The Lester Piano Co., Philadelphia, Pa.

Gentlemen—After an experience of more than a quarter of a century with various makes of pianos, including nearly all those made by Philadelphia firms, I have concluded that the Lester piano is the most satisfactory instrument I have used in my school. I find after years of continuous use that the tone retains its original quality and sweetness, the action is unimpaired and the durability, as evidenced by the capacity of the piano to stay in tune, is marvelous. I have decided, therefore, to place with you my order for twenty uprights and two grands, for delivery by September 5th.
