**Junior-Senior Reception.**

The Juniors had decided to sell printed invitations to Juniors only at 35 cents apiece, instead of levying an assessment for the reception. This decision was reached yesterday morning at a meeting of the finance committee of the Junior class.

The girls buy invitations with envelopes ready for mailing, and send them to their choice Senior boys, with their names attached. Such Senior boys as are invited are then to accompany the girls inviting them. The boys buy invitations without envelopes and must ask and bring a Senior girl. Seniors, remember that the Juniors pay the bill, so you must not be backward about accepting invitations. Invitations can be gotten from Mr. Pepperburg or any of the finance committee.

**Thomas' Orchestra.**

Monday night the first of the Thomas' Orchestra concerts will be given at the Auditorium. These concerts will be the greatest musical events in the history of Lincoln and will—in all probability determine whether the capital city is to be included in the Thomas circuit in future years.

Tuesday's matinee musical will be largely a University affair, the graduation committee having arranged for that concert to take the place of the customary commencement recital. The united chorus classes, under the direction of Mrs. Raymond, will represent the University.

**Botany Specimens.**

Yesterday the Department of Botany received five big boxes full of specimens for the University herbarium. They were purchased in France and represent the life work of one of the many French botanists of the past generation. The collection numbers nearly ten thousand specimens and includes species from France, Austria, Hungary, Switzerland, Germany, Algiers, Portugal, Spain, Italy, Denmark, Sweden, Norway, Turkey, Greece, etc., etc. It will add quite materially to the usefulness of the herbarium.

**Notice to Graduate Faculty.**

The thesis for the doctor's degree prepared by Miss Elda R. Walker on "The Structure of the Pistils of Some Grasses" is now in the Chancellor's office for the inspection of members of the graduate faculty. It records the discovery of a third carpel in the pistils of species of grasses belonging to ten (of the thirteen) tribes of the grass family. This thesis will remain in the Chancellor's office until noon of May 31. CHARLES E. BESSEY.

University women desiring positions during the summer for the coming college year should register with Mrs. Barkley, dean of women, or Miss Vibbard, secretary Y. W. C. A. Several good positions for the summer are now available.

**Tom Watson's Magazine.**

"the magazine with a purpose back of it," was established to teach the best way of abolishing these special privileges, and, hence, of rendering the trusts powerless to rob the public. It is a big monthly magazine of 128 pages, with illustrations, cartoons, Mr. Watson's brilliant editorials, special articles, a serial story, novelettes, short stories and poems, by the world's best writers. Regular price, \$1.00 per year; 10 cents the copy, at all newsstands. Everyone is interested in knowing the best way to cure the trust evil and how to bring it about. Now in its second volume, Tom Watson's Magazine is firmly established, and its circulation is growing rapidly; but we want to add a hundred thousand subscribers to our list in the next month or two.
