

The Appearance of Self-Satisfaction is Easily Possessed by Wearing Clothes ^{That} _{Are} Right

While we are particular as regards the styles and modes of fashion, we are careful to fit the body of the man. Short men don't look well in certain styles that are becoming to tall men; certain colors are not becoming to certain men. It is our aim to fit the appearance, the body and the pocket book.

¶ It is only a step from being commonly dressed to being well dressed. It all depends upon what you buy and where you buy it.

¶ If you have \$10.00 to spend for a Suit of Clothes, you may have that suit cut in the latest fashion and made of good material and in a color that is becoming to you if you want it, for we have our suits made that way. You may pay us anywhere from \$10.00 to \$40.00 for a Suit or Overcoat this season and at any particular price mark you will get clothes that possess the limit of style and good looks and they will possess the best wearing qualities obtainable for the money besides.

Suits and Overcoats, \$10 to \$40

The Lester Piano Co., Philadelphia, Pa.

Gentlemen—After an experience of more than a quarter of a century with various makes of pianos, including nearly all those made by Philadelphia firms, I have concluded that the Lester piano is the most satisfactory instrument I have used in my school. I find, after years of continuous use that the tone retains its original quality and sweetness, the action is unimpaired and the durability, as evidenced by the capacity of the piano to stay in tune, is marvelous. I have decided, therefore, to place with you my order for twenty uprights and two grands, for delivery by September 5th.
