TEAM BREAKS EVEN

Varsity Baseball Team Has Won Two and Lost Two.

Dort Has Pitched Two Games, Morse One, Nillson One—Play Purdue at Lafayette, Ind., Today.

The first third of the varsity's Eastern schedule has been covered, but the second game, which should have been played with Iowa State Agricultural College at Ames, Iowa, was called off on account of rain.

Of the four games played Nebraska won two and lost two. The first game, with the Agricultural School at Ames, was a victory for the Cornhuskers by a score of 4 to 1. Each team made three errors, but the Lincolnites made twelve hits to the Agriculturalists' five. Dort pitched this game and the one following it on April 1st, which also proved to be a victory for the visiting team by a score of 5 to 2. In this game the varsity only made three errors and Grinnell made four. In batting Grinnell found Dort only four times, while Eager's bunch put nine of them to the good.

The Iowa State University game bears a different story, and judging from the score was a closely contested game. The Iowa City team took the game 2 to 3, only made one error and touched Morse for eight "bluffs" that somehow found their way through the seven men behind him. The varsity only erred four times, however, and put three balls into the lot, so taking it all in all the pitcher did well and his support not badly to hold them to a 3 to 2 score.

Last Thursday, May 3, Knox got frisky too and crowded in eight scores to Nebraska's six, and it is an interesting coincidence that each team made five errors and still more strange that each pitcher allowed himself to be hit eight times. Nillson pitched for Nebraska.

Of the fifteen games on the schedule four have been played; one was called off on account of rain and nothing has been heard of the open date, Friday, May 4.

In the four games played Nebraska scored 17 runs and opponents 14. Nebraska made 15 errors, opponents 13. Nebraska made 32 hits, opponents 25. Dort pitched two of the games, Morse one and Nillson one.

According to schedule the game today is to be played at Lafayette, Ind., with Purdue.

DeYoung Leaves for Europe.

D. P. DeYoung, president of the Junior class last semester, left for New York late this week, from whence he will sail in a few days for Russia. Mr. DeYoung has been appointed foreign collector for the International Harvester company, with headquarters for the time being in Hamburg, Germany. It is his intention to return to America in time to enter the University next fall.

The Senior Book will be out next Tuesday at chapel time. Price, 75 cents.

CORNHUSKER STAFF.

Full Board of Editors to Be Announced Soon.

The presidents of the Junior and Sophomore class have been working with the editor of the Cornhusker for some on the selection of the remainder of the staff. An attempt is being made by them to canvass the entire roll of the two classes and if possible secure the most desirable material they afford. They desire to place the election on a merit basis and are putting forth every effort to find those deserving of recognition.

The question of representation must of necessity play a large part. The staff must be representative as well as strong in point of literary ability. An attempt is being made to have every organization in the University represented and at the same time not have the staff larger than it should be. To thus secure a combination of representation and merit is a difficult proposition and they express the fear that they must, to a certain extent, sacrifice merit for representation. They hope to announce the staff the last of next week. Anyone who desires a place or has a friend that they can strongly recommend should see either their presidents or the editor within the next few days.

The Junior and Freshman classes of the College of Law will hold meetings next week to take some action relative to joining in the publication of the book.

Thursday afternoon a reception for sorority girls was held at the chapter house by the Thetas in honor of Mrs. Laura H. Norton, of Chicago, the district president of the Kappa Alpha Theta.

Frat Games.

That May Morning Breakfast.

As was predicted, the May morning breakfast held at St. Paul's church this morning was a success in every way. The attendance was large, the food well done and the service splendid. It is a shame the Y. W. C. A. girls cannot see fit to establish a boarding club near the University. It would be a paying undertaking, to say nothing of the hygienic benefits that would be derived by the boarders.

TRACK MEET TODAY

TRACK MEN ARE GIVEN A TEST TODAY IN EVENTS.

Home Athletic Meet Held on Field This Afternoon at 2:15 p. m.—Large Number of Entries.

This afternoon the track men will be put on their metal for the first time this season. The beautiful spring weather has been so favorable to track work this week that today's meet is expected to be a very befitting climax and finish of the preliminary work. The local try-outs are usually looked upon as the contest to determine the members of the track team. But such is not the case, for the men who work consistently throughout the season are very likely to be first team men at the end.

Circumstances were never more favorable for a record breaking exhibition. The weather conditions and the fine condition of each man is bound to give the spectators their money's worth. All the men have had more indoor track work this year than usual. The Charter Day program as well as the Western Amateur Athletic Union meet at Kansas City has been the means of giving much inside work to the men. Dr. Clapp has watched the men in their every move, and every man has had more individual attention this year than ever. The sprinters have been given a half hour work out at starting every day and the distance men timed in their different events.

The closest event of the day will in all probability be the hundred-yard dash. Winters, Coe, Wallace and Craig are the men struggling for first place, and since all have a record better than 10% seconds, there should be something doing. Coe is a freshman, and a rather indefinite quantity, but if reports from out over the state are true, he has run the dash in ten flat. The 220 and 440 will be races between Winters and Smith, and the chances for either one winning are about even. In the hurdles, Hauser and Peck should prove the speedy ones, although if Hagensick goes in there is likely to be a change. The distance event will also be very hotly contested and some good time should be made in the 880, mile and two miles.

The officials for the meet were decided upon last night, and are as follows: Starter and referee, Dr. Clapp; judges of track events, Max Westermann, F. D. Cornell and Dr. Dales; judges of field events, Irene Hewitt, Physical Director Plineo of the city Y. M. C. A. and Bowman; timers, Professors Chatburn and Richards; clerk of course, Denslow, manager of track team; scorer, Max Westermann; inspector, Heath; announcer, Van Orsdel. It is the aim of the officials to pull the meet off as promptly as possible in order that interest will be kept up.

The order of events as they will appear in this afternoon's program are as follows: 100-yard dash, pole vault, half mile, shot put, 120-yard hurdles, running high jump, 220-yard dash, hammer throw, mile run, running broad jump, 220-yard hurdles, discus, 440-yard dash, and two mile run. The events will be so called that a field and track event will be pulled off at the same time.
