CHEMISTRY CLUB DINNER.

Elaborate Laboratory Luncheon for
Chem. Wizards.

The University Chemistry Club held
an excellent meeting and informal
lunch last Saturday evening in the
laboratory. F. W. Upson gave an in-
structive talk on "Paris Green" and
Mr. McDowell discussed and demon-
strated Goldsmidt's Reaction.

After the regular part of the even-
ing's work had been disposed of, oys-
ters were stewed in a large evaporat-
ing dish. Porcelain spoons and dishes
and chem beakers adorned the festive
lecture table.

PLANNING REVISION.

Deans Bessey and Davis Working Over
Industrial Courses.

Deans Bessey and Davis are design-
ing a preliminary revision of the
courses of study in the Industrial Col-
lege whereby they hope to render the
general scientific group more flexible
in regard to electives. They also hope
to make it necessary to maintain the
numerous minor special groups of
study which students so frequently
resort to in the hope of escaping one
of the more difficult required branches.

A draft of their plans will be sub-
mitted to the committee on courses of
study, after which it will be taken be-
fore the Board of Regents for con-
sideration.

Photos Sent East.

At the request of the New York
Academy of Science, Dr. Bessey has
sent them twenty-six photographs of
various kinds of Nebraska vegetables
and of the parts of the state in which
they flourish. These will be exhibited
at the New York Exhibition of Scien-
tific appliances to be held there this
winter. The specimens are some that
have been made use of by the Botani-
cal department for a number of years
and are some of the best Dr. Bessey
has.

BASKET-BALL BOOMING.

Large Squad Putting in Good Work—
Prospects Excellent.

Interest in athletics centers in
basket-ball now that the football sea-
son is over. The men are pitching
into practice in a way that promises
great things this winter. Twenty-five
men have been practising regularly
for nearly two months now and among
these are seven or eight veterans, all
of whom are playing faster ball than
they ever did before.

Manager Eager had a trip arranged
for the middle of this month includ-
ing games with Baker, Haskell, St.
Louis University and others, but he
could not arrange a date with Kansas
and on this account it was decided to
wait till next semester when a game
could be scheduled with the latter.
However, there will be some home
games soon and it is up to the students
to get out and support the team, con-
tinuing the same manifestation of
loyalty and college spirit they have
shown during the football season.

Coach Foster, who, now that the
football season is over, will assist in
coaching the team, has been out
watching practise and getting a line
on Nebraska's style of play. He char-
acterizes it as much milder and freer
from roughness than the play preva-
lent in the east.

No better or more serviceable pres-
ent than a good fountain pen. Get it
at the Co-op.

What in the world
to give a friend?

Yale men know and the New Haven Union
says: "The question of what in the world to
give a friend is solved by
SONGS OF ALL THE COLLEGES
which is alike suitable for the collection of
the past, for the student of the present, and
for the boy (or girl) with hopes, also for the
music-loving sister and a fellow best girl."
"All the new songs, all the old songs,
and the songs popular at all the colleges,
a volume full in any home any where."
