STILL A WONDER

JOHNNY BENDER MAKING ENVIABLE RECORD AS A COACH.

Pullman Wins Every Game—Bender the Star in the Seattle-Spokane Game.

Evidently John Bender is just as much in the game of football as he ever was. He has coached a team at Pullman, Washington, that has defeated everything it has gone up against this fall without being scored on. Since the season for his team closed he has been playing with the Spokane Athletic Club and has been putting up the same wonderful game that made him famous from one end of the country to the other when he was at Nebraska. In a game between Spokane and the Seattle Athletic Club, in which Bender and Glenn, the old Notre Dame end, were the bright and particular stars.

Glenn won the game for Spokane, making a touchdown and kicking a field goal from the 35-yard line. Bender is characterized as the fastest backfield man ever turned loose in Seattle.

We print the following clipping from a Spokane paper concerning his work:

Bender is a Wonder.

Spokane sprung the fastest backfield that was ever turned loose in Seattle in the person of Johnnie Bender, the old Nebraska star quarterback, and this year coach at Pullman; Sweeney and Nissen of Pullman and Newmyer, who played for awhile last year with the Seattle Club team.

Bender is nothing short of a marvel in running with the ball. Short and blocky, he is as strong as a moose, and very hard to bring to grass even after he is tackled. He shook off men like Frost, Kern and McDonald yesterday, seeming to shrug his shoulders and wriggle free, but his clothing being so wet made it hard for the big men to get a good grip on him. Bender was as elusive as a bar of soap in a bath tub. Even after he was thrown he was likely to bounce along for a yard or two.

Once Coyle fooled the entire Spokane team by kicking when he was expected to run with the ball. The oval rolled far down the field, almost under Spokane's goal posts, with Bender in hot pursuit. The east end of the field was a lake, and Bender simply took a dive into the water, grabbing the ball like a spaniel takes a stick. Big Sample squashed down upon him, and little Bender slipped from under the giant guard, bounded to his feet and had started up the field with the ball before the Seattle men hardly realized what his intentions were. Even then it took three men to pin him down.

Spokane's Back Field Fast.

That's the way he acted all day. Kern outkicked Newmyer on every exchange of punts, but Bender, Sweeney and Nissen ran back the ball much better than did the Seattle men, so Kern's good kicking was wasted. The interference of the Spokane backs protected the runners nicely and it was hard to break up because it started quickly and hung together well.

WHEN DOMESTIC SCIENCE AND MANUAL TRAINING CO-OPERATE

BURDETTE LEWIS IN LINCOLN.

Nebraska Alumnus of Considerable Prominence Visits University.

Burdette Gibson Lewis, 1904, of Cornell University, visited old friends at the University yesterday afternoon, being called West by the death of his sister at Omaha. Mr. Lewis is holding for the second year the \$600 Andrew D. White fellowship in Political Science at Cornell, working mainly under Prof. J. W. Jenks. Mr. Lewis was offered a fellowship at Harvard this year. The year after he left Nebraska he was scholar in economics at the University of Wisconsin. Last summer he delivered a course of lectures in the Nebraska Summer School. Lewis was one of the ablest debaters Nebraska has ever had. He represented Nebraska on the team appointed to meet Colorado in 1903 and he was on the team that won a unanimous and instant decision over Washington University at St. Louis in 1904.

SENIORS DO LITTLE.

Meeting Yesterday Productive of Few Results.

Very little business was accomplished by the Seniors at their meeting yesterday morning. The proposition of class hats was discussed pro and con and numerous samples were in evidence for inspection. None of them suited the taste of the fourth year class, however, and the hat committee was instructed to try it again.

Chairman Schreiber of the blow-out committee reported that the blow-out would have to hold over until after the holidays because of a lack of an available date. It was decided to hold another meeting of the class on next Tuesday to decide on the hat proposition and also to discuss the matter of caps and gowns, and the meeting adjourned.

Dr. Haggard, 212-213 Richards Blk.

DEBATE PRELIMINARIES.

Keen Interest in Contest—Time of Speakers Changed—Entries.

An unusual amount of interest has been manifested in the preliminaries to be held next Tuesday and Wednesday evenings and the contest promises to be one of the warmest debates ever held at the University.

The Debating Board announces that the time limit will be the same as last year, instead of the limit announced in a recent Nebraskan; that is, the first speaker on the affirmative will have five minutes in which to open the debate and five minutes in which to close it. Each of the other speakers will have one speech of seven minutes.

Those who have registered for either the affirmative or negative are:

Affirmative.

Louis A. Gregory, law 1909, St. Joseph, Mo.
William E. Hill, 1908, Central City.
Arthur Jorgensen, 1908, Omaha.

Several others who have not yet decided which side to take will enter the contest. Their names will be published in tomorrow's Nebraskan.

SOMETHING DOING

FRESHIES CAPTURE SOPHOMORE MASTER OF CEREMONIES.

Other Plans on Foot—Sophomores Prepare for Hop Tonight—Publish Report of Expenses.

Vern W. Gittings, master of ceremonies of the Sophomore Hop, which is to be held in Fraternity Hall this evening, was kidnaped early yesterday morning by a number of Freshmen, aided by a life-sized automobile.

At 7:45 o'clock a large automobile was driven up to the house where Mr. Gittings lives and the driver arose and departed into the shadows. A few moments later the Sophomore master-of-ceremonies appeared at his door prepared to take his usual morning constitutional toward the University, when the heavens suddenly rained Freshmen, who proceeded to put Mr. Gittings in "durance vile."

He was bundled into the waiting automobile, there was a whirl of machinery, and when Mr. Gittings was last seen he was moving rapidly southward. It is not definitely known where his abiding place for the next few days will be, altho the Sophomores claim that they have inside information that their representative put in the day yesterday seeing the sights of Eoca, Nebraska, from a third story hotel window.

There is a rumor going the rounds that Miller Benedict, the Sophomore chairman, is also slated for capture, but at the time of going to press the Nebraskan was informed that Mr. Benedict had been heard to exclaim, "Give me liberty or give me death," so that presumably he is still at large.

In accordance with their plan to spring surprises on an unsuspecting public the Sophomores have once more taken precedent by the tail and turned it completely around. Not content with selling all the tickets to their hop several months in advance, they have prepared a statement of expenses for the event which they have certified and caused to be published before the time of the dance. Not only has every expense of the dance been paid already and the vouchers been approved by Professor Barber, but a substantial balance has been turned over by the chairman to the class treasurer. This is wholly unprecedented in University history.

The report for the dance is as follows:

Number of tickets on sale.....	90
Number of tickets sold.....	90
Expenses—Bills all receipted.	
To rent of Fraternity Hall.....	\$25.00
To Walt's Orchestra.....	23.00
To Tommy Coleman, caterer....	15.50
To New Century Printers for programs.....	10.00
To McVey Printing Co. for tickets.....	.75
To John Uhl, doorkeeper.....	1.50

Total.....\$75.75
Balance turned into class treasury.....\$14.25
Respectfully submitted,
M. S. BENEDICT, Chairman.
