DOANE TOMORROW

ASSURANCE OF GOOD GAME WITH MEN FROM CRETE.

Basketball Practice Promising—Many Old Men Out Daily—Good Trips Being Planned.

Tomorrow afternoon at 3:30 o'clock Nebraska meets Doane College on Nebraska Field. Often in the past this game has been rated as simply a practise game with the assurance of a large score in Nebraska's favor, but tomorrow things will be a bit different.

After the decisive defeat at the hands of Ames last Saturday the team appeared to be in a bad way. A large list of cripples threatened to reduce its effectiveness and it was evident that a shift would be necessary if play were to be materially improved. The cripples are rapidly improving but the result of the shift of men to new positions is still a matter of conjecture. Tomorrow's contest will, therefore, be much more than a mere practise game. It will be a test, a gauge, by which we can measure how Nebraska will line up against Minnesota on November 3, just one week from tomorrow.

It may be a difficult proposition for the Varsity to win by a decisive score if the result of the contest last spring is any criterion. When Doane came to Lincoln than her team outweighed Nebraska decidedly and in the use of the new rules proved equally as versatile. The score of 5 to 0 is indicative of the progress of the game.

Doane's team is an unknown quantity. It has played but one game this season, winning from Peru Normal 10 to 5. Few old men are back from the team of last year and but two men who played here last spring will be in the game tomorrow. At Doane, as here, the new rules have been a setback in the whipping a green team into shape.

Basketball is showing promising progress. All of last year's team with the exception of Hagensick, are out every night and two members of the team of the previous year are doing their best to regain their positions. The game played now is the fastest ever exhibited at this time of the year and Captain Mosey is enthusiastic over the prospects. The new material also gives assurance of a strong second team and it is expected to make a number of outside dates for this team alone.

Two trips are in contemplation. The first to the south and early in the season, will probably take in Kansas City, where two games with the Kansas City Athletic Club will be played. Kansas University at Lawrence and other Kansas points will also be on the schedule. The second trip will be to the north, and will take in the Universities of Minnesota and, it is hoped, Wisconsin.

Practise is scheduled for the present for three times a week, on Tuesdays and Thursdays at 4 p.m., and on Fridays at 5 p.m. Arrangements will soon be made for daily goal throwing and all candidates for the team will be excused from drill.

Mrs. Carrie B. Raymond.

Mrs. Raymond needs no introduction in University circles. For thirteen years she has been the instructor in all chorus work conducted within the University, and for three years has had the direction of all Convocation music.

Last year Mrs. Raymond organized and directed the University girls' glee club and will continue the same duties this year. She is well known throughout the musical circles of Lincoln and has had a large influence in securing for the University the best music the city affords.

REGENTS' ACTION.

Does Not Mean Change in University Senate.

Considerable speculation has arisen among both faculty and students as to whether the action of the Regents regarding "head professors" will affect the constitution of the University Senate. A representative of the Nebraskan called on Secretary Dales to secure his view of the matter. Mr. Dales said he did not consider that the action of the Regents affected in any manner the constitution of the Senate. The Senate, as provided by the by-laws of the Board, consists of the heads of the various departments regardless of their official title. Where several men in a department hold the same or equal official rank they do not by virtue of rank become members of the Senate, but the one of their number who is known as head professor represents the department in the sessions of the Senate.

University students will probably be interested in the fact that the new postoffice building will be open to the public Friday evening. As it is one of the finest buildings of its kind in the West, a visit will be amply worth while.

SOPHOMORE MEETING.

Class Completed the List of Officers Yesterday.

The Sophomore class met yesterday at 11:00 in U. 207. The attendance was not large. The list of class officers was completed and is as follows: Vice-president, Marie Talbot. Secretary, Helen Day. Treasurer, W. V. Kenner. Sergeant-at-arms, R. G. Steele. Football Manager Harrison states that all men who are candidates for the Sophomore team should be out for practise every day at chapel time. Most of the men who have announced their intention of trying out are in good training already, so the time will be devoted mainly to signal practise. The outlook for a strong team is very encouraging and the Sophs feel reasonably confident of winning their big game with the Freshies. This game will probably be held while the Varsity is at Minnesota, if the two class teams can be worked into shape by that time.

Engineering Smoker.

There will be a smoker given by the Engineering Society on Friday evening, November 2, at 1436 S street. A full attendance is desired.

NEBRASKA vs. DOANE COLLEGE

SATURDAY, OCTOBER 29

3:30 P. M.

UNI CAMPUS.

GEN. ADMISSION 25c

IN MUSICAL VEIN

GIRLS' GLEE CLUB TO BE RE-ORGANIZED SOON.

Chorus the Best in Years— Messiah Under Rehearsal—Vesper Services Planned.

The Girls' Glee Club is to be reorganized soon. This is the edict of Mrs. Raymond who has directed the club through the one year of its existence. The experiment of last year has proved that a girls' club is a decided addition to musical circles within the University, and there is already in view abundant material for a first class club.

A meeting has been announced by Mrs. Raymond for next Tuesday evening in one of the rooms of University Hall, at which plans for the year will be discussed and the time and nature of the tryouts determined. All members of last year's club and all candidates for the club this year are urged to be present.

At present there is no thought of in any way combining the girls' club with that of the men. Concerts and other appearances will be entirely separate and there is no plan for a trip through the state. There will be several appearances at Convocation, however, and there is a decided probability that one full concert will be given for benefit purposes. The greatest incentive for making the club is not the publicity to be gained but rather the careful training in musical interpretation that the club will afford.

Mrs. Raymond announces that one hour credit will be given for work in the club, and that rehearsals will probably be held twice a week, beginning about the middle of the present semester and lasting until the middle of the second.

The University chorus gives promise of becoming the best in the history of the University. There has been a large registration and a complete and enthusiastic organization has been effected by its members. Parts are exceptionally well balanced, the only weakness showing itself in the ranks of the tenors.

There are still left two days in which registration in the chorus may be completed and it is hoped that a number of tenors may avail themselves of the opportunity. Other singers will also be welcomed within the specified time.

Work on the Messiah is well underway. The greatest enthusiasm is showing itself and it is expected that the finest rendition in the history of the chorus may be given at Christmas.

Besides this work, however, the chorus has other plans for the winter. A series of Sunday afternoon vespers services in Memorial hall is being prepared and the first one is to be announced within a few weeks. This idea was talked over last year but no final action was taken. This year the members of the chorus are enthusiastic in their support of the enterprise and success is already assured. The meetings will be primarily song services and will be held at 5 o'clock.
