

# The Daily Nebraskan

Vol. VI. No. 36.

UNIVERSITY OF NEBRASKA, LINCOLN; SATURDAY, NOVEMBER 10, 1906.

Price 5 Cents.

## NEW FRATERNITY

**STRONG ORGANIZATION MAY INSTALL AT NEBRASKA.**

Phi Alpha Tau Offers Charter to Forum Debating Club—Acceptance is Uncertain.

It is rumored that there is a plan on foot to establish a chapter of Phi Alpha Tau fraternity at the University of Nebraska. This fraternity is devoted to the promotion of oratory and debate, as well as distinguished scholarship, and the offer of a charter has come to the Forum Debating Club, which is composed of members of the University debating squad of last year. Phi Alpha Tau has its strongest

## 'VARSITY WINS.

**Basket-ball Team Defeats Humboldt Athletics at Humboldt.**

In the first game of the season the basket-ball 'Varsity defeated the Humboldt "Athletics" on Thursday evening by the decisive score of 37 to 19. The game was played in Humboldt before a crowd of more than two hundred persons and was an exceptionally fast contest.

The Humboldt team has considerable local reputation and plays a consistently clever game. In team work, however, the "Athletics" were outclassed by the 'Varsity and the outcome of the game was evident from the start.

The line-up of the game was as follows:  
Humboldt—Rist and Morris, for-

## DR. HEDLEY TO SPEAK.

**Will Address First Union Meeting at the Oliver Tomorrow.**

Dr. James Hedley will give his lecture on the subject, "A Kingly No," Sunday, November 11, at the Oliver Theater. This will be the first number of the series of men's meetings to be held at the Oliver this year.

These meetings are well known among upperclassmen, but for the purpose of informing the first year men it may be said that these meetings are for men only and are conducted by the City Young Men's Christian Association, assisted by the University Association. The meetings are to be held every Sunday afternoon, and the doors open at 3:30, singing begins at 3:45, the lecture commences at 4:15, meeting closing promptly at 5:00.

## CREIGHTON GAME

**BIG EXCURSION GOES TO THE METROPOLIS THIS MORNING.**

High Enthusiasm—Cornhuskers Will Capture City—Creighton an Unknown Quantity.

At 10 o'clock this morning the Burlington train will leave the depot at Seventh and P streets with as enthusiastic a bunch of "Nebraskans" as has ever left the little college town of Lincoln. Hundreds are going to Omaha to help the team score a decisive victory over the Creighton boys and each one of the hundreds is going for a good time. After much solicitation, the amount necessary to pay the ex-

chapter at the University of Wisconsin. When Nebraska's debating team was in Madison last spring its members were entertained at a banquet given by this fraternity and at that time it was suggested that a chapter should be installed at Nebraska. Following their suggestion, the Wisconsin chapter have further urged the advisability of establishing a chapter in Lincoln and recently the offer of a charter was received by the Forum Debating Club.

Nebraska's prominent position among trans-Mississippi universities is supposed to be a prime factor in the action of Phi Alpha Tau. It is not known what action will be taken by the Forum Debating Club, but it is expected that a meeting will be called for some time next week.

Phi Alpha Tau is a fraternity of the nature of the professional organizations already installed at Nebraska and membership in it will not debar a man from membership in any other Greek letter society.

wards; Petrashek (captain), center; Porr and Boyd, guards.

Nebraska—Burruss and Walsh, forwards; Moser (captain), center; D. Bell and P. Bell, guards.

Referee—P. R. Jones. Umpire—I. M. Smythe. Scorer—R. M. Carroll.

## MORE BONES.

**Two Bushels More of the Gruesome Relics Unearthed.**

Prof. E. H. Barbour spent Thursday ten miles north of Omaha in company with R. F. Gilder, who recently made the important discovery of the remains of what is thought to be the most primitive man found in America. The circular mound, in which these remains were found, was further excavated and many things of value were added to what had been before secured. The work of excavating was particularly difficult owing to the hardness of the foot or more of burnt clay which protects the bones.

The success which attended these efforts may be judged by the fact that Professor Barbour brought back with him a two-bushel sack full of bones.

Good music is one of the special features of all these meetings and the speakers are the best that can be obtained in the country.

## ARTICLE BY DR. MAXEY.

**Appears in October Issue of "The Law Student's Helper."**

"Legal Aspects of Our Intervention in Cuba" is the title of an article of perhaps eight hundred words by Dr. Edwin Maxey of the College of Law, which appears in the October issue of "The Law Student's Helper," a prominent legal magazine published in Detroit, Michigan.

It will be remembered that Dr. Maxey addressed Convocation on this subject not long ago, and his article is similar in its treatment. Separating the legal aspect of the question from the political, Dr. Maxey suggests several phases of the question that are of particular interest to lawyers, without attempting to establish his opinion by any sustained argument.

penses of the band has been raised, and that worthy body will be present with all its members.

If the student body turns out as it is expected to do, with colors flying and with an abundance of megaphones, the plan is to take Omaha by storm and make the peaceful citizens open their eyes in wonder at the "college spirit" that will be unbottled in their town today. A procession will be formed at the depot, and, headed by the band, and including the team in carriages secured for the purpose, a parade will take place down Tenth street and up Farnam to the Paxton Hotel, where the team will make their headquarters for the day.

The game will be called at 3 p. m. at the Vinton Street park, situated at Fifteenth and Vinton streets. A South Omaha car will deposit the spectators at the gates, after a ten minutes' ride from the hotel.

Little has been heard concerning the Creighton team and little can be said of their strength and weight. They promise us a good game, however, and a large crowd of local rooters will
