BASE BALL LEAGUE

INTER-FRAT LEAGUE SOON TO BE FORMED.

Rivalry Among the Greeks Begins to Be Shown in Baseball Circles.

The Greeks are lining up for inter-fraternity strife again and ere the snowdrifts are well on their way to the ocean the inter-fraternity baseball league will have definite form. Several of them are already whittling out their hickory cudgels. The Alpha Taus have elected E. J. Shamway as manager for the team and the Betas selected Hubert Bell as manager and James Macrae as captain of their bunch. All report progress and a great deal of interest, and say that although some have only reached the talking point as yet, organization is near at hand.

The Athletic Board meeting last night was truly a busy one. A vote of thanks was first tendered to the student members of the Athletic Board who so successfully carried out the football benefit. Then a vote of thanks was tendered all those who helped make it a success by taking part.

Next in order was baseball business, and when it was concluded F. Parr was assistant baseball manager, six games with "Ducky" Holmes were arranged for and they will be played in a series of double games. The first two will be played on April 6 and 7, the second on the 19th and 20th of April and the last two on the 23d and 24th of the same month. The trip south during vacation for Morse and his sluggers was approved when the question of two games with the Nebraska Indians were decided upon to be played on the 20th and 21st of April.

This out of the way, track work was taken up and Denslow was chosen as track manager to succeed Dwight Cramer. The track meet with Kansas is a reality, but the board approved the meet without making any more definite date than sometime in May.

Football matters got their share of attention, for after J. K. Morrison was elected to succeed Morris Benedict as a member of the Athletic Board, the Kansas football date, November 17th, at Lincoln, was approved. On October 6th, at Lincoln, Knox College will entertain on the gridiron. On November 24th, Doane is slated and although the Minnesota game is arranged for, it was impossible to get an authentic statement of the date.

The basketball team left yesterday at 2 p. m. over the Burlington for Omaha, where they play one game. From Omaha they go over the Great Western, playing three games before they meet Minnesota at Minneapolis on Saturday night. The men who went were Manager Van Orsdel, Captain Hoar, Moser, Bell, Meyer, Hagensick, D. Bell and Walsh. The boys were all in fine condition and it is expected that they will render a good account of themselves.

MAY MUSICAL.

Arrangements Made for Music Festival.

Final arrangements for the May musical festival, one night of which is to take the place of the graduation musical, have been completed. The Theodore Thomas Orchestra of Chicago, the finest orchestra in America, has been secured, together with the soloists, some of whom have world reputations.

According to present arrangements, the festival will be held in the Auditorium May 20th and 21st, with a matinee on the 21st, making three performances in all.

That the festival will be the greatest musical success ever given in this city, or for that matter in the state, there can be little doubt. The orchestra is composed of fifty pieces and is accompanied by America's leading soloists: Glen Hall, tenor; Witherspoon, bass; Charlotte Maconda, soprano, and Grace Munson, contralto.

One of the evenings, it has not yet been definitely decided which, the University chorus will accompany the orchestra, thus combining the graduation musical, to which one evening has heretofore been devoted, with the festival itself.

Thomas' Orchestra is without doubt the foremost of all American orchestras. Thomas spent the larger part of his life in its organization. It is composed of the best musicians and musical productions to be had after twenty years of travel and study in Europe and America. Since the death of Mr. Thomas, a few years ago, the orchestra has been steadily forging its way to the front until today it stands without an equal in the world of music—a monument to its founder and lifelong director, Theodore Thomas.

That the festival will be an event of the year is proven by the fact that the railroads have already agreed to furnish reduced rates within a distance of one hundred miles of the city.

Convocation Today.

The regular music program of Friday will be given this morning in chapel. Mrs. Holyoke and Mr. Geo. Johnson will sing the first scene of Act three of Wagner's "Valkyrie," and Professor Grumann will give a short introduction before the program. This should be of special value at this time, not alone for its musical worth, but as a sort of introduction to those who intend to hear the opera as it will be rendered at the Oliver next week.

Pan-Hell. Play.

Daily practice is being held by those in charge of the girls' Pan-Hellenic play, and the date has been set as next Saturday afternoon. The play will be given in chapel and an informal reception will follow. The name of the play is suggestive of a great deal of light merriment, and it has thus far been withheld from the general public. A Nebraskan reporter, however, succeeded yesterday in finding out that the name of the play was "Bubbles." He was also able to get a complete caste of the characters, but by request it is not printed.

Candy and Popcorn.

The Y. W. C. A. will give another of those enjoyable candy sales on Friday. This time variety is given in the shape of popcorn balls. What the shape of the balls will be, whether round or square, has not yet been determined, but they are guaranteed to be toothsome and healthful. Arrangements have also been made to have a large supply of candy on hand so that late-comers will not be disappointed. The fame of these candy sales is constantly growing and each seems to prove even more successful than its predecessor.

Several new incandescent lights have been put in the library and some repairs have been made that it is hoped will do away with the occasional sinking to which the lights have been subject the last few weeks.

JUNIORS MEET TO HEAR PROM. REPORT.

C. R. Weeks Elected Assistant Manager—Class Party at State Farm in April.

The Junior class met in Memorial Hall yesterday morning. The committee on class party reported that they had decided on an outdoor party to be held at the State Farm some time in April. Something of the less "formal" nature seemed to be desired by the class, and the report of the committee was well received by the class. The committee, consisting of Misses Helen Huse, Myrtle Kauffman and Messrs. H. Steiner and W. E. Standeven, which reported the plans yesterday, will have charge of the party.

A report of the Junior Prom was called for, but the chairman was not present. After some discussion it was voted to instruct Sargeant-at-Arms De Young to see that the chairman is present at the next meeting with a report. The constitution of the class requires that the chairman of each class hop shall make a report to the class and all profits be turned over to the treasurer of the class.

The election of the Junior assistant manager was then taken up. President Myers nominated Chas. R. Weeks and Albert E. Wolf. The balloting resulted in the choice of Weeks by a good majority. Mr. Weeks is a member of the Kappa Sigma fraternity. He has had considerable experience as a school teacher and newspaper man and will doubtless make a worthy assistant to Manager Burr.

A meeting of the class has been called for tomorrow morning in Memorial Hall. The report of the Junior Prom, which has been delayed for a considerable time, is expected at that time. The delay seems to have caused certain members of the class to become slightly irritated and the chairman will be given a chance to prove that the Prom has been properly conducted. Some other business will also come up at the meeting.

The class of 1896 is arranging for its tenth annual reunion, to be held in June. The committee is busily engaged in compiling a class history, which will be published. A large number of the class have signified their intention of participating in the reunion. The class history is unique in that it will give the present "statu quo" of all the members about whom information is available.

A request has been posted by the librarian that students leave books on the tables when through reading them. Though the intention of the student may be good when he returns a book, the odds are so great that the book will not get into its own place that the request to let the librarians return them, has been found necessary.

Sale of candy and popcorn balls in Y. W. C. A. Thursday, March 22.
