The Lester Piano Co., Philadelphia,  
 Pa.:  
 Gentlemen—After an experience of  
 more than a quarter of a century with  
 various makes of pianos, including  
 nearly all those made by Philadelphia  
 firms, I have concluded that the Lester  
 piano is the most satisfactory instru-  
 ment I have used in my school. I find  
 after years of continuous use that the  
 tone retains its original quality and  
 sweetness, the action is unimpaired  
 and the durability, as evidenced by  
 the capacity of the piano to stay in  
 tune, is marvelous. I have decided,  
 therefore, to place with you my order  
 for twenty uprights and two grands,  
 for delivery by September 5th.

**MADAME GADSKI TO SING.**

Great Soprano to Give Concert at the  
 Auditorium.  
 On Saturday, October 20, Madame  
 Johanna Gadski, one of the world's  
 foremost dramatic and concert so-

pranos, will give a concert in the Lin-  
 coln Auditorium. Madame Gadski will  
 be assisted at the piano by Mr. La  
 Forge, a pianist of wide reputation.

**The Forest Club.**

The first meeting of the Forest Club  
 was held on October 6 and develop-  
 ments since that time give promise of  
 a very active and profitable year for  
 those who take interest in the subject  
 of forestry in its broadest sense. At  
 that meeting officers for the semester  
 were elected. They were: President,  
 R. G. Pierce; vice president, C. G.  
 Bates, and secretary-treasurer, R. G.  
 Steele. A number of amendments to  
 the constitution were proposed. These  
 have been posted on the Botany bul-  
 letin board and will be acted upon at  
 the meeting of October 20. It is sug-  
 gested that those who consider them-  
 selves active members of the club  
 take this opportunity for giving evi-  
 dence of their activity. It is the plan  
 for the future to enlist on the rolls of  
 the club only those who take an ener-  
 getic part in the work. An attempt  
 will be made to have each member  
 take part in some program given dur-  
 ing the year. The material for these  
 programs will be found among subjects  
 of general interest to Forestry stu-  
 dents. The first of these subjects to  
 be attacked is that of ecology. At the  
 meeting on Saturday, October 20, Mr.  
 Pool will introduce the subject with  
 a discussion of "Ecology and  
 Forestry." The ecological factor,  
 "light," will then be treated by Mr.  
 Pearson on "Light and the Individual,"  
 and by Mr. Pipal on "Light and the  
 Forest." Both Mr. Pool and Mr. Pear-  
 son are specialists in the subjects as-  
 signed to them, and a very instructive  
 program is assured. Meeting promptly  
 at 8:00. Business session after discus-  
 sion.

"It's all up with me," said the um-  
 brella.  
 "How sew?" asked the needle.  
 "It was this weigh," said the scales.  
 "Shut up!" retorted the umbrella.  
 "Nit," said the yarn.  
 "Oh! come off!" said the button.  
 "Hit him," said the hammer.  
 "I'll stand by you," remarked the  
 easel.  
 "You can count on me," added the  
 slate.  
 "Take that," ordered the pill.  
 "It's all over now," said the ceiling.  
 "I'll keep shut hereafter," concluded  
 the umbrella.—Ex.
