'06 CLASS PLAY

PREPARATIONS COMPLETE—CAST OF CHARACTERS ANNOUNCED.

Manager Davis Hopes to Elipse All Former Efforts—Many New Features Added.

Preparations have been completed for the production of the "Prisoner of Zenda" by the class of '06 at the Oliver on June 12. The sale of tickets is gratifying and no efforts are being spared to make the play the very best. The managers have gone to no end of expense and trouble to secure all the details for the proper rendition of the play and its success is already assured.

The costumes will be most elaborate, many having come from Chicago and Omaha. The cast has been working hard for some months under the able direction of Miss Howell and shows the effects of her careful training.

Following is the complete cast of characters and synopsis:

Characters in Prologue.

Prince Rudolph.....C. A. Sawyer
Duke Wolfgang.....C. F. Wallace
Gilbert, Earl of Rassendyll.....

Act IV—Castle at Zenda. "If love were all."

The production will be assisted by the University Y. M. C. A. Quartet, as follows: Hugh E. Wallace, Leslie A. Higgins, Thomas A. Hutton, John H. Agee.

The following is the committee having charge of the production: Jane Blanchard, chairman; Claude A. Davis, manager; Leah Meyer, assistant manager; Anna Orlofsky, Grace Roper, C. A. Sawyer, C. F. Wallace.

A number of Seniors have not yet paid up for their tickets and these are urged to see some member of the committee at once in order that they may get good seats. The tickets will be distributed in the order in which dues are paid.

Nebraska Debating Colony at Harvard.

Word reaches Nebraska that its University students at Harvard are more than holding their own. E. J. Buckner, '04, one of the most effective debaters Nebraska ever had, being a member of the teams that defeated Kansas in 1903-1904, is winning high honors at the Law School. He ranked among the four highest in the first year class which numbered 240, and was offered the honor of being elected as one of the editors of the Harvard Law School Review, which he declined on account of other work. The election to that staff goes only to the leaders of the class. Mr. Buckner also won a faculty scholarship for the year, amounting to one hundred and fifty dollars.

Another Nebraskan who is making good is Ira Ryner, also 1904, and a member of the debating team that defeated Missouri on the trust question in 1903. Mr. Ryner was prominent as a scholar in economics while at Nebraska.

Guy M. Peters, 1903, did such good work in his first year at the Law School that the faculty awarded him a hundred and fifty dollar scholarship. Last year he made "A," the highest grade, in all his courses and

won the scholarship again. Mr. Peters was a member of the team that defeated Kansas in debate in 1903.

Edwin F. Meyer, 1904, is another debater who is holding Nebraska's honor in high repute at Harvard, having combined athletics with his law work. He won the coveted Harvard "H" last fall.

A. I. Meyers, 1904, is also studying law at Harvard.

DELTA SIGMA RHO.

Debating Fraternity Was Organized Tuesday.

The members of the debating team met in Trophy Room, University Hall, last Tuesday evening and perfected a temporary organization of the Delta Sigma Rho, honorary debating fraternity. Albert Levy was elected temporary president; C. A. Sunderlin, temporary secretary, and the following committee was appointed to draw up a constitution: Hough, Sunderlin and Levy.

The next meeting of the fraternity will be held Saturday evening when a permanent organization will be perfected and the insignia adopted.

Delta Sigma Rho is a comparatively new fraternity, having been founded at Chicago during the present school year. It is intended to include among its members only those students who shall have represented their university in intercollegiate debate. The eligibility of members to election is, however, retrogressive.

Although less than a year old, the fraternity has installed chapters in nearly all the prominent universities in the west. There are ten chapters at present, among which are included Minnesota, Chicago, Northwestern, Iowa, Illinois, Wisconsin, Michigan and Nebraska.

LOST—1905 class pin on campus. Finder please return to Nebraskan office and receive reward.

INDIVIDUAL DRILL

A AND B HOLD INDIVIDUAL COMPETITIVE FOR MEDALS.

Adjutant General Culver Visits the Cadets—Cadet Hop Held Last Night—Largest in History.

Camp Andrews, May 31.—(Special)—The weather continues to be ideal and everything is in readiness for the hop tonight. If present indications are taken as a criterion the dance will be the largest in the history of cadet hops. The day passed very pleasantly and Company A helped a little in this way. The members became hilarious and tossed all its officers, staff and Captain Workizer. All seemed to take the pranks in good spirit.

Company B instituted a new annual affair. It had two competitive drills; one for best drilled private and one for best drilled squad. For the first prize the non-commissioned officers gave a silver medal and for the second a gold medal is given by the officers of the company. Private Bishop won the individual competitive and the silver medal, and the squad under Corporal Willis won the gold medal. The privates in Willis' squad were ones, Houseworth, Kennedy, Couch and Gilbert. These same medals will be awarded each year to the winners of the two drills.

Company A had its annual spell-down for gold and silver medals for the best drilled men, non-commissioned officers or privates. Sergeant H. S. Stephens won the gold medal and First Sergeant Leslie Higgins the silver. After the spell-down A and B played a ball game, but no one was able to manipulate figures fast enough to get the score.

The entire drill of both these companies was very good and highly commended by the officers. The decisions were unanimous in all cases. Commandant Workizer, Major Crites and Captain Wilson acted as judges.

There were many visitors at the camping grounds today. Probably most prominent among them were Adjutant General J. N. Culver of Lincoln, Major E. H. Phelps, assistant adjutant general; Lieutenant F. A. Maloney, inspector of rifle practice, and Colonel McLaughlin. The regular rifle practice begins tomorrow and will continue until Saturday forenoon. In all probability the sham battle will take place Friday.

Prof. P. Roe Lectures.

Prof. J. P. Roe of the University of Montana lectured before University classes on both the 24th and 23rd of May. Professor Roe is doing graduate work in the University in the department of Geology. His first lecture, on May 24th, was before the class in Mining Geology on "Butte District," and the second, on May 31st, was before Geology II on "Geological Montana." Both lectures were spoken of very highly by those taking the courses.
