practice.

The Lester Piano Co., Philadelphia,
Pa.
Gentlemen—After an experience of
more than a quarter of a century with
various makes of pianos, including
nearly all those made by Philadelphia
firms, I have concluded that the Leg-
ster piano is the most satisfactory in-
strument I have used in my school.
I find, after years of continuous use
that the tone retains its original qual-
ity and sweetness, the action is unim-
paired and the durability, as evidenced
by the capacity of the piano to stay
in tune, is marvelous. I have decided,
therefore, to place with you my order
for twenty uprights and two grands,
for delivery by September 5th.

Can you converse

Intelligently regarding any book you may have
been reading—as if you had really sized it up
completely? Well, a novel, a poem, a history, a
biography, a drama, an or-
ation, a sermon, or any other
literary production, if read
or studied as our new book
tells one how, becomes a
subject which one can dis-
cuss or write about in
a thoroughly intelli-
gent and comprehen-
sive way.
