GAME TOMORROW

SOUTH DAKOTA REPORTS UNUSUALLY STRONG TEAM.

Good Game Assured—Open Practice Last Night—New Men Out—Plays Work Well.

The Daily Nebraskan is in receipt of a letter from Vermillion which states that the South Dakota team is in excellent condition and will make Nebraska work hard to win on Saturday.

South Dakota loses three of her best men this year because of the firm stand that the faculty has taken against delinquency in studies. A new and rigid scholarship rule has been adopted and strictly enforced. The claim is that could these three men play, South Dakota could come to Lincoln this year with the strongest team that has ever represented their university. Nevertheless, the South Dakotans think their team is a winning team and promise to make us hustle for our laurels.

Practice on the athletic field grows wildly exciting for the rooters. Secret practice has been abandoned and the new plays are critically watched. "Pip" Cook has been shifted from end to quarter, where he bids fair to make good. McDonald is getting his leg into shape and by the looks of things a good many goals from the field will be made.

Several new men have reported to Manager Eager during the week and the line-up for the coming game may be changed from that of last week's game. From forty to fifty men are out every evening now and the field looks quite like old times again.

Bejcher, Harvey and Howard are the most promising of the new men and show an interesting game to the old men against whom they are pitted. Denslow is not up to his best form as his leg is troubling him again, but he will be all in the game when the whistle blows.

Practice last night was fast and snappy, the cool weather seeming to give the real football atmosphere to the work.

After the coaches had given the men work at falling on the ball, on the charging machine, going down under punts and other elementary features of the game, the Varsity and the scrubs went thru a fast signal practice. The work wound up with a sharp scrimmage, the scrubs kicking off to the Varsity. The first team tore the scrubs' line wide open, the Varsity backs going thru for long gains on straight bucks. The forward pass was worked twice for good gains and in a few minutes the Varsity scored. Then the scrubs were given the ball on the Varsity's two-yard line with four downs in which to make the distance. The Varsity line held like a stone wall and the scrubs were carried back on every attempt.

Senior Laws Elect.

The Senior class of the College of Law met on Wednesday and elected the following officers for the first semester: President, Edward Affolter; vice president, J. W. Hoar; secretary, Harry Keyser; treasurer, B. C. Enyart; sergeant-at-arms, A. C. Meier.

has built up a strong department and has made many researches along the lines of organic and agricultural chemistry. The most recent subject of his investigation is the alkali soil of the arid regions. His principal work at the State Farm will be along the line of experiment station research. He will also teach Chemistry in the School of Agriculture and will offer next semester a course for University students in the methods of agricultural chemical analysis.

Basket Ball Practise.

Basket ball practise beginning next Tuesday, October 8th, at 4:00 p. m. will be held twice a week thruout the season. Practise will be held on Tuesdays and Thursdays on the Gymnasium floor and all candidates for the team are requested to come out at once.

Cornhusker Meeting.

The Cornhusker staff will meet this morning at 11 o'clock in U 110.

ATHLETIC BOARD

UNIVERSITY SENATE ADOPTS NEW REGULATIONS.

Work of Board Defined—More Careful Administration Demanded in Control of Athletics.

1. The work of said board is to be administered in a pronouncedly academic spirit, moral, elevating to scholarship and to character, and as free as possible from all semblance of professionalism.

2. In prescribing rules upon eligibility and play said board is given liberty, but is required to make the rules it adopts perfectly unambiguous and to enforce them rigorously, without regard either to laxity at other institutions or to the effect upon our record of victories.

In construing the foregoing provision, the term professionalism shall be understood to refer to the conduct of athletics in the University only, and not to prevent the adoption of any rule which shall be deemed expedient whereby bona fide students who have played summer baseball may take part in athletic sports.

3. Said board's finances are to be administered with the care insisted upon by the best business establishments. It is to contro expenditures beforehand, as well as audit the accounts afterward; hold responsible all coaches, managers, and other agents, scrutinize all alleged debits, and prevent all extravagance, speculation and fraud.

4. The Board, through its finance committee or otherwise, shall each year during the month of December, publish a printed report of the board's financial transactions for the year ending that December, all items to be exhibited in the minute detail, appearing in the Regents' biennial report to the Governor.

5. Any member or members of said board may appeal to the Senate against board acts or policies believed by him or them to traverse the above program or to be objectionable otherwise; provided, however, that notice of intention so to appeal shall in each case be given in a meeting of the Board.

6. Said Board may upon deliberation request the Senate to modify the above ordinances in detail, but should it conclude that any sport now by it directed cannot be carried on in accordance with said ordinances, it is hereby ordered that such sport so reported upon be then forthwith discontinued.

Geology Trip.

The class in field geology under Dr. Condra will make a trip to Roca, Neb., on Saturday, October 6th, leaving via the Union Pacific at 7:25 a. m. and returning via the Burlington at 5 p. m.

Notice to Rooters.

Seats for the rooters in next Saturday's game will be roped off and reserved for men carrying megaphones. The seats will be the best in the bleachers and rooting leaders Slaughter and McWilliams urge an early appearance on the field for preliminary practise.
