibald, assisted by Mr. Henry P. Eames, gave a series of selections in D minor concerto opus Rubenstein at convocation yesterday. The program consisted of Moderato Assai, Andante and Allegro, all of which were very skillfully rendered. The audience, as is usual on a musical morning, was large and appreciative.
