### Field Trip in Ornithology.

Professor Bruner's Ornithology class will take the Union Pacific train which leaves at 7:25 a. m., Saturday. Persons interested in birds invited.

Mr. Stock, Conductor of the Theodore Thomas Orchestra.

### Baseball.

Baseball received quite an impetus yesterday. The "back lot" was the scene of three games. The first was between the Union and Palladian societies, and resulted in a score of 11 to 9 in favor of the latter. This game was a comedy of errors.

The second game was between Phi Delta Theta and Alpha Tau Omega, and the A. T. O.'s won, 15 to 4.

The varsity scrubs beat the High School, 9 to 4.

At 6 o'clock the Delta Upsilon and Phi Gams buckled up, scoring 6 and 12, respectively.

"Pip" Cook was elected captain of the Sophomore baseball team yesterday.

## SOPHOMORE FOOLISHNESS.

One Week from Tomorrow Night the Date.

A week from tomorrow night the Sophomores will revert for a few hours to the racial characteristics of ante-deluvian days when the greater part of man's energy ran to foolishness. The scene of this presto chango affair will be the State Farm, and the hour the seventh.

Although no definite plans have been decided upon, it is quite probable that every form of amusement from the strenuous games of mumble-te-peg and tiddly-wink to the aesthetics of dancing and eating will be instituted during the evening. That every classman attending will have the time of his life, the committee on arrangements guarantee.

In the meantime, however, the committee—which consists of Messrs. Crites, Hughes, Joslin, Wallace and

Mr. Witherspoon, Basso, Theodore Thomas Orchestra.

Swan and Misses Wood, Tillotson and McIntosh—desires that all those who intend going hand in their names in order that definite arrangements relative to conveyances, etc., can be made.

### Palladian Girls' Program.

Oh, it's a dandy!  
You'll find it is handy  
To drop in-at Pal,  
Friday night, with a "gal."  
Just to hear our maids,  
In their frizzles and braids  
As they give the whole show.  
It will pay you to go—  
So come, every one;  
We'll give you some fun.

## NEW AMENDMENTS

CLASS OF '07 MEETS AND PASSES NEW RULES.

Hop Committees to Be Made Responsible to the Class—Number of Committeemen Limited.

The Juniors met yesterday in Memorial Hall to hear the reports of a number of committees. The baseball manager reported that the attendance at practice was fairly good and that the team was rounding into shape, and that the thing in which they were most in need of was funds. Provision was made for the levying of an assessment to raise the money to pay for the baseball expenses, the small class party deficit, and the cost of the Junior-Senior reception.

The matter of the amendments to the constitution which was referred to a committee about a week ago was then taken up. The number necessary to constitute a quorum for ordinary business was reduced to thirty-five. The following amendments were made to the by-laws in order to secure better regulation of the hops and parties given by the class:

"The chairman of each hop or party shall be responsible to the class for a complete and itemized report of the receipts for all bills paid in connection therewith. Said report shall be given within two weeks after the date of the hop or party.

"The hop or party committee shall not consist of more than ten members and complimentary tickets, when such are given, shall not exceed by five the number on the committee.

"All net proceeds shall be deposited with the class treasurer to be used as the class shall direct. Any actual deficit shall be paid by the class."

These amendments to the class by-laws come as a result of long continued abuse by the party and hop managers of the University of the freedom they have been allowed. One of the main objects of the amendments is to curtail the indiscriminate use of the privilege of complimentary giving. The amendments will probably be taken up by the Sophomore and Freshman classes and similar action is expected from them.

President Myers announced the following finance committee, which will have charge of raising the funds by assessment: W. E. Hannan, chairman, A. E. Wolf, Beth Parkinson, M. E. Cornelius, R. V. Pepperberg, Helen Hendrie, Imogene Brewster, Vinda Hudson, Georgia B. Field, W. E. Shindall.

### Graduate Clubs.

The following music will be given at the Graduate Club Saturday evening: Violin solo, "Ligende," by Wleniaroki, Carol Beach. Soprano solo, "Doris," by Nevin, Florence Wehlin, with obligato: Violin, Mr. Beach; cello, Mr. Geo. Kimball.

The address of the evening will be given by Dr. E. A. Ross on the subject: "The Coming Mandrainato."
