GLEE CLUB CONCERTS.

Give Two Successful Concerts in Council Bluffs and One in Omaha.

The Glee and Mandolin Clubs gave a very enjoyable concert at Omaha Thursday evening and the Boyd, although not as full as it could have been, held a very enthusiastic audience, as every number was encored heartily. The heavy part of the program seemed to give the best satisfaction, although the lighter parts were appreciated.

The clubs went to Council Bluffs at noon and the afternoon concert was given for the high school, where the children clapped until their hands were so sore they would stand no more. The house was jammed full and the clubs had as much fun playing to as jolly a bunch as the audience did in listening.

This proved to be a very good "ad," as the house was full and a little bit crowded at 8:15 in the evening, and all the boys declare that they never played to a more appreciative audience.

Every number was thoroughly enjoyed, if one can judge by the encores they received and not only this, but the "Elks" gave a royal reception after the concert and every one was made to feel at home, as far as possible, and the boys returned to Omaha feeling that Council Bluffs had some of the nicest people that they had ever met.

The club returned Saturday morning.

Class Athletics.

The president of the Junior class announces the appointment of P. R. Jones and T. A. Kiesselbach as Junior members of the class athletic board. These men are appointed to fill the vacancies made by the absence of D. L. Cramer and C. H. Bohrer, who were appointed last semester. C. M. Dunn is the third representative of the Junior class. A meeting of the board will be held soon to determine the eligibility of certain men on the Freshman basket-ball team prior to the game with the Junior five to decide the class championship of the University.

A New Girls' School.

A million dollar girls' college is to be founded at Pasadena, California. President Jordan, of Leland Stanford has been appointed honorary president of the institution and the other members of the faculty are being selected as rapidly as possible.

The donor is Mrs. J. J. Johnson of Colorado, an enthusiastic advocate of the education of women. The school will be open to those students who qualify at the examinations and will give both liberal arts and scientific courses.

The furies seemed not pleased with the style of advertising resorted to by Dr. Clapp and the managers of the gymnastic exhibition, and a delegation of the furies visited the tower Sunday night, under the cover of the raging storm, and, seizing the large sign which was placed on the tower, they hurled it over the roof, letting it fall in disgrace, face downward, outside the windows of Station A. Dr. Clapp says he will have another sign on the tower before the sun sets again. Look for the sign.

Tickets for the gymnastic exhibition to be given March 31 go on sale this morning at the Co-op and Harry Porter's. Seats reserved today.

Typewriting, J. W. Brewster, Richards Blk.
