*What in the world to give a friend?*

Yale men know and the New Haven Union says: "The question of what in the world to give a friend is solved by SONGS OF ALL THE COLLEGES which is alike suitable for the collegian of the past, for the student of the present, and for the boy (or girl) with hopes; also for the music-loving sister and a fellow's best girl."

All the new songs, all the old songs, and the songs popular at all the colleges; a welcome gift in any home any where.

**Collecting History Statistics.**

The department of American History has been sending cards to the different high schools of the state inquiring how much history is taught, how it is divided between European and American History, and the methods of teaching American History. The statistics thus secured will be used for the University Journal, for different teachers' classes, and also for the Summer School.
