MORE RESOLUTIONS

PALLADIAN, UNION AND STUDENTS DEBATING SOCIETIES ADOPT RESOLUTIONS

Condemn the Present System of Electing Student Members to the Athletic Board

Still the system of introducing and adopting resolutions goes on, and today promises to see still more of it. The Barbs are out with the "big stick" and with today's class meeting should have succeeded in overpowering this monster which they call "graft and corruption." The Union, Palladian and Students Debating Societies all adopting resolutions on Friday night. From the tone they are bound to put down the evil.

The following are the resolutions as adopted by the three societies:

Whereas, The organization of non-fraternity men has seen fit to adopt resolutions condemning the present system of electing student members of the Athletic Board; and

Whereas, Said organization has determined to in no way participate in the election of student members of the Athletic Board until action is taken by the authorities to remove the required tax; and

Whereas, The present Athletic Board has refused to remove the tax. Therefore, be it

Resolved, That we are heartily in sympathy with both the resolutions and the report of the committee thereon. And be further

Resolved, That this society also condemn the tax which is responsible for the corruption and questionable campaign methods used in the Athletic Board elections. And, finally, be it

Resolved, That it is our opinion that the tax should be removed and that we will not participate in nor have anything to do with the election until the tax is removed.

Glee Club Returns.

The Glee and Mandolin Clubs returned Sunday noon from the Kearney, Central City and Fremont trip.

The boys left Thursday morning at 7 o'clock over the North Western for Kearney by the way of Fremont. The concert at Kearney was heartily enjoyed by the audience and it was due to the superintendent of schools that the house was as well-filled as it was, taking into consideration the fact that there were three other attractions going on in the city that evening—Thursday.

Friday evening found the Club at Central City but a hard rain and wind storm set in about 3 o'clock and continued 'till midnight, so that the attendance was much less than anticipated. But everyone enjoyed themselves, and pronounced the entertainment the best that had ever been there.

The Club arrived at Fremont in time for dinner and in the afternoon the Mandolin Club rendered a couple selections for the Woman's Club, which

was fully appreciated by the applause that followed.

Both clubs dined at the church supper in the Congregational church when the boys ate so much that it was more of a missionary act to feed them than a paying proposition to the church.

Several songs were sung while at the tables and the meat was heartily enjoyed. After the evening performance the Club was given a reception in the basement of the Carnegie Library building by the Girl's Musical Club of Fremont, under Miss Maxwell. The hall was decorated in fraternity pennants and University bunting and ferns.

Punch was served and the boys spent a very enjoyable hour and a half chatting with old University students and those that intend to be.

MR. FORD ON REVIEW

Part of "Modern Dramatists" Series Given at Convocation Yesterday.

The last of the "Modern Dramatists" series of convocation addresses was given by Mr. Ford of the Rhetoric department on Arthur Wing Pinero yesterday morning.

"Arthur Wing Pinero," said Mr. Ford, "is at the present time fifty-one years of age. Of Portuguese-Jewish stock, he began his theatrical career as an actor at the age of nineteen. A few years later he entered the employ of Henry Irving and soon tried his hand at playwriting. So successful was he in his first attempts that the great English actor engaged the young writer to compose his curtain raisers."

Following a brief survey of the dramatist's life, Mr. Ford gave a criticism of his three best plays: "The Magistrate", "Sweet Lavander," and "The Second Mrs. Tanquary," all of which are masterpieces of their type.

The address was by far the most interesting of the series and was well attended.

Eastern Trip.

The 'varsity opened up the Eastern schedule last Saturday, April 28, with a victory. It won the first of the two games to be played with the Iowa State Agricultural College by a score of 4 to 1. The muddy condition of the field made fast playing impossible, but two of the Cornhuskers made the best of their opportunities at the stick. These batting stunts by Hyde and Gaddis were the features of the game, each making three hits.

Nebraska landed on Rile for six more, however, and Dort only gave the agriculturists five.

The first two innings caused no commotion on either side, but in the third the 'varsity brought two men in. In the fifth another run was made and this was followed by a fourth one in the seventh. In this, the seventh, Ames also got one, the only one they were able to bring in. Score by innings:

	1	2	3	4	5	6	7	8	9
Nebraska	0	0	2	0	1	0	1	0	0-4
Ames	0	0	0	0	0	0	1	0	0-1

Hits—Nebraska 12, Ames 5. Errors—Nebraska 3, Ames 3. Batteries—Dort and Hyde, Rile and Gotton.

The second game with the Ames team was played yesterday, Monday, April 30, and today the team plays at Grinnell, Ia.

LIBRARIAN HERE

DR. WALTER K. JEWETT ASSUMES CHARGE TODAY.

Successor of Professor Wier One of the Leading Librarians of the Country.

Dr. Walter K. Jewett, recently appointed by the Board of Regents to succeed Professor Wier as librarian of this institution, arrived in the city yesterday and will assume the duties of his office today.

Dr. Jewett comes to this University with credentials which bespeak him a worthy successor of Professor Wier. He is a graduate of Brown, class of 1891, took his M. D. at Harvard in 1896, after which he studied abroad. He received his training as librarian at the New York State Library School, the best school of its kind in America, and in various libraries throughout the country. Up to the time of his election as librarian at Nebraska, Dr. Jewett had charge of the John Crerar Scientific Library in Chicago.

The position of librarian is at present of full professorship rank both in title and in salary. At the time of Professor Wier's election, in 1899, it was a professorship in name only. Two years ago, however, the Board of Regents raised its salary to that of a full professorship.

Upon his arrival at this institution Dr. Jewett assumes charge of one of the best equipped and most conservatively managed libraries in the West. Since its reorganization by Miss Mary L. Jones, in 1892, when its volumes numbered but 15,000, the library has been steadily growing until, with its present collection of 70,000 volumes, it ranks high among the university libraries of the country. In the number of its volumes, Nebraska ranks above both Kansas and Iowa, the latter having 45,000 and the former 50,000; while in the quality of its collections it compares favorably with Michigan and Wisconsin.

The management of our library, with one exception, has been of the highest order ever since the year of its reorganization. With Miss Mary Jones at its head from 1892 until 1896 it experienced a rapid growth both in number of volumes and in improved library methods. Following the rather eventful administration of J. W. Epps, in 1897-98, came Professor Wier, under whom the library has reached its present high efficiency.

The Pi Beta Phi have been the hostesses of many visitors for the past few days. Many of their former number have been in town for the purpose of attending the banquet on Friday night and dancing party at Walsh Hall on Saturday night. Besides the alumnae, several of the active members of the chapter are being visited by out-of-town girls. Those from out of town, both alumnae and others, are: Misses Elizabeth Heacock, Slocum, Jessie Young, Gertrude Reed, Yager, Pile, Moore, Martin, Butts, Benedict, and Lindell.
