CLASS POLITICS

RESUME OF THE POLITICAL SITUATION AT PRESENT.

The Candidates—Brown and Ramsey—
Shaw and Miller—Dobbs and
Nelson—Weaver in '10.

Altho it is yet pretty early to tell definitely what developments the class political situation will take, a number of candidates are already in the field, and in some classes the contest is waxing warm.

In the Senior class the candidates are W. C. Ramsey and T. A. Browne and their supporters are waging a vigorous campaign in their behalf. Mr. Ramsey is in his seventh year in the University and will take both his Law and Academic degrees this year. He was captain of Company C two years ago and was Captain of the Pershing Rifles last year. He was rooting leader two years ago and has been identified with many interests of the University. He is a member of Phi Kappa Psi and Phi Delta Phi. Mr. Brown has always been prominently active in class affairs and is very popular with his class mates. He is a member of Alpha Theta Chi fraternity.

In the Junior class several men have been spoken of. Ora J. Shaw seems to be making the strongest campaign thus far and his friends are expressing confidence in the outcome. A. H. Miller is said to be about to enter the field in earnest and as his football record is excellent he will probably prove a strong candidate.

Sophomore politics promise to furnish the warmest fight of any class. The Iron Sphinx was first in the field with its candidate, Roy Nelson, who is probably the strongest man in the faction and will undoubtedly make a hot fight for the place. Stuart P. Dobbs is the only man who has thus far appeared against the Sphinx candidate. Dobbs is a popular member of the class who has been prominent in its affairs. He is a sergeant in D company, a member of the University debating squad, and was vice-president of '09 the first semester of his Freshman year.

In the Freshman class so far there is only one candidate in the field for the presidency, Lawrence Weaver. Weaver is a popular man among his classmates and will undoubtedly make a strong run for the place no matter who his opponent may be. He is the only Freshman who won a place on the Debating Squad. He is a graduate of the Beatrice High School which he represented several times in inter-scholastic debate.

The character of candidates in the field seems to indicate that the members of the various classes will have no difficulty in choosing men who are in every way competent and fitted to give a fair administration.

The Seniors at the Lincoln High School this year will produce for their annual class play George Ade's "Just Out of College," and the Juniors will put on Arthur Wing Pinero's "The Magistrate." Both of the plays are to be coached by members of the University Dramatic Club.

W. G. Hamilton, C. A. Johnson, B. Bay, A. Smith, O. Wellesick, H. Hurlburt, A. L. Harvey, O. R. T. Turner, F. R. Rawson.

NEBRASKA ENGINEERS.

University Men With the Westinghouse Company.

The accompanying photograph was taken at Pittsburg last fall and represents the Nebraska delegation of electrical engineers who went with the Westinghouse Electrical company after leaving school last spring. Since that time, however, the Nebraska crowd has been considerably scattered and the only ones remaining at Pittsburg at present are Hurlburt and Gibbs. Hartzell and Towne have left the employ of the company and Bay and Hibner and Rawson are under-study salesmen at the Philadelphia office. Hurlburt is doing expert laboratory testing work at the Pittsburg laboratory, and Smith will be back in school to finish his course the next semester.

"MORNING VESPER:"

Choral Society Appears at Convocation With Excellent Program.

The University Choral Society appeared at Convocation yesterday morning in a service which might be designated as "Morning Vespers." All of the exercises were religious in tone and were exceedingly effective.

The Society was assisted in its program by Mrs. Holyoke, soprano, and by Miss Hullhorst, contralto. Professor Grumman read various selections thruout the exercises. The program was as follows:

LargoHandel
Organ.
Call to Worship.
Gloria.
"Heaven and Earth".....Mendelssohn
Chorus.
Reading.
"Consider and Hear Me".....Pfleger
Chorus.
Morning Prayer and Response.
AndantinoLemare
Organ.
Blessing, Amen.

TRIPP PLEASES.

Gives Excellent Recital to a Small Audience.

The Shakespearean monolog rendered in Memorial Hall last Thursday evening by Walter Bradley Tripp of the Emerson School of Oratory, was well received by a rather small but appreciative audience. The monolog consisted of selections from the play "Henry IV" and was a spirited portrayal of all the characters of importance in the drama.

Mr. Tripp has an unusually pleasing stage presence and his work denotes years of experience along lines of dramatic impersonation. Mr. Tripp was prevented from appearing at the special Convocation which had been scheduled for Thursday morning, by the furious snow storms which have been raging thruout Minnesota for the past week. He was prevented from making his Wednesday evening date and it was only by the narrowest of margins that he reached Lincoln in time for his appearance.

REGISTRATION.

Instructions for Second Semester 1906-1907. From Executive Office.

Registration for the second semester will be held according to the following schedule:

Wednesday, January 30—Freshmen.
Thursday, January 31—Sophomores.
Friday, February 1—Juniors.
Saturday, February 2—Seniors.
Monday, February 4—Unclassified students.

Registration for all students except graduates and teachers ends Monday, February 4, at 6:00 p. m.

Sophomores in the College of Literature should decide at this registration the department in which they intend to fulfill the major requirement.

Dr. Haggard, 212-213 Richards Bldg.

BASKET BALL DOPE

PRACTISE IS NOW ON IN DEAD EARNEST.

Northern Trip—Big Games Scheduled for Prospective Trip—Next Contest With Kansas.

Notwithstanding examinations and work for Charter day, basket-ball practise will go on steadily next week. A large bunch of men were out last night working on the different events of the Charter Day program. J. P. Knight, whom many will remember as figuring prominently in indoor athletics two years ago, is back in school and was on the floor last night. He should be a promising candidate for honors in the twenty-five-yard dash. Coe and Burrus are also likely aspirants. Practise next week will be held at the regular time, 4 to 5 p. m. on Mondays, Wednesdays and Fridays, and 2:30 to 3:30 on Saturday. Everybody is urged to get out and work, for it is only about two weeks until the preliminaries, which will be held the Saturday before Charter Day.

The basket-ball team will soon make an extended trip north and east, leaving February 14 and being gone seven days. They will play Minnesota first, possibly having two games with the Gophers. Then they play at Hudson, Wisconsin, Marquette, Wisconsin, and either with Luther College, Deeviah, Iowa, or the University of Chicago. On the way home they meet Iowa on the latter's home grounds and possibly other teams. An attempt was made to schedule a game with Wisconsin, as the team goes thru Madison, but no arrangement could be made with the Badgers.

Basket-ball practise is going on steadily and the team is making excellent progress. Practise next week will be from 4 to 5 p. m., Thursday and Thursday from 3:30 to 4:30 on Saturday and special practise for the team from 5 to 6 Monday, Wednesday and Friday.

The next big game is with Kansas, February 9. The slogan of the team is "Down with the Jayhawkers," and there will undoubtedly be something doing from the time the game starts till the final whistle blows. This game should draw one of the largest crowds of the year, for since our defeat last year by our old rivals everyone feels that they would rather see Kansas defeated than two ordinary victories.

It is probable that Denver University will play here March 1, but this has not yet been definitely arranged.

Double Course in General Zoology.

Zoology A is offered in the second semester for students entering at this time and for those desiring to complete a year's work in General Zoology in one semester. This course covers the same ground as Zoology 1 and 2. Five hours attendance, eight hours laboratory. Daily lectures at 10 a. m. Laboratory periods to be arranged. Five hours credit. For further information regarding this course see Adjunct Professor Barker.

Jesse Owen has recovered from his illness and is back in school.
