

The Daily Nebraskan

Vol. VI. No. 8.

UNIVERSITY OF NEBRASKA, LINCOLN; WEDNESDAY, OCTOBER 3, 1906.

Price 5 Cents.

A ROYAL GIFT

VALUABLE ZOOLOGICAL WORK
ADDED TO LIBRARY.

Prince of Monaco Makes a Splendid
Gift to the University—Results
of His Own Research.

The University Library has received an exceedingly beautiful and valuable gift from the Prince of Monaco. It consists of a number of books embodying the results of scientific trips made by him on his yacht. They are entitled "The Results of the Scientific Campaigns" and treat almost exclusively of marine zoology. The paper used is the very best obtainable, as are the plates, most of which are colored, and the printing is absolutely free from a single typographical error. The books are, at least as far as outward appearance is concerned, the finest in the University Library, and probably the finest in the world. Their value is estimated at about four hundred dollars.

This gift was secured through the efforts of Dr. Ward, who is a friend of the Prince.

The Prince spends a large part of his immense income, which includes several millions annually from the Casino at Monte Carlo, for scientific purposes. His yacht, the "Princess Elise," is the finest and best equipped boat in the world for deep sea zoology. He pays special attention to the elucidation of life at depths of from one to five miles below sea level, demonstrating the existence of organisms at depths at which life was thought impossible. The specimens collected during his trips are kept at the Monaco Museum, the most complete exhibit of oceanography in the world.

Only five schools in the United States were presented with copies of his latest work, the University of Nebraska being one because of its central western position, the facility for communication with scientists of this section it affords, and because of the acquaintance between Dr. Ward and the Prince.

It is interesting in this connection to know that the wife of the Prince is the only American who has gained royal rank. Her father was a San Francisco banker and she was educated in Europe.

Better Equipment.

The College of Law enters upon the academic year with better equipment than ever before. It now occupies the entire third floor of University Hall with the exception of three rooms. Several new lecture rooms, a court room and a clerk's office have been fitted up and facilities for the practice courts are much better than they have ever been before.

A large number of law firms have been organized by the students in compliance with the bulletin published several days ago in The Nebraskan, and these firms are already beginning the preliminary work that the practice courts demand.

W. M. Whelan, '06, is instructing in the Lincoln high school and studying law at the University.

FOOTBALL

SAT., OCT. 6

SOUTH DAKOTA VS. NEBRASKA

ATHLETIC BOARD MEETS.

New Member Elected—Action Taken on Training Table.

The Athletic Board held a meeting Monday evening and Charles Duer, '07, was elected to fill the place of E. E. Sprague, who has not returned to school.

Among other things the Board decided to establish a training table for the football team, if matters can be arranged satisfactorily. Manager Eager is now at work on the matter and doubtless will announce his plans in a few days.

Considerable suppressed excitement is being evinced among the football

REPUBLICAN CLUB.

Enthusiastic Meeting Held Last Evening—Large Attendance.

A well attended meeting of the University Republican Club was held in U. 204 last evening. The meeting was called to order by R. C. Ozman, Chairman of the Executive Committee. A motion prevailed to invite the band to participate with the club in the Beveridge meeting Thursday evening.

The following committee on membership was elected by those present: C. R. Weeks, Byron E. Yoder, Samuel M. Rinaker, R. C. Ozman, George Savin, Spates and Robertson.

A committee was also appointed to

LLOYD DENSLow.

H. W. CRAIG.

rooters, owing to the fact that Coach Foster ordered "secret practice" or the squad. The game with South Dakota is being discussed freely on the campus, the more so since it is rumored that Dakota's coach was present at our game with Hastings and "sized up" our team's new plays. Foster's attitude on the subject indicates that he has some new plays with which to surprise the Dakotans.

The prices for the games to be played in Lincoln have been arranged as follows:

South Dakota, 50 and 75 cents.
Drake, 50 and 75 cents.
Ames, 1.00, \$1.25, and \$1.50.
Cincinnati, \$1.00, \$1.25 and \$1.50.
Doane, 25 and 50 cents.

challenge the Jeffersonian Club to a joint debate.

Action was taken toward getting students as campaign speakers throughout the county.

It was decided to hold the annual election of officers on Saturday, October 13, 1906.

Short addresses were made by County Attorney Tyrell, Senator Joe Burns, and Mr. Elmer Brown.

Sarah T. Muir, '05, who took her A. M. degree last June, has returned to Hastings, where she will instruct in the high school.

Eugene Welatour, '05, is county clerk of Deuel county.

SENIORS ELECT

C. C. McWILLIAMS SELECTED AS
PRESIDENT FOR SEMESTER.

Meeting Free From Difficulties—No
Fight Over Senior Laws—
First Ballot Elects.

In a meeting devoid of any spectacular features the Senior class at Convocation hour yesterday elected C. C. McWilliams as President for the first semester. Mr. McWilliams was elected on the first ballot by a substantial majority of the votes cast, and the fairness of the vote was unchallenged.

The meeting was called to order promptly by President Myers, and after a short speech in which he recalled some of the past history of '07 and thanked the class for their support, the business of the day was begun. The reports of the secretary and treasurer of the class were read and accepted and nominations for president were called for.

Three names were proposed as follows: Denton Slaughter, by "Tow" Cotton; C. C. McWilliams, by Charles Weeks, and Miss Helen Huse, by W. E. Standeven. The last nomination was a complete surprise, even to the nominee. C. A. Sunderlin, who was a candidate at one time during last week, withdrew from the race, as did G. L. Pitchford, who had been expected to put up a strong fight. Nominations were closed with but three names in the list.

Messrs. Jones, Pipal and Dunn were appointed tellers and after a rather heated debate over the method of distributing and collecting the ballots, a vote was taken which resulted as follows: McWilliams, 85; Slaughter, 45; Miss Huse, 28. Since there were 165 persons present, no question as to fraud arose, and the vote of the Senior Laws passed unchallenged.

Lack of time prevented the election of the remaining officers and it is expected that a second meeting will be held in the near future when this may be accomplished. The class football situation will be taken care of at the same time.

The election of Mr. McWilliams met with hearty and apparently very general approval and the members of '07 are enthusiastic over the outlook for a successful Senior year.

A Remarkable Showing.

In the Lead, South Dakota, High School there are eight graduates of the University of Nebraska employed as instructors, as follows:

Miss Mildred Slater—History.
Miss Edith Whyman—English.
Miss Ina Gittings—Gymnastics.
Mr. Fred Kelley—Principal.
Mr. A. H. Bigelow—Superintendent.
Miss Wise—History.
Miss Hensil—Science.
Mr. Lynberg—English.

Gymnasium Classes.

Classes in Physical Education 13 and 15 begin regular floor work on Monday, October 8. As was stated last week in The Nebraskan, an hour each week will be devoted by each class to swimming or boxing. Wednesday will probably be the day selected for course 13, and alternate weeks will be devoted to each specialty.
