Varsity Winners

DEFEATS KANSAS IN FIRST GAME OF SERIES, 9-3.

The Second Inning Was Nebraska's for Five Runs—Fenlon Bats Out Home Run—Good Baseball.

For the first time in three years the Kansas athletes were seen on the athletic field yesterday. The crowd that turned out to see the varsity play was small, but enthusiastic. The Nebraska team played gilt-edged ball, only three errors being chalked up against them. But Kansas seemed to go to pieces at critical times. Sprague in right field played a good game for the varsity and was able to put the ball out for nice sacrifice hits at the right time. Fenlon's home run was the feature of the game. The story of the game more in detail is given below.

Kansas had two men on bases in her half of the first, but was unable to score. Rine got to first on the short-stop's error, Barta sacrificed, sending him to second and Fenlon knocked a home run over the right field fence, bringing in two scores. Kansas managed to score on a hit, a passed ball and a single in the second. Morse scored on a hit and a long two-bagger by Rine brought in three tallies. Billie then showed his head by scoring on a sacrifice by Barta. This ended the fun for the second.

Kansas scored two on a three-bagger in the third. Morse drew three bags and scored on an error.

Kansas was retired without reaching first in the fourth. Fenlon drew three bags on a hit and error, but died on third on Carroll's fly out.

The fifth started with a goose-egg for the Jayhawkers, and ended in a like manner for the Cornhuskers.

The rest of the game was fast and snappy, neither side scoring any more runs.

The day was fine and brought out fully one hundred people.

Bobby Hyde was out of the game with a badly injured hand and Carroll caught. Dort pitched good ball and played well in all ways. The whole team should be commended and encouraged to repeat the performance today. Summary:

Nebraska.	AB	R	H	A	PO	E
Carroll, c.	4	0	0	0	7	1
Dort, p.	4	1	2	4	0	0

SATURDAY, MAY NINETEEN

WALSH HALL

...FRESHMAN PARTY...

WALT

TICKETS \$1.25

Earned runs—Nebraska 8, Kansas 2. Two base hits—Rine. Three base hits—Morse, Hoffman. Home run—Fenlon. Sacrifice hits—Barta, Young. Bases stolen—Gaddis 2, Rine, Morse, Sprague, Hoffman, Jones. Bases on balls—Off Jones 2. Struck out—By Dort 7, by Jones 5. Passed balls—Carroll. First on errors—Nebraska 2, Kansas 2. Time of game—1:45. Umpire—Pinneo. Attendance—250.

Elocution Recital.

Miss Howell will give the second recital on next Wednesday evening in Memorial Hall. This time the program will be in the hands of the second year students, assisted by the School of Music, and a very fine evening's entertainment is promised. Those who take part in the recital are: Messrs. Walker, Baldwin, Sawyer, Gibson, Misses Ferris, Fall, Cook, Haynes. The program will begin at 8 o'clock sharp.

Prof. E. M. Pease Visits University.

Prof. E. M. Pease of New York city visited Professor Caldwell on Thursday. Professor Pease was at the head of the Latin department in Stanford University up to 1901, when he left with Professors Ross and Howard. Since that time he has been in business in the metropolis. Professors Howard, Caldwell, Luckey and Fessler took dinner with Mr. Pease yesterday.

Graduate Faculty Notice.

Mrs. Minnie Theop England's thesis as candidate for the degree of doctor of philosophy in Political Economy and Sociology is deposited in the Chancellor's office for inspection and will remain until June 2nd. The title is: "The Influence of Church Government Upon Religious and Social Progress." W. G. L. TAYLOR.

Marc Catlin Re-engaged.

Marc Catlin has been re-engaged for the second year by the Iowa State University. He will coach the football and track teams and act as financial manager for the athletic association.

FRATERNITY COUNCIL MEETS.

Takes Initiatory Steps Toward Reforming Existing "Rushing" Evils.

Whether the Freshman of the future shall be "rushed" the day he arrives upon Nebraska campus, at the close of the first semester, or in his Sophomore year, is the question confronting the Fraternity Council at present. The matter was taken up and discussed by the faculty and student members of the Council at its last meeting early this week, but further than referring it back to the fraternities for their opinion, no definite action was taken relative to its settlement.

That something must be done to eradicate the existing evils of early rushing seems to be the unanimous sentiment of the Council, but exactly what measures will best accomplish that end its members have not as yet been able to decide. The faculty members of the Council seem to favor the Sophomore year, while the student representatives are inclined to prefer the mid-term rushing season. Considerable time was taken up at the last meeting discussing the pros and cons of the two suggested remedies, and although no definite conclusion was arrived at as to which method would be the better, it is quite probable that the matter will be satisfactorily settled at the next session of the Council.

COMPANY B CELEBRATES.

Holds Jollification Meeting Preparatory to Winning the Cup.

Company B held its annual "blow-out" at the Kappa Sigma house last evening. Cigars, ice cream, fruit and sandwiches were the events of the evening, seasoned by occasional speeches from the officers of the company.

The Uni. Book Store has on sale a new line of pennants of all colleges. You ought to have one.

NEW DEPARTMENT

GEOGRAPHY SCHOOL A FEATURE OF SUMMER SESSION.

Especially Planned for Teachers and Principals—Professor Condra to Be Director—Strong Faculty.

This school, the first of its kind in the middle west, aims to meet the demand for better instruction in geography and nature study by giving teachers an opportunity to study these subjects under the most favorable conditions and with little expense. Three professors will devote their entire time to instruction, and they are to have assistants in laboratories and in field excursions.

Professor R. H. Wolcott, who for three summers has taught nature study to large and enthusiastic classes in the University of Missouri, is to be one of the three. His work will be of high grade and precisely adapted to public school teachers.

Professor William G. Bishop, former president of the Lincoln Business College, now of Nebraska Wesleyan University, is to teach general geography for grade teachers. He has had experience in all departments of public school teaching.

The director is to devote his time to courses 1, 2 and 3 as outlined.

Besides the regular class work, lecture course 4 is a strong feature of the school. The lectures are to be given by men especially competent to elucidate phases of the general subject.

Five courses are offered at the University of Nebraska and two at Wesleyan. The location of the two Universities makes it possible for teachers to select courses at both places and thus to devote their entire time to geography and nature study.

The registration fee is \$4.00. A strong lecture course has been arranged as follows:

1. Geography Teaching—Chancellor E. Benjamin Andrews.
 2. The Hawaiian Islands—Superintendent N. C. Abbott (Illustrated).
 3. The Philippines—Superintendent N. C. Abbott (Illustrated).
 4. China and Japan—Superintendent N. C. Abbott (Illustrated).
 5. The Yellowstone Park—Professor E. H. Harbour (Illustrated with colored slides).
 6. The Picturesque Southwest—Superintendent C. M. Barr (Illustrated).
 7. Relations of Geography and Agriculture—Deputy Superintendent E. C. Bishop.
 8. Brazil and Argentina—Professor Lawrence Bruner (Illustrated).
 9. Under the Mexican Flag—Rev. George L. Gates (Illustrated).
 10. Soil and Crop Special—Professor T. L. Lyon (Illustrated).
 11. Our Common Birds—Professor E. H. Wolcott (with specimens).
 12. Panama and the Canal Zone—George L. Campen.
- The lectures are open to all teachers taking geography and nature study. Students may secure copies of the special bulletin by calling at the Registrar's office. There can be no doubt but that this school will be one of the most important of the summer session.
