### CONCERNING ENGINEERS.

Harvey Corrects Statements Concerning Nebraska Men.

To The Daily Nebraskan:  
Referring to a Nebraskan of recent date, we note someone has taken the trouble to insert a cut and write-up of the Nebraska boys in the employ of the Westinghouse Electric Company. We are indeed grateful to the Nebraskan and to our friend who has given this information, but we believe the little article is somewhat incorrect.

Hartzell has left the company and is at Savannah, Ga. Towne is in the erecting department, located at the Buffalo office. Bay and Hibner are understudy salesmen at the Philadelphia office and Rawson holds a similar position at Chicago. Hurlbut is on dynamo test, and Gibbs, who returned recently from a six months' vacation, is on armature winding in the shops. This is all of the '05 men.

But the '06 bunch is still in existence and able to enjoy three meals a day. Turner and Hamilton are in the transformer division, and Harvey and Welensick in the power division of the engineering department. Johnson is on high tension test and Davis on dynamo test.

Two Nebraska graduates hold important positions in the engineering department, K. C. Randall, '96, is division engineer of the transformer division and C. E. Bedell, '00, is an engineer in the railway office.

We are waiting for the arrival of a large portion of the class of '07 to increase the number and strength of Nebraska at East Pittsburg.

A. L. HARVY.

#### Miss Puffer Ill.

Miss Puffer, of the Mathematical Department, has been very ill for the past ten days, of a series of complications resembling those from which Professor Fossler is suffering. The last report gave her condition as slowly improving. All Miss Puffer's classes are being taken care of.

#### Professor Stout Sick.

Prof. O. V. P. Stout has been sick at his home for two days. Yesterday evening he was reported as being better.

"Count" Creighton, of Omaha, the man who was to Creighton College what John D. Rockefeller is to the University of Chicago, is dead.

#### Postponed.

The gymnastic contest which was to have been held last night has been postponed until February 26.

Robert Thompson, a last year's student, is at Ely, Nevada, in the employ of the Berda Iron Company. He will leave for Portland, Oregon, shortly.

A collection of twenty-five cents per man was taken from the battalion last evening to cover the cost of the insertion in the Cornhusker of the company pictures.

Prof. Allen Carpenter of Hastings College has been secured to give two courses in the summer session. He will offer a teachers' course in algebra and a beginner's course in plain trigonometry.

The Freshman Law Class met at 11 o'clock for the election of officers Tuesday. After a stormy contest, F. G. Reynolds was elected Vice-president and the meeting then adjourned till 11 Wednesday.

## SPALDING ATHLETIC GOODS

ALWAYS PASS BECAUSE THEY ARE KEPT UP TO THE MARK AND NEVER FALL BELOW THE OFFICIAL STANDARD.
